WHY THIS EVENT MATTERS

Race to Space Day creates meaningful access to S.T.E.A.M. learning for students and families across diverse communities.

Through literacy and hands-on exploration, students are encouraged to see themselves as future scientists, engineers, creative thinkers, and innovators.

In partnership with

Stefan Bean, Ed.D.
County Superintendent of Schools

Presented by

Timeless Learning, Inc. Creators of the S.T.E.A.M. Race to Space Reading Challenge (TK-12)
