2026 CAPITAL PROJECTS LEVY RENEWAL

This Election Day, November 3, 2026, voters within the Inver Grove Heights School District (ISD 199) will be asked to vote on whether to **approve the renewal of the district's existing Capital Projects Levy**. Renewing the levy would have no additional tax impact.

OUR GOAL

Without increasing taxes, continue to purchase and maintain essential learning tools, like:

- curriculum and materials,
- classroom technology and equipment,
- career and technical tools,
- large musical instruments, and
- classroom furnishings.

WHY NOW?

The district's Capital Projects Levy is set to expire in 2027. Knowing this, the district surveyed a representative sample of the community. Results showed high support.

80% informed support for renewal

79% support to keep classroom technology up-to-date

76% support to prevent a deficit affecting class sizes

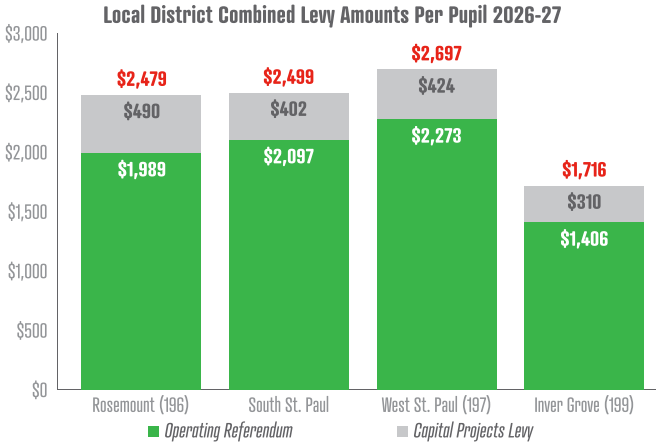

IF RENEWAL FAILS...

- $1.1 million deficit
- Outdated materials
- Learning equipment and furnishings falling into disrepair
- Less funding in the budget to maintain class sizes and student opportunities

THE COST

If approved, this levy would have **no tax increase** for taxpayers. ISD 199 continues to have the **lowest voter-approved levy amount** compared to surrounding school districts. Even if the Capital Projects Levy is renewed, our amount will remain the lowest.

Local District Combined Levy Amounts Per Pupil 2026-27
