<tr><td>Desired Outcome: When fully implemented, what will be different as a result of addressing this priority?
Students at each grade level will increase reading proficiency by 10% as measured by ATLAS and Lexia</td></tr>
<tr><td colspan="2">Root Cause(s): What is the heart of the issue? What evidence supports this conclusion?
ATLAS (2025- 2026) results indicate 45% of 6th - 8th grade students performed at the Ready or Exceeding level; therefore, 55% of our students performed below the expected level. Each grade level data is as follows: 8th Grade 45% proficiency, 7th grade 48% proficiency, 6th grade 42% proficiency and upcoming 6th Grade 31% proficiency.
We need to increase the level of high quality grade level Tier I instruction and Tier II intervention with rigor, intentionality and a sense of urgency.</td></tr>
