Where Community Shines Together

As I write this letter to our community, we are in for a stretch of 90-98 degree weather for the next week in July. Yet, all too soon, the crisp autumn air will arrive, and our Community Education Department will be thrilled to welcome you to a brand-new season of learning, growth, and connection.

Our theme for this season is Where Community Shines Together, anchored by our commitment to providing classes, connections, and experiences that light the way for every age and stage. Whether you are looking to spark a new passion, stay active, or connect with neighbors, this catalog is designed with your journey in mind. Our team has worked hard to build a schedule that balances beloved traditions with fresh opportunities.

For our youngest learners and families, Early Childhood Family Education is introducing early readiness pathways, while our Ready to Grow and Ready to Learn licensed childcare program is adding a partnership with MacPhail Center for Music for all students. Youth programs are expanding into global languages, high-energy sports clinics, and creative art partnerships. Tech-focused students will find incredible new engineering and coding spaces to explore.

For adults, we are pairing our traditional favorite courses with a vibrant lineup of new experiences, including unique culinary partnerships at a local farm, interactive styling workshops, social dance classes, and an exclusive tasting club. We are also proud to offer brand-new conversational language series to expand your horizons.

Beyond the classroom, our Community Engagement Team is hosting impactful cultural celebrations and seasonal outreach events, including Hispanic Heritage month in October, a Thanksgiving turkey event in November, and Tinsel and Treats in partnership with the City of Burnsville in December to keep us connected when it matters most. Seniors will also find a robust calendar of dedicated spaces to foster meaningful social connections all season long.

Not seeing something you would like to learn more about? Let us know! Pondering becoming a community education instructor yourself? We want to hear from YOU! Simply call us at 952.707.4150 or email jsellars@isd191.org and let us know how we may better serve you, our community.

Thank you for making our community such a bright, collaborative place to learn. We cannot wait to see you this fall!

In partnership,

Jason Sellars, Director of Community Education jsellars@isd191.org 952.707.4120

Trailblazers start right here in One91

A lot of people in the District 191 community know about “Pathways” at Burnsville High School. Back in 2016, Pathways were first launched as a series of classes designed to help students understand and gain the skills needed to pursue a particular career like nursing, culinary arts, marketing or engineering.

Since then, we’ve expanded Pathways to include all of Pre-Kindergarten through Grade 12. And in fact, it includes everything we do when it comes to learning experiences. Pathways has become an approach to education, a mindset that says every student will have access to learning opportunities that inspire them to think about and prepare for their future, opportunities developed with community partners that provide real-world skills and tangible benefits.

When we work with the City of Burnsville’s Fire Department to help high school students become certified Emergency Medical Technicians by the time they graduate, that’s Pathways in action. When we develop classes for adults with our transportation provider so those students can become licensed bus drivers, that’s Pathways. And when we partner with local artists to offer art classes that inspire lifelong passion in community members, that’s Pathways, too.

You may see signs around our schools or in our community that read “Trailblazers Start Here.” That means you and that means right here in this catalog. Whatever your path, whatever your stage in life, we’re here to help you blaze your trail. Thank you for being part of the One91 Community.

Sincerely,
Dr. Latanya Daniels
Superintendent

Community Engagement

Hamde Daoud, Community Engagement Coordinator

At ISD 191 Community Education, we believe Burnsville is a shining star because our community grows stronger when every voice, partnership, and contribution is valued. We recognize that meaningful engagement happens when we build a shared vision, identify our collective strengths, understand our roles, coordinate our efforts, and take intentional action toward common goals. Community engagement is at the heart of this work.

By creating authentic opportunities for families, schools, businesses, and community partners to connect, collaborate, and contribute, we build trust and strengthen relationships. When our contributions are aligned, our community becomes more connected, inclusive, and empowered—creating lasting opportunities for every learner and family to thrive. hdaoud@isd191.org 952-707-4153

Adult Improv with Stevie Ray's Improv Company

Keep a youthful mind and creative spirit. Learn to think on your feet, gain self-confidence, and improve skills for work or home (plus, it is a ton of fun). No experience necessary. If you think this is just for young folks, the majority of our adult students are in their 50s and 60s, and our oldest student was 100. You also have the option of performing an exciting recital for family and friends at Stevie Ray's Comedy Cabaret, located at the famous Chanhassen Dinner Theater. But the most important benefit is some positive social interaction with others your own age. Classes are taught by instructors from Stevie Ray's Improv Company, one of the longest running improv theaters in Minnesota.

Your Teen. Today's World.

