SLU Cadet Review

Purpose: To provide Crosby Independent School District (CISD) cadets, parents-guardians & school-district-community leaders with an overview / handbook of collages of events that CISD Junior Reserve Officers' Training Corps cadets participated in or supported during school year 2025 – 2026 that began 1 July 2025 and ended 30 June 2026. Collages are sequenced chronologically and monthly.

Bottomline: CISD JROTC supported and / or participated in more than 165 events led and ran by cadets. Never boring and always a blast. We hope you enjoy browsing thru to not only increase your awareness of CISD JROTC but to also get a glimpse of how and where we support our / your community.

Crosby Jrotc added 5 new photos.
July 24, 2025 ·

Crosby's best JROTC cadets from the previous school year are handpicked to be the corporate team (i.e. varsity) in charge of all cadets (200+ in school year 2025-2026) and others (junior varsity) are handpicked to be primary cadets to perform tasks for federal inspectors during inspections.

They are required to participate in training each summer for crawl / walk level training so that they are ready for run level training and performance when school starts.

Congratulations to all of them for ensuring exceptional results during the setup, training, group photos, and practical exercises phases of their mandatory training. Varsity team completed more than 20 tasks during their practical exercise session and junior varsity team completed more than 12 tasks during their practical exercise session.

The training ends tonight at 7pm but posting some of the highlights now.

Absolutely proud of our varsity and junior varsity team for school year 2025 - 2026.

They are second-to-none & ready!!!! **See less**

Proud of our superstar JROTC cadets that earned their letterman jackets during 2nd semester of school year 2024 – 2025. The jackets arrived this month (July 2025).

Congrats to both and thanks to both for posing today (3 July 2025) in front of our JROTC entrance that was closed last year during construction of the addition to our high school. That entrance is now open.

Can't think of a better way to kick off school year 2025 – 2026 by not only highlighting our superstars but also by celebrating the re-opening of our JROTC entrance.

Cadets enjoying the convenience of our JROTC door that was closed last school year and is now opened.

Highlighted are three of our superstars that travelled to Dallas yesterday (8 Jul) to explore options to replace the tunnel portion of the inflatable used at varsity football games and other events. The option shown (bottom middle picture) will be used this school year. More to follow when it will be tested on 5 Aug 2025 at the High School Fish Camp event.

Also highlighted is our superstar alumni with new letterman jacket that arrived this month.

Great week during summer of enjoying cadets entering / exiting our JROTC door again.

A million thanks to Fort Polk Public Affairs Office for hosting our cadets today (31 July 2025) despite bad weather. Cadets spent time in the recreation facility on the installation that is free for single soldiers, enjoyed time with experts that prepare the parachutes and training for soldiers that jump out of airplanes, and learned of the various weapons in a weapons simulation center.

Great experience today for cadets that may spend time in the Army after graduation. They experienced the life of some of the soldiers that are currently in the Army.

A million thanks to all the soldiers and civilians at Fort Polk that influenced our cadets today.

Cadets deployed to Galveston, TX today (21 July 2025) for a guided tour of a navy ship and submarine.

The tour guide served on the ship and submarine and shared his experience with cadets so that they not only toured to see and feel the experience, but they also got actual feedback from a seaman from the ship and submarine.

Glad our cadets got this opportunity during this critical stage in high school of choosing a career before graduation. This and many other tours in other career fields will help motivate their final decision.

Crosby JROTC is proud to celebrate an outstanding year of growth, leadership, and achievement. Cadets from all ten class periods, along with members of multiple competition, drill, emergency response, and spirit teams, are being recognized for excellence in academics, leadership, fitness, and community service.
Enrollment has grown to more than 200 cadets, and the battalion has already completed over 80 events since July. Competition teams have earned numerous trophies in marksmanship and orienteering, while the emergency response, drill, and spirit teams continue to excel and support school and community events.
The program extends heartfelt thanks to all cadets, families, and supporters for making this one of the strongest years in Crosby JROTC history.

So, what happens when you learn mid 1st semester that 70% of your cadets will change to a 7:05am – 2:55pm school day and 30% will change to an 8:30am – 4:20pm school day 2nd semester?

You smile, adjust, and enjoy the transition and with zero impact on the bottom line: seamless support despite any change.

