

LEWISTON-PORTER CENTRAL SCHOOL DISTRICT

DISTRICT-WIDE SCHOOL SAFETY PLAN

2026-2027 PUBLIC
HEARING

JULY 27, 2026

PURPOSE OF TONIGHT'S HEARING

- Annual review of the District-Wide School Safety Plan required by New York State Education Law.
- Presentation of the substantive revisions proposed for the 2026-2027 School Safety Plan.
- Opportunity for public comment before Board adoption.
- Following tonight's hearing, the draft plan will remain available for public review throughout August.

TIMELINE

- Public Hearing: July 27, 2026
- 30-Day Public Review: Through August 2026
- Board Adoption: August 31, 2026

NEW TO THE PLAN

School Security

- Added the Volt AI Weapons Detection System as an additional layer of school security.
- Integrated with existing security cameras.
- AI-generated alerts reviewed by trained personnel before response actions.
- Supports—not replaces—existing emergency procedures and law enforcement response. Pages 9-10

Emergency Response

- Added procedures for responding to verified security alerts generated by the Volt AI Weapons Detection System.
- Clarified communication and notification procedures following verified threats. Page 13

Cardiac Emergency Response Plan (Desha's Law)

- Added District-wide Cardiac Emergency Response Plan (CERP)
- Cardiac Emergency Response Teams (CERT)
- CPR/AED training requirements
- AED placement and maintenance
- Annual cardiac emergency drills
- EMS coordination and continuous improvement pages 20-21

NEXT STEPS

- **Public Comment**
 - Draft Safety Plan remains available for public review throughout August.
 - Community members may submit comments during the public review period.
- **Board Action**
 - The Board of Education will consider adoption of the final District-Wide School Safety Plan at its August 31, 2026 meeting.
- **Annual Commitment**

Lewiston-Porter Central School District remains committed to continuously improving school safety through:

 - Compliance with New York State requirements
 - Collaboration with local emergency responders
 - Investment in modern safety technologies
 - Ongoing review and improvement of emergency procedures
- **Additional Sections added:**
 - Chief Emergency Officer and annual review dates Pages 1-4
 - Annual revisions log Page 31