A practical and hopeful conversation about substance use, family connection, and what parents can do when they're concerned.

Parenting teens in today's world can feel complicated, especially when concerns about substance use arise. This evening combines a screening of "Together: Family Recovery" with a practical, hope-filled conversation designed to help parents better understand the challenges teens face and how to respond in ways that maintain connection and strengthen the family.

Topics will include the "why" of substance use, early signs of misuse, what substances teens are using today, how parents can respond in ways that strengthen the relationship, and where families can turn when they're concerned.

Class is in partnership with Prior Lake and will be held at Twin Oaks Middle School located at 15860 Fish Point Rd, Prior Lake, MN 55372. Doors open at 5:15 pm.

Disputed Elections: Understanding Contested Results in U.S. History

Have Presidential results ever been disputed, debated and decided by the Congress and not by the people? Have the winners ever lost? In this course, we'll discuss six elections where the results were in dispute, how those disputes were eventually settled, and how those settlements impacted the history of our country. We will also examine six elections where either a third party influenced the outcome or the winner of the popular vote won the election but it was not disputed.

The Assassination of President John F. Kennedy An In Depth Analysis

This course is designed to scrutinize the disparities between the findings of the Warren Commission and the United States House of Representatives regarding the assassination of President Kennedy. The Warren Commission, which conducted a ten-month investigation and released its conclusions in September 1964, will be compared with the conclusions reached by the House of Representatives, which conducted a more extensive thirty-one-month investigation and published its report in March 1979.

Throughout the course, participants will have the opportunity to develop a comprehensive understanding of the controversies surrounding President Kennedy's assassination. The 2-hour sessions are structured to provide ample time for participants to share their comments and pose questions, fostering a dynamic and engaging learning environment.

Art History with Adrienne H. Lee, The Wandering Art Historian

Shared course with ISD 196 Community Ed

Held at Falcon Ridge Middle School Media Center located at 12900 Johnny Cake Ridge Road in Apple Valley.

Optional add on to both classes - guided tour of the MIA. For an additional \$20, tour the Minneapolis Institute of Art with Adrienne on Saturday, November 14 from 11 am-12 pm as she highlights work by artists discussed in her fall classes: Art Outside the Box, and A Survey of Women Artists, Part 1. She'll also point out examples of the different art movements, styles, and subjects covered in her classes, like the Baroque period, the tradition of portraiture, and Impressionism. This unique experience encourages participants to apply what they learn in class to a museum setting, enhancing their understanding by seeing the artwork in person. Participants are responsible for their own transportation. Donations to MIA are accepted at the door.

Art Outside the Box

Art Outside the Box is an exciting and unique opportunity to explore the work of artists who don't necessarily "play by the rules". In fact, many of the artworks featured in this class were exhibited outside the traditional gallery space or were constructed with surprising mediums. Discuss how temporary pieces of art can have lasting impacts on the world long after they've been disassembled. Each week will focus on a different creative element and we'll compare and contrast two artists and their interpretations of that element. This interactive class encourages participants to share their perspectives and interpretations of the artwork while discussing some unusual artistic practices.

A Survey of Women Artists, Part 1

This fascinating class honors the profound contributions of women artists throughout art history. Moving chronologically from the Middle Ages to today, discuss the work of artists from the Renaissance to Impressionism to Contemporary Art and everything in between. Learn how women artists are sometimes "lost" and how their unique perspectives move art in new directions. Artists discussed include Sofonisba Anguissola, Judith Leyster, Mary Cassatt, Berthe Morisot, Frida Kahlo, Georgia O'Keeffe, Cindy Sherman, Marina Abramovic, the Guerilla Girls and more!

You Can't Take It with You

Tidy Up Like There's No Tomorrow

Break the cycle of an overstuffed home by decluttering and lightening up for good. Inspired by Messy Condo's 2025 book, this class will take you from overwhelm, dread and nostalgia, to a no-excuses approach for tackling bulging boxes, rooms turned into closets, and the expensive storage of your "precious" belongings and dusty memories no longer used or needed. Receive inspiring tips, plus handouts for donating, recycling and upcycling to local organizations. Enjoy the rest of your life guilt-free, feeling 1,000 pounds lighter!

Six Steps to Legacy Planning for the Generations

Estate planning doesn't have to feel intimidating or impersonal. In this practical class, you'll learn how generational planning helps individuals share more than money - your wishes, stories, and values - so the next generation has clarity and direction. You'll see what happens when a legacy isn't planned, how to plan for sudden incapacity, and how to successfully transfer both tangible and intangible wealth. You'll leave with a simple six-step process, and a clear next step you can take immediately. You don't need to be wealthy to benefit; you need to be clear. Whether you're 45 or 75, this framework helps you align paperwork, people, and purpose.

