Plymouth-Canton Community Schools

IPM (Integrated Pest Management) Parent Notification Form

Occasionally, Plymouth-Canton Community Schools may apply pesticides to our schools/school grounds and athletic areas. You, as parents and guardians, have the right to be notified prior to such applications. If you wish to be notified via Email, telephone (indicate home or cell), or first-class mail, please fill out the form below and return it to the Central Maintenance office at 14967 Pilot Dr., Plymouth, Michigan, 48170, in care of Jennie Quinn. The office can be reached by calling 734-455-9379. ***This form must be completed every year to ensure that we have the most current contact information.***

A posting of pesticide(s) use inside or outside of any P-CCS building will be placed, in advance, at the entrance of the building and on the Plymouth-Canton Community Schools website.

In an emergency situation, Plymouth-Canton Community Schools may apply pesticides without prior notification to parents or guardians, but parents and guardians will be notified of the application after it occurs.

For further information pertaining to pesticides, you can contact The National Pesticide Information Center at Oregon University. The toll-free number is 800-858-7378. The website is www.npic.orst.ed. OR The Michigan Dept. of Agriculture and Rural Development (MDARD) at 800-292-3939 or at their website: www.michigan.gov/mdard
