

PTO & PEA

PARENT-TEACHER ORGANIZATION (PTO)

The **Parent-Teacher Organization (PTO)** works to strengthen the connection between families, school, and the community. By providing support, sharing resources, and offering advice, we help create a positive environment where every student can succeed.

PTO GOALS

- *Help parents navigate school systems and access learning resources*
- *Support the school in creating effective programs for student growth*
- *Boost parent attendance at conferences and school connection events*

PARENT EMPOWERMENT ACADEMY (PEA)

The **Parent Empowerment Academy (PEA)** helps parents build positive parenting skills, reduce risks of neglect, and support their child's success. Classes promote growth in all areas and include Karen and Hmong interpreters.

PEA GOALS

- *Equip parents with tools to support their children's success at home and school*
- *Strengthen family relationships through education and shared understanding*
- *Promote safe and nurturing parenting practices that build confidence*