Piano or Guitar Age 6-adult

With 16+ years of piano experience and 10+ years of guitar experience, coupled with 4 years of music teaching, Jared Nelson is a dedicated and passionate music instructor committed to fostering musical talent and personal growth. Jared offers comprehensive lessons tailored to beginners on the guitar and up to intermediate students on the piano. The lessons are designed not just to teach music but to serve as a springboard for personal development and intergenerational dialogue. Through a patient and encouraging teaching style, Jared creates a supportive learning environment where students can explore their musical potential, build confidence, and create their own music. Material fees are payable to the instructor in class at the first lesson.

Students must have access to a guitar, keyboard or piano for practice at home. Parents can expect to engage in weekly conversation centering on the student's success.

Voice Age 10-adult

Students complete a vocal warm up, breath exercises, and dive into a song of your choosing. Learn to connect with your breath, approach music with curiosity, and build a foundation of vocal technique to prevent injury. Develop skills of expression, reading music, diction (in various languages), resonance, and pitch. You'll receive feedback to support your practice between lessons. Provide songs or music of your choice. All selections should be age-appropriate to preserve vocal health.

Instructor Varinia Nelson believes that singing is a gift of self-expression, self-awareness, exploration, and fun! She's studied music for more than 20 years, with thirteen years of formal classical voice training in opera, lieder, and musical theater. Varinia wants students to walk away with greater grace for themselves, greater joy in challenges, and greater gratitude for our personal instruments.

NEW! Bonjour for Adults!

Join Roxanne May, a French immersion educator at Normandale Elementary with over 13 years of experience, a Master's degree in literacy education, and a deep personal connection to the language as a French speaker, for a unique virtual class taught live from France.

This course is designed to mirror the immersive, communication-based approach used in elementary French immersion programs, helping you experience what it feels like to learn through the language, not just about it. Rather than focusing heavily on grammar, you'll build confidence speaking and understanding French in real-life situations, from ordering at a cafe to navigating everyday interactions.

Classes are conducted primarily in French, with supportive guidance in English when needed, creating an engaging and accessible immersion experience for beginners. Perfect for beginners or those with some prior exposure, this class emphasizes practical conversation, cultural insight, and building confidence in a supportive environment.

Inclusive Programming for Adults with Disabilities

Special Olympics Poly BLAST Hockey

Join our BLAST Special Olympics team as we continue to build on last year's successful debut of Poly Hockey as a competitive sport, participating in SOMN Regional and State competitions. It's Minnesota's favorite sport played indoors in a safe and supportive environment!

Adults and children ages 12 and above who are comfortable participating alongside adults are welcome to join us. Athletes will be placed with those of similar skills at practices and competitions. All athletes need to have all their state Special Olympics forms current to participate.

Required personal equipment, including helmets with full face masks and sticks, will be provided to athletes who need them. Athletes are welcome to bring their own equipment, which may also include gloves, shin guards, elbow pads, knee pads and mouth guards. Bringing a bottle of water to practice is strongly recommended for proper hydration! We also suggest coming to practice dressed for indoor exercise.

If you are not a current Special Olympics athlete, please visit specialolympicsminnesota.org to complete an athletic application. Register for Special Olympics with District 191 Community Education.

Youth Enrichment

Allison Jordan, Supervisor of Community Education

As summer gives way to fall, our community comes together to celebrate all that makes District 191 a special place to live, learn, and grow. Before long, we'll be gathering at Burnsville Fire Muster & Community Festival, celebrating the pride and connections that make our community shine.

This fall, Community Education invites learners of every age and stage to discover new interests, build friendships, and strengthen their skills through a wide variety of classes and experiences. Whether your child wants to join our nationally recognized chess program, try a new sport like volleyball or floor hockey, explore their creativity through cartooning, strengthen STEM and coding skills in a virtual class, or begin learning Spanish, there's something for everyone.

Community Education is more than classes—it's a place where curiosity grows, connections are made, and lifelong learning begins. We hope you'll join us this fall and discover all the ways our community shines together.

If you have questions or class suggestions, please contact me at ajordan@isd191.org or 952-707-4104.

All materials are included. Please send your child in clothes that can get a little messy. Also, make sure your child's teacher knows about enrollment in after school Community Education classes.

