Stay Informed

In Middle School it is more important than ever that parents stay informed. Please make sure to obtain the codes to sign on to Parent Portal. Contact your student's teachers by e-mail when you have a question or concern. Teachers are able to respond to e-mail much more quickly than phone calls. Sign up as an observer on Canvas. This allows you to see all assignments in every class. Canvas is for assignments; Parent Portal is for grades.

Lockers

A fee of \$6.00 will cover the cost of your student's locker rental. Locker assignments will be made toward the end of the first and second week. Payments can be made on Rev Trak or given to the homeroom teacher.

Safety

For the health and safety of staff and students:
NO GLASS BOTTLES are permitted.
NO SPRAYS OF ANY KIND are permitted. This includes scents, fresheners, and body sprays

Personal Hygiene

Maintaining good personal hygiene is more important than ever. Here are some practices to be mindful of:

- Bathe daily and wear clean clothes.
- Wash hands frequently and effectively – 20 second minimum, covering all areas.
- Keep items such as pens and pencils out of your mouth.
- Refrain from touching your face.
- Do not share items.
- Cough and/or sneeze into your elbow or upper arm.
- Use hand sanitizer correctly – a little goes a long way.
- Use deodorant.
- Practice good oral hygiene.
- Use a water bottle.
- Respect the personal space of others.

WATER BOTTLES NEEDED!

We recommend that all students bring a water bottle that can be refilled throughout the school day. No food or other beverages should be consumed in the classrooms.