Posted are some of the highlights:

* A video from our cadet public affairs office of our battalion commander and her staff engaging with all cadets to motivate them to recruit others and stay in the program next school year

* Collage of middle school cadets supporting district food bank and participating in early morning rehearsal; and high school cadets supporting district monthly board meeting.

The change in cadet school hours required significant adjustment to their daily rehearsals with some rehearsals now before 7am and other rehearsals after 4:30pm but no change to perfect cadet support, smiles, and enjoyment thru the transition.

Congratulating them for the flawless transition. Second to none!😎😎

Just now ·

Video from our cadet public affairs office superstars to highlight not only JROTC Alpha and Charlie companies but also to highlight the other cadets at our internal mock inspection last month (28 January 2026).

The Army will send federal inspectors in school year 2026 - 2027 to inspect all our cadets. Thus, cadets are preparing themselves now and our internal mock inspections provides a realistic experience for them of the actual inspection.

This mock inspection identified some strengths and weaknesses, and we will now focus our future training to ensure cadets are ready and closer to perfection for our next mock inspection October 2026 and actual inspection January 2027.

Cadets "know the standard" now, will "meet the standard" in October's mock inspection, and "exceed the standard" during actual inspection January 2027.

Beyond proud of A (Alpha) Company, 1st Platoon (JROTC High School 2nd period cadets) and C (Charlie) Company, 3rd Platoon (Middle School 1st period cadets for being the best at the 28 Jan 2026 mock inspection.

A million thanks to Hargrave High School JROTC Army Instructor from Hufffman TX - he accepted our invitation to be the "federal" inspector to inspect our cadets in our internal mock inspection.

Cadets left yesterday (1 Jun 2026) for the 5.5-hour drive to Fort Hood Texas to participate in JROTC Cadet Leadership Challenge (JCLC), an intensive 5 day summer leadership camp designed to build character, discipline, and teamwork through hands-on military training and outdoor adventure.

Highlighted are favorite travel, group, land navigation, applied functional fitness, and leadership pictures.

Another great JROTC summer "break" highlight from JROTC-land. **See less**

We posted highlights of our cadets at JROTC Cadet Leadership Challenge days 1-2 a few days ago and posting days 3-5 (3-5 Jun 2026) now. This 5-day summer leadership camp designed to build character, discipline, and teamwork through hands-on military training and outdoor adventure was a great experience for them. Sending a million thanks to the JROTC team in the Killeen, TX area for hosting this amazing camp. Also sending a million thanks to our bus driver (D. Sifuentes) for getting us there and back safely.

Linked team run, assault pack run, leader reaction course, water safety, birthday celebration, coin of excellence and more highlighted.

All are home now for some well-earned rest and relaxation as we prepare for our next summer break event.... **See less**

After cadets returned from JROTC Cadet Leadership Challenge (JCLC) 2026 on 5 Jun 26 (see our last two posts) we received a phone call that the winner of best squad leader was from Crosby, but he did not receive his trophy before leaving. Our best platoon leader from JCLC 2025 surprised him tonight (15 Jun 2026) as both welcomed participants to our District's last monthly board meeting this school year.

Can't think of a better ending of support and participation than with both JCLC leadership trophy winners supporting our 165th event and last event this school year.

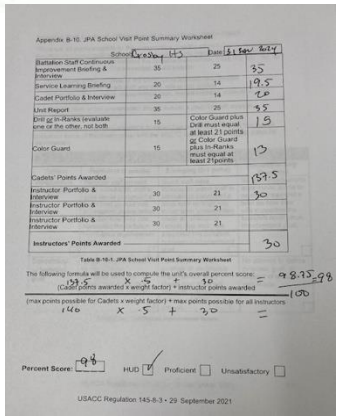

Congratulating Cadet Captain Allysia Smith (JCLC best leader 2025) and Cadet Staff Sergeant Gabriel Hawkins (JCLC best leader 2026) and thanking both and Cadet Sergeant First Class Carmella Breaux for supporting our last event this school year. **See less**

Table B-10-1. JPA School Visit Point Summary Worksheet

The following formula will be used to compute the unit's overall percent score: 157.5 x 5 + 30 = 98.75 = 98 / 100

(Cadet points awarded x weight factor) + instructor points awarded

(max points possible for Cadets x weight factor) + max points possible for all instructors

140 x 5 + 30 = 100

Percent Score: 98 HUD ✓ Proficient ☐ Unsatisfactory ☐