Art Explorers

Back-to-school season is bursting with creativity at Young Rembrandts! Artists explore a dynamic mix of characters, patterns, texture, and vibrant color while building essential drawing skills. Appetites don't stand a chance against a realistic pizza drawing as students focus on proportion, detail, and shading. An adorable baby sloth brings expression and character design to life, while an art history portrait of Hiawatha introduces cultural appreciation and portrait composition just in time for fall. Each lesson blends imagination with strong art fundamentals, helping students grow in confidence, creativity, and pride in their work.

Parent & Tot Gymnastics

Age 18 months-3 years

Our Parent & Tot Gymnastics class is designed for young children ages 18 months to 3 years to explore movement, build confidence, and develop early gymnastics skills with the support of a parent or caregiver. This parent-assisted, coach-led class introduces little ones to age-appropriate gymnastics activities including floor, balance beam, bars, trampoline, and obstacle courses. Children will work on balance, coordination, strength, flexibility, body awareness, and basic motor skills in a fun and encouraging environment. Parents will actively participate alongside their child while our coaches guide the class, provide instruction, and help create a positive first gymnastics experience. This is a parent-assisted class. No previous gymnastics experience is required.

Driver Education

For Teens 15 and Up

30 hours of classroom instruction prepares the student to take the Minnesota permit test and begin the responsibility of driving. The 30 hours of classroom is structured into 10 independent lessons. All materials are provided to students in the classroom. After the classroom hours are completed, students who are 15 years old or older are eligible to take their permit test at any Minnesota exam center.

Behind the Wheel Instruction includes 6 hours of driving in three, 2-hour lessons. All driving will be in a real car with a responsible, licensed Safeway instructor. The lessons are given on actual city streets, highways and freeways. Driving lessons may be completed up to one year after obtaining the permit. Scheduling is offered online for 24/7 convenience. Pick up for behind-the-wheel lessons may be from home, work, or school.

At registration, pay for the Classroom & Behind-the-Wheel Package: \$410; or Classroom Only: \$240 (with the Behind-the-Wheel fee of \$170 payable directly to Safeway).

One91 Early Childhood Programs

At the heart of every thriving child is a strong family and a supportive community. We offer a continuum of high-quality early childhood education and family programs designed to nurture your child's growth and development from the very beginning. One91 Early Childhood is rooted in relationships, driven by excellence and focused on your child's future.

Kaitlin Cantolla
Supervisor of Early Learning

Welcome to another exciting season of learning, growth, and connection!

We are honored to partner with you during these important early years and look forward to supporting

your child's development through engaging, play-based experiences that nurture curiosity, confidence, and a love of learning.

Our Early Childhood programs, including ECFE, Preschool, Voluntary Prekindergarten (VPK), and our licensed child care center, are grounded in play-based learning and aligned with Minnesota's Early Childhood Indicators of Progress. Through exploration, creativity, and meaningful relationships, children develop the skills they need for success in school and beyond.

This year, we are excited to expand opportunities that support multilingual learners and strengthen our focus on social and emotional development. These efforts help create welcoming, inclusive environments where every child and family feels valued, connected, and supported.

Thank you for allowing us to be part of your family's early learning journey. We look forward to learning, growing, and celebrating with you this fall.

Danny O'Brien
Early Learning Support Specialist

Hello families!

We are so excited to partner with and support all ISD 191 families through our early learning programs.

As our programs continue to grow and change, we look forward to meeting the needs of your family wherever you're at. Whether this happens through ECFE, Preschool, Voluntary Prekindergarten, child care, or early childhood screening, we look forward to getting to know you, building community, and sharing resources.

Thank you for choosing ISD 191 for your family's educational journey!

ECFE Early Childhood Family Education All classes are held at Diamondhead Education Center unless otherwise stated.

Our ECFE classes offer warm, welcoming environments where the entire family can learn, play, and connect. During activity time, parents and children explore engaging play-and-learn stations designed to spark curiosity, creativity, and discovery. Families enjoy quality time together while building relationships with new friends and reconnecting with familiar faces.

Parent discussion opportunities provide support, encouragement, and practical information relevant to raising children in today's world.

Two-hour classes include parent-child activity time followed by a parent discussion group led by a licensed Family Educator in a separate space.

Ninety-minute classes keep families together for the entire session, with parent discussion woven more informally into the class experience.

Tuition is based on a sliding fee scale which is determined by total family income. See page 66 for details.

EVERY CHILD COUNTS IN 191!

