

September 2026

Dear Parent(s)/Guardian(s):

We are very excited about the start of Middle School Scholars' Program (MSSP) classes! Attached with this letter is a copy of your child's schedule. On the schedule at the top is the name of the MSSP teacher to which your child is assigned. They will have that teacher for all MSSP classes except where indicated in parentheses on their schedule (unless there is a last name initial in parentheses after the class name). MSSP Classes will start on **Monday September__ , 2026**. Students have received two hard copies of their schedule and will be receiving it digitally as well. We encourage them to check it daily early on to learn their schedules and to keep one in their binder or chromebook case if needed.

In accordance with Ohio Administrative Code 3301-51-15, gifted service is a supplemental educational program for its participants, not an additional workload. Therefore, students are not responsible for making up classwork, but they are responsible for understanding concepts missed in the regular classroom. They should also keep up with any ongoing class projects. We encourage students to remain in class for all tests and quizzes, but if a student chooses to miss a test or quiz while receiving gifted services, it will be made up at the teacher's and student's earliest conveniences. We want all students to be successful in their academic endeavors. If your child needs extra assistance with his/her work, he/ she should make sure to speak to their teacher.

If your child is participating in Global Issues, please ask them to periodically show you the Google Classroom pages for those classes. We will post announcements and dates for the Model UN simulations along with helpful information .

Please be supportive of your student's new schedule. It was our goal to accommodate your students' requests when developing their individualized schedule. We try to do our best when hand creating these schedules, but sometimes errors are made. If so, we apologize in advance and will make the necessary corrections.

We look forward to working with your child this year. If you have any questions or concerns please contact us at our email addresses below.

Sincerely,

Britny Snodgrass
b_snodgrass@chuh.org

6th Grade School Supply List

General Supplies for core classes:

- **1 3-hole punched pencil pouch to stay in universal binder**
- **5 3-hole punched folders (to be used in universal binder)**
- **4 packages of 24 #2 pencils**

- **2 packs of loose-leaf paper**
- **4 spiral single subject notebooks**
- **1 pair of wired earbuds that fit in pencil pouch**
- **3 boxes of tissues**
- **1 container of Clorox Wipes**
- **1 calculator (Texas Instrument TI30XS Multiview)**

Mrs. Sarah Cusick and Ms. Lee Anne Chambers
Monticello Middle School
7th Grade Science
2026- 2027

Dear Scholars and Families,

Welcome to our classrooms! We are so excited to embark on this journey of scientific discovery with you during this new school year. 7th grade Science offers many opportunities to learn about the natural world around you. We ask for you to have an open mind and a positive attitude about learning new things. We will have opportunities for outdoor learning and the first field trip of the school year is in September. With this field trip you will be learning about local watersheds and how they link to Lake Erie. We need all parents and guardians to complete Parental Annual Update (PAU) in Infinite Campus so you can attend this trip and all field trips this year. It is district policy that the PAU must be done at the start of every school year.

This letter and syllabus is meant to provide you with information you need to be successful this school year. Please review this information so that you know what is expected of you before we begin. We look forward to working with you this year!

Sincerely,

Ms. Chambers

Monticello Middle School
7th Grade Science
2026- 2027

Classroom Policies and Expectations

- **Attendance**

- Students must be in their seats when the bell rings.
- It is important to be on time and ready to learn.
- Students should check Google Classroom and reach out through email when absent to ensure they keep up with assignments. Work missed must be made up.

- **Grades**

- We will be following the CHUH Middle School Grading Scale
- There are two categories for grading in this class:
 - Classwork = 40%
 - Assessments = 60%
- The lowest classwork grade will be dropped from the final grade.
- **Late work is not an accepted practice.** Due dates are given prior to an assignment being handed out.

- **Classwork**

- Classwork is to be completed during class. If a student is working during the class period, and is unable to finish, he/she may take an assignment home to finish, and then it is due at the beginning of the next class.
- Refusing to do classwork is considered a missed opportunity for learning. Staying on task is critical to success.
- You will have as many days as you were out to make up the work. It is your responsibility to obtain any notes that were missed, seek help on anything you don't understand, and to complete assignments. Work that was due on the date of your absence must be handed in the day you return.

