PRINCIPAL'S MESSAGE

We are Powered by Teamwork, Driven by Growth!

Dear Hallandale High School Chargers,

Welcome to a new school year! I am excited to begin another chapter with our students, families, faculty, staff, alumni, and community partners. This year's theme, "**Chargers Powered by Teamwork, Driven by Growth!**" reflects the heart of who we are and the direction we are headed together.

At Hallandale High School, we believe that our greatest strength is our people. As a smaller school, we have a unique opportunity to build meaningful relationships, support one another, and create a culture where every student is known, valued, and encouraged to reach their full potential. Teamwork means that every member of the Charger family has an important role to play. Students, teachers, support staff, parents, alumni, business partners, and our community each contribute to the success of our school. When we work together with trust, respect, and a shared commitment to excellence, there is no limit to what we can accomplish.

My vision for Hallandale High School is clear: to build a school recognized for academic excellence, student achievement, school pride, and meaningful opportunities that prepare every Charger for success in college, career, military service, and life. We are committed to creating an environment where all students are challenged, supported, and inspired to discover their strengths and pursue their dreams.

This year, I invite every Charger to embrace our theme by collaborating, encouraging one another, and taking pride in our school. Together, we will strengthen our traditions, celebrate our accomplishments, and continue growing Hallandale High School into a destination of excellence where every student has the opportunity to thrive.

Thank you for your continued partnership and dedication to our students. I look forward to all that we will achieve together because **Chargers are Powered by Teamwork and Driven by Growth**

Go Chargers!
Mrs. Paula Peters
Principal

NEW STATE REQUIREMENT EKG SCREENING

NOW REQUIRED FOR STUDENT ATHLETES

Did you know that as of **July 1, 2026**, a new state bill went into effect in the State of Florida that requires first time student athletes to pass an electrocardiogram (**EKG / ECG**) screening prior to participating or seeking to participate in interscholastic high school athletic competition?

A pediatric electrocardiogram (EKG) can detect potential heart problems in active children and young athletes. Screenings are painless and noninvasive, using a series of electrodes on the chest to measure electrical activity of the heart.

PHYSICALS REQUIRED

All student athletes must have a current FHSAA Physical Evaluation Form on file before participating in any tryouts, practices or games.
