This evening combines a screening of Together: Family Recovery with a practical, hope-filled conversation designed to help parents better understand the challenges teens face and how to respond in ways that maintain connection and strengthen the family. What's behind the “why” of substance use. What are the early signs of substance misuse? What substances are teens using today? How can parents respond in ways that strengthen—not damage—the relationship. Where can families turn for help when they're concerned?

Sibling Care/Sibcare Policy

Sibling care gives parents the opportunity to spend individualized time with their child in an age specific class and to fully engage during parent discussion time. If a family is taking an age specific class (examples-infants, toddlers, 2s and 3s, etc) children who are not in the age group should register for sibling care. Our sibcare room is staffed by a qualified teacher who leads age appropriate exploration, activities and play. This service is available for siblings 4 months through age 5 as part of our ECFE program. Babies under 4 months may attend any class with their family. Classes that include sibcare, are designated in the description. Register at the same time you register for your ECFE class.

All Caregivers Welcome

While we use the word "parent", we recognize that not all family structures look the same. Any and all adults parenting and/or caregiving are welcome in our classes.

Fostering a whole-child perspective honors individual strengths and interests. Guided by district-approved curriculum and Minnesota standards, our programs utilize E-STEM philosophy to inspire curiosity and creative problem-solving through active participation. MEET THE NEW SUPERINTENDENT OF PRIOR LAKE-SAVAGE AREA SCHOOLS

Jim Wagner

Prior Lake-Savage Area Schools is proud to welcome Dr. Jim Wagner as our new superintendent. Dr. Wagner joins PLSAS after serving as superintendent of Le Sueur-Henderson Public Schools for the past five years. With more than three decades in public education, he brings a wealth of experience and a passion for helping students, staff, and school communities thrive.

A graduate of St. John's University, Dr. Wagner earned his bachelor's degree before completing a master's degree from The College of St. Scholastica and both his Educational Specialist and Doctoral degrees from St. Mary's University. His career includes 11 years as a high school science teacher, seven years as a high school principal, and he is now beginning his 13th year as a superintendent.

When asked what drew him to Prior Lake-Savage Area Schools, Dr. Wagner points to the district's strong reputation and unwavering commitment to excellence.

"I've always known Prior Lake-Savage Area Schools as a district with exceptional staff and a community that values education," he said. "The expectations here are high, and people are committed to continuing that excellence. I wanted the opportunity to be part of that journey and help take the district to the next level."

As he begins his first year leading PLSAS, Dr. Wagner is excited to build relationships with students, staff, families, and the community while continuing the district's tradition of excellence.
