HVRSD CHROMEBOOK AGREEMENT

HVRSD is pleased to provide each Hoosac Valley Regional School District student with a Chromebook computer and a charger for use at school and at home. Since Chromebooks play an important role in the daily educational process, it is important to establish procedures and guidelines for appropriate use. Please read the following carefully. The form must be returned, signed by both students and parent/guardians, before students can take the Chromebook home.

THE STUDENT AGREES TO:

- Know where the Chromebook and Charger are at all times.
- Take good care of the Chromebook in all locations. Avoid extreme temperatures, and keep away from food and liquids. Remain free of writing, stickers, and labels.
- Report any damage or loss, whatever the cause, to the school as soon as possible.
- Bring the chromebook to school each day, fully charged.
- Use the Chromebook for education purposes.
- Not to share passwords, or lend the Chromebook to anyone.
- Students are required to bring their district provided devices and chargers to and from school, as loaners will not be available.
- Do not attempt to repair, modify, or remove district management software from the Chromebook
- Do not remove or alter the district asset tag or serial number labels.
- Only use your assigned district Chromebook. Do not swap devices with another student.
- Follow the RESPONSIBLE USE POLICY at home and school.

PARENTS/GUARDIANS AGREE TO:

- Ensure their child understands and practices appropriate care of the chromebook.
- Ensure that any damage or loss is reported to the school immediately.
- Reinforce the basic rules of Internet safety and support the school in monitoring appropriate use of the chromebook.
- Accept financial responsibility for breakage of the chromebook up to the full value of the chromebook (\$393.33)
- Accept financial responsibility for breakage or a lost charger up to the full value of the charger (\$15)
- Ensure the Chromebook is charged before the student leaves for school each day.
- Ensure the Responsible Use Policy is followed.

Parents/Guardians and Students understand that because Chromebooks are the property of HVRSD, appropriate District staff may read or look at any item on District Chromebooks, monitor student profiles, review computer activity logs, and check internet history to ensure compliance with the Responsible Use Policy.
