

# MARKET VALUE ASSET PLANNER

A Market Value Asset, or MVA, is a cornerstone real world learning experience that prepares students for future learning and employment.

All Liberty Public Schools students need at least one MVA experience to graduate high school. Students that are pursuing the Platinum diploma need two MVA experiences.

Students may earn the MVA in any of these areas or develop their own experience using our Build Your Own path. Each of these categories has criteria students must meet in order to qualify as a Market Value Asset experience.

- College Credit
- Entrepreneurial Experience
- Industry Recognized Credential
- Work Experience, including Client Connected Projects and Internships

Or

- Build Your Own

**Start planning your path to an MVA your 8th grade year! There are possibilities to begin or earn your MVA at all 9th - 12th grade levels. Depending on the type of MVA you pursue, it may take more than one school year to complete your MVA. Planning ahead is important!**

After completing an MVA experience, document the experience in your SchoolLinks profile and portfolio. You will also receive a digital badge via SchoolLinks to verify your experience and use on resumes or social media.

## 8th Grade

- ☐ Learn what an MVA is.
- ☐ Explore the different ways to earn an MVA throughout high school.
- ☐ Begin thinking about how you might want to earn an MVA and the criteria needed.
- ☐ Use the SchoolLinks course planner to build your Individual Career and Academic Plan (ICAP), including mapping out a plan to your MVA.
- ☐ Request courses of interest for 9th grade that can help you on your path to an MVA.

## 9th and 10th Grade

- ☐ Refresh on what an MVA is and the different ways to earn an MVA.
- ☐ Plan for multiple ways you can earn an MVA; have a back-up plan!
- ☐ Update your ICAP with your course goals and plan for your MVA.
- ☐ Review criteria needed to earn your MVA for particular programs of interest.
- ☐ Request courses and apply for programs of interest that can help you on your path to an MVA.

## 11th Grade

- ☐ Update your ICAP with your course goals and plan for your MVA.
- ☐ Request courses and apply for programs of interest for 12th grade that can help you on your path to an MVA.

## 12th Grade

- ☐ Be sure you have completed or are completing your MVA! Document your experience in your SchoolLinks profile and portfolio.

# MARKET VALUE ASSET OPPORTUNITIES

**College Credit:** Learners complete 9 or more hours of college-level coursework. Access the SchoolLinks Course Catalog for a full list of AP and Dual Credit courses.

AP coursework (Grade of C or higher required for MVA): 9-12

Dual Credit coursework (Grade of C or higher required for MVA): 11-12

Early College program (Passing grade required for MVA): 11-12

---

**Entrepreneurial Experience:** These experiences involve problem identification, market research, business planning, prototyping, stakeholder feedback, and reflection. Students participating in the following programs have the opportunity to earn an MVA.

ENCORE Academy: 10-12

North Nation by Design: 10-12

Students may also complete a pre-approval form: 9-12

---

**Industry-Recognized Credentials:** Industry-Recognized Credentials (IRC) are certificates, certifications, or licenses that are regionally vetted and recognized by employers as having industry value. Students enrolled in the following courses/programs have the opportunity to earn an IRC.

Area Career Center: 11-12

Auto Tech II: 10-12

Collegiate Nursing Academy: 12

CIPHER Cybersecurity: 11-12

Digital Media Technology: 9-12

ENCORE Academy: 10-12

Northland Career Center: 11-12

ProStart: 10-12

Summit Tech Academy: 11-12

Examples of other IRCs include:

CPR (when combined with another cert)

OSHA 10

Seal of Biliteracy: 12

National Rigging Certificate (USITT)

State-approved IRCs

WorkKeys

---

**Work Experience:** Learners perform ~120 hours of authentic job tasks at a worksite or approved location under the guidance of a qualified supervisor. Note that each of these options has qualifying criteria and requires an application or verification.

Career Explorations: 10-12

Collegiate Nursing Academy: 12

CIPHER Cybersecurity: 11-12

Education Internship Program: 12

ENCORE Academy: 10-12

Flight Crew: 10-12

Network 53: 11-12

Northland CAPS: 11-12

Part-Time Employment

Project MOST: 12+

Vocational Training II: 10-12

VR Summer Work Experience: 12

VR Work Co-op: 9-12

---

**Client-Connected Project:** Client-connected projects support students in connecting with professionals and using authentic methods and tools to address an industry challenge or problem, and require ~24 hours of engagement. By enrolling in the courses below, students will have the opportunity to complete a client-connected project and earn an MVA.

Adv. Broadcasting: 10-12

Adv. Debate: 10-12
