NOTES: Rates shown are the per diem amounts for full-time employment used for calculating total salary. Annual salary is calculated by the number of contract days to be completed multiplied by the daily rate. In addition, an individual holding a valid Georgia level 7 certificate will receive a \$5,000 annual supplement. State-allotted supplements are included in total salary. Compensation schedule official after adoption by the Forsyth County Board of Education. Creditable experience is determined through the application of explicit and comprehensive criteria set by the State of Georgia. Experience must be clearly documented as part of the credit-evaluation process. An FCS "EXPERIENCE VERIFICATION FORM" must be completed by the superintendent or designated official of each former employer and submitted to FCS Human Resources before credit may be awarded. Each employee is responsible for sending verification forms to previous employers and for ensuring completed forms are forwarded to FCS Human Resources.