Each year, families enrolled in an early childhood program are asked to complete an Application for Educational Benefits. Submitting this form helps secure essential state and federal funding that directly supports programs and services for students and families in our district.

Applications are available online
isd191.org/enroll/application-for-educational-benefits
or ask your teacher for a paper copy.

Ready to Grow/Ready to Learn

Licensed Childcare for Young Children

Year-round Monday-Friday, 7 am-5:30 pm Flexible care schedules at Diamondhead Education Center. For more information or to schedule a tour for either Ready to Grow or Ready to Learn, contact Lyndsay Griffin, Site Coordinator for Ready to Grow, Ready to Learn. lgriffin@isd191.org 952-707-4146

Ready to Grow 6 weeks-31 months

Ready to Grow embraces the philosophy of primary caregiving that allows for nurturing and attachment to and from your child's primary caregiver.

The role of the primary caregiver is to provide the essential link of communication between you and the program, empower parents as the child's first and most important teacher and caregiver, provide positive learning experiences for the children in their care, nurture each individual child, and observe, monitor and evaluate to ensure each family's experience at Ready to Grow is a positive one.

Ready to Learn 31 months-5 years

Ready to Learn focuses on individualized care and small group activities for preschool-age children. Our comprehensive curriculum is designed to nurture the development of the child.

The curriculum focuses on school readiness in the areas of language and literacy, science and math, creative art and music, dramatic play and movement, and health and nutrition. We believe play is a central component to the curriculum. Early childhood research shows children learn best when engaged in hands-on learning experiences which occur during play. Your child will be valued, encouraged, held and treated with unconditional, positive regard.

We've earned
the highest rating...

4 Stars!

Ready to Grow/Ready to Learn is proud to have earned our Parent Aware Four-Star Rating!

This Parent Aware Rating means we're using school readiness best practices to make sure the children we care for are prepared for kindergarten.

New Natural Playground

Our programs now feature a brand-new natural playground, completed just a year ago!

This fenced-in play area includes multiple surfaces for year-round exploration, with plenty of shade and plowable spaces for winter fun.

Features include dinosaur skeletons for imaginative play, sand and water tables for sensory exploration, a sensory swing, a mini parking lot for interactive learning, and climbing tools with slides to strengthen physical and motor development.

The natural playground is designed to spark curiosity and wonder, allowing children to explore, play, and grow in an environment that fosters creativity and development.

Ready! for Kindergarten

For Parents and Guardians of Children Birth to Pre-Kindergarten

The READY! for Kindergarten® School Readiness program empowers parents and caregivers to succeed in their role as children's first and most influential teachers. READY! provides tools and activities to optimize the natural curiosity of children and to nurture learning and development.

During a child's early years, parents and caregivers play a key role in shaping language, literacy, math, and social-emotional skills. Active engagement of families and caregivers is the most effective way to make those critical developmental years count.

READY! for Kindergarten consists of Age Level Targets®, Training and Tools to Play With a Purpose, making learning at home fun and effective.

Parents attend three 90-minute in-person or online workshops for each of the first five years of their child's life. School districts and organizations offer READY! to help close the achievement gap by partnering with parents so more children succeed in school and in life.

Training

READY! gives parents and caregivers Training, information and activities to help their child develop skills known to be highly predictive of school success. READY! activities fit naturally into everyday settings and routines. READY! is a lifestyle: read with your child for 20 minutes and play with a purpose with a READY! activity for 10 minutes every day.

Targets

The READY! curriculum is based on 26 important child development and learning milestones. Each indicator, called a Target, is explored using playful activities appropriate to the age of the child. The Targets cover three domains: language and literacy, math and reasoning and social and emotional development.

Tools

The Tools include books, toys, games, puzzles, music, and more. The Tools are kept by participants, giving families and caregivers the opportunity to reduce potential barriers for success. READY! also emphasizes how to Play With a Purpose using everyday items and activities for learning.

Classes and materials are split into 3 part classes - Fall, Winter and Spring.

Each session shares with families what you can do with your child to build upon their development in that age group. Age groups are split into 0-1, 1-2, 2-3, 3-4 and 4-5, and offered at each class in both virtual and in person.

At this time, class is designed to be just for parents. Infants are welcome to attend.

ONE91 Preschool Sparking the Love of Learning

In preschool, Pathways learning is designed to spark the love of learning.

Our students widen their worlds and build foundational skills to continue their learning journey.

Children learn and grow best through play experiences. We embed skill-building into play to promote healthy development of the whole child throughout the classroom. For example, math skills show up at the snack table, the block corner and more.

