

## **Request for Information (RFI) for Colorado School District 11 Portable Building/Modular Sales**

### **1. Purpose**

This announcement constitutes an RFI notice to identify interested parties to acquire from District 11 Colorado Springs seven (7) portable classroom buildings (i.e., modulares). There will be NO formal solicitation for these modulares, and they will be sold **As-Is**. **Only** interested parties will be contacted with further details about this/these transactions. Site visits at each of the locations will be offered/scheduled with interested vendors/persons.

### **2. Background**

Colorado School District 11 was established in 1872 and is the central public school system in Colorado Springs, serving over 20,448 students across 60 schools employing approximately 1861 teachers. D11 conducts various types of events (scheduled and unscheduled) throughout the school year. These portable buildings were utilized as classrooms but are no longer needed.
