As a requirement of the Texas Education Agency in accordance with Education Code 48.151(d), the Nederland Independent School District Transportation Department has prepared this document to outline the routes in our school district which we consider to be hazardous. TEA defines hazardous as the following, "an area within two miles of a campus where no walkway is provided and children must walk along or cross a freeway or expressway, an underpass, an overpass or a bridge, an uncontrolled major traffic artery, an industrial or commercial area, or another comparable condition."