Flexible Programs for Every Family One91 Preschool provides flexible options for families based on schedule, location and cost. No matter which option, One91 Preschool is ready to spark curiosity, creativity, engagement, knowledge, and a love of learning in each child. Fees are based on income unless otherwise listed. Scholarships may be available for qualifying District 191 residents. **For more information contact, preschool@isd191.org, or 952-707-4110.**

NEW KinderSpark Must be 5 years of age by Sep 1, 2026

KinderSpark is a new preschool program designed for young 5-year-olds with targeted instructional support for students who are not yet ready for the demands of kindergarten. KinderSpark is grounded in developmentally appropriate practice and uses both the Early Childhood Indicators of Progress (ECIPs) and Kindergarten grade level guarantees to build a curriculum that will help your child develop the necessary skills for a successful kindergarten experience. KinderSpark is a 10-month, full-day (9 am-3:30 pm), fee-based program. There is a sliding fee scale based on family income and family size. Wraparound care, before and after school, is available for an additional fee.

Voluntary PreKindergarten Must be 4 years of age by Sep 1, 2026 and not yet kindergarten eligible

At District 191, our Voluntary PreKindergarten (VPK) program helps your child build a love for learning in a caring, inclusive environment. Designed for 4-year-olds, our VPK classrooms spark curiosity, promote early literacy, and support social-emotional growth – setting the foundation for a successful kindergarten experience. Morning and afternoon sessions available. Space is limited. Transportation and meal services are available at our neighboring schools. Diamondhead Education Center offers full day VPK from 9 am-3:30 pm with wraparound care options.

5 days per week, M-F. Independent toileting skills required (no pull ups). Fee based on eligibility and sliding fee scale (refer to application).

Preschool Must be 3 years of age by Sep 1, 2026

District 191 offers a nurturing, play-based preschool program designed to spark curiosity and build school readiness for children ages 3 to 5. With caring teachers, hands-on-learning, and a focus on social-emotional development, our preschools help young learners thrive – academically, socially, and emotionally. Whether your child is just beginning their preschool journey or getting ready for kindergarten, District 191 is here to support every step. No transportation or meals provided. Independent toileting skills required (no pull ups). Fee based; scholarships available.

5 days per week, mornings or afternoons at Diamondhead Education Center

Preschool Plus Preschool Plus con un interprete de español

Must be 3 years of age by Dec 1, 2026

Transition into preschool through this part-time option that includes time for parents and children. Fee based. Independent toileting skills are not required. No transportation or meals provided. Sibling Care available.

Immunizations

Minnesota law requires children enrolled in early education programs to be immunized against certain diseases or file a legal medical or conscientious exemption. Immunizations must be on file PRIOR to the start date of class, current as appropriate to the child's age or in progress, in order to attend One91 Early Childhood Programs. District 191 requires immunization records for Early Childhood Family Education (ECFE) classes that run six weeks or more, One91 Preschool, and Kindergarten classes.

What is early childhood screening?

Screening is an early look at a child's development and begins as early as age three. This can give parents peace of mind that their child is developing normally, and if needed, allows health and developmental concerns to be addressed at least one to two years before a child enters kindergarten.

The state of Minnesota requires health and developmental screening for every child before they start kindergarten. Burnsville-Eagan-Savage District 191 offers this service at no cost.

Cancellations If Community Education cancels class due to low enrollment, you will receive a full refund. If you cancel a class more than 5 business days before the class start date, you will receive a refund less a \$10 processing fee. If you cancel less than 5 business days before the start of a class or activity, there will be no refund. There are no refunds for online classes once the meeting information has been sent. If you find that a class is not the right fit for you or your child, contact us after the first week of class for assistance in finding a better fit. If a class is not available, you will receive a credit on your community education account for use on a future class.

Photos in Classes One91 Early Childhood Programs periodically takes pictures of participants in our classes and during other sponsored activities. These photos may be used in community education and district publications or other promotional materials. By registering for a class with us, you are giving permission for use of your photos. If you do not wish to have your picture taken or published, you must provide us written notice in advance.

Thank You for a Fantastic Summer!

From Kindergarten Jumpstart and Rockin' Reader to 3D Camps, Youth Enrichment, Summer School, Project Kids, The EDGE, Blaze Athletic Camps, and Community Theater — and engaging Adult Enrichment and Senior Center activities, it's been a season full of learning, laughter, and connection.

We can't wait to continue the fun this fall with new opportunities for every learner, every age, every step of the way.