- **Tests and Quizzes**

- Quizzes will be administered after lessons within a unit and may be unannounced.
- Tests are given at the end of every unit. Students will be given a study guide prior to the test to help prepare.
- Some form of test corrections, as needed, will be provided after tests.

Mrs. Sarah Cusick and Ms. Lee Anne Chambers
Monticello Middle School
7th Grade Science
2026- 2027

- **Materials**

- Students will need the following materials in class daily
 - Charged Chromebook
 - Science Fusion lessons (provided by teacher; will be kept in science folder in binder)
 - Writing utensil (pencil or pen with blue or black ink)
 - Green folder
 - Composition notebooks (These will stay in the classroom.)
 - Colored pencils
 - Earbuds (the kind that plug in to the laptop)

- **Passes**

- Passes are for emergencies only. Students are strongly encouraged to use the restroom before school starts, and during lunch and Tiger Time. Due to our location on the 2.5 floor there is not a restroom close by. Time out of class is a missed opportunity for learning.

- **Miscellaneous**

- Students may bring a water bottle to class. Only water is permitted.
- Students may not eat food or candy in class.
Per school policy, no food is allowed to be eaten outside of the cafeteria.

7th Grade Units

- Earth's Water
- Earth's Atmosphere
- Earth-Moon-Sun System
- Biomes and Ecosystems
- Properties of Matter
- Energy

7th Grade School Supply List

General Supplies

- 3-hole pencil pouch with the following items:
 - Pens (blue/black - minimum of 3)
 - Safety Scissors (1)
 - Pre-sharpened pencils (2 boxes)
 - 12 pack of colored pencils (1)
 - Box of markers (1)
 - Glue sticks (4)
 - Yellow highlighters (2)
- Box of tissues
- Earbud headphones (plug-in; NOT bluetooth)

Math

- TI 30XS MULTI-VIEW calculator
- Dry erase markers
- Loose leaf paper
- 3 subject spiral notebook RED
- RED Folder

ELA

Composition Notebook (Black marbled cover)

Pack of 5x7 Index cards

Two packs of looseleaf notebook paper

Blue Folder

2-3 glue sticks (In addition to the ones in your pouch)

Tissue

Social Studies

- More colored pencil boxes (If you think you will go through yours).
- More marker boxes (If you think you will go through yours).

- Role of tape (1).
- Folder (1).

Science

- Two-pocket hole punched folder - green
- Composition notebook (7 ½ x 9 ¾ inches)

Dear 8th Grade Math Students,

Welcome to the 2026–2027 school year at Baumgardner Middle School! We are excited to welcome you to 8th Grade and cannot wait to begin a new year of learning, growth, and success together.

This year will be filled with opportunities to challenge yourselves, build confidence, and strengthen your math skills in preparation for high school and beyond. In our classroom, we will focus on problem-solving, critical thinking, teamwork, and perseverance. There may be times when math feels difficult, but remember that mistakes are part of learning and growth. With effort, participation, and a positive attitude, every student can be successful.

We encourage each of you to come to class ready to learn, ask questions, and give your best effort every day. We will celebrate accomplishments, support one another, and work together to create a classroom environment where everyone feels respected and encouraged.

We are looking forward to getting to know each of you and helping you achieve your goals this year. Let's make this an amazing and successful school year together!

Enjoy the rest of your summer, and I will see you soon!

Sincerely,

Mr. Hoover, Mr. Diligente, Ms. Pratt, and Mrs. Ribic
8th Grade Math Teachers
Baumgardner Middle School

8th Grade Math Supply List

Pre Algebra (8th Grade Math)

1. TI 30XS Multiview Calculator
2. Pencils
3. Dry Erase Markers (Black)
4. Tissue Boxes
5. Notebook

Algebra I

1. Notebook
2. Graphing Calculator TI84 (not necessary to purchase now, but will be utilized throughout high school)
3. Pencils
4. Dry Erase Markers
5. Tissue Boxes/Hand Sanitizer

Geometry

1. Notebook
2. TI 30XS Multiview Calculator
3. Pencils
4. Dry Erase Markers
5. Tissue Boxes/Hand Sanitizer

Additional materials may be needed for the listed math classes based on what the teacher will implement. Those will be announced on Day 1 of school.
