School Health Requirement Notice

Dear 7th Grade Parents and Guardians,

We hope this correspondence finds you and your rising 7th grader healthy and well. We want you to be aware of 2 immunizations that will be required prior to their first day of school. According to **New Jersey state law** and **Roxbury Board Policy 5320**, students entering 7th grade are required to have the following immunizations:

- Diphtheria, Tetanus and Pertussis (N.J.A.C. 8:57-4.10) - One (1) booster dose of the tetanus, diphtheria, and pertussis vaccine (tdap) given no earlier than their 10th birthday
- Meningitis (N.J.A.C. 8:57-4.20) - One (1) dose of the meningococcal vaccine

Note - This requirement recently shifted from 6th to 7th grade, so many 7th grade families already met the documentation requirements heading into last school year. Accordingly, a separate email (subject - "Vaccination Documentation Required") was sent to families who HAD NOT yet met this requirement as of July 21. ***If you received this email, documentation of these two immunizations OR the date/time of a future appointment for your child to receive these immunizations (on doctor's script or letterhead) must be emailed to Eisenhower's school nurse (Ms. Hornung - dhornung@roxbury.org) by August 3.***

If these requirements are not met, students/families may not be given access to their schedules in Genesis when they are released later this summer. Further delays could lead to your child being excluded from school on/after August 26.

Thank you for your cooperation with this school health requirement. Please feel free to reach out to Ms. Hornung if you have any questions regarding vaccine documentation requirements.

Sincerely,

Desiree Hornung
Desiree Hornung, BSN, RN, CSN-NJ
School Nurse
