

To all Turkey Foot Middle Families,

I wanted to send a separate message to you all regarding Online Registration. There has been some confusion that this new process is only for new students. To be clear, **ALL FAMILIES** must register through online registration and this will be a process that occurs every year. Many of the beginning of the year forms, census updates, and clerical updates like phone numbers, email addresses, etc. will be updated through this system. If you haven't yet done your yearly update please click the link below. If you are having troubles with this process, we will have people available to help at the TFMS campus on August 6th in the school library from 9AM to 2PM. Again, just to reiterate, this process is for new student enrollment AND yearly update for students that have been enrolled in Kenton County Schools.

[Online Registration](#)

Thank you and have a wonderful day!

Mr. Couch
