FREE AND REDUCED MEAL BENEFITS AND REDUCED FEES IN THE DISTRICT OR COMMUNITY

Eligibility

All households who meet federal income eligibility guidelines or other federal/state program qualifications may apply or be directly certified for meal benefits and can access additional district and community reduced fee benefits with this annual eligibility. We accept applications all year long.

- Free/Reduced student eligibility carries over 30 days into the new school year before expiring.
- Parent/Guardian must provide annual consent to release student(s) F/R eligibility status to receive reduced program fees. The district Intouch system will automatically recognize students that have qualified for F/R meals and have checked the box with signature and date to provide consent. Only students with annual consent for the current year will be validated with lower fees. More information is available online.

REQUEST A REFUND, SIBLING TRANSFER, OR DONATE FUNDS

Please use our Google Form to request a refund, sibling transfer

on a student account, or donate funds to students with unpaid meal charges. Refund checks are processed with the business office and mailed to your home in 2-4 weeks.

SPECIAL DIETARY NEEDS

School Nurses develop emergency care plans for students with life threatening health conditions, such as severe allergies to food(s). Food & Nutrition Services will work closely with each building nurse to support your child's dietary needs and provide accommodations as needed.
