Creating a Zeelo account

How to create a Zeelo account, add your profile and setup account followers

Create your account

1. Download the Zeelo app (iOS or Android) or head to zeelo.co on a desktop
2. Press 'Log in' to start creating your account
3. Press one of the following options
 - a. Continue with Apple
 - b. Continue with Google
 - c. Continue with email
4. Fill in your details - 'Primary Account Holder'
5. Accept Zeelo's Terms and Conditions
6. That's it! Start booking your rides!

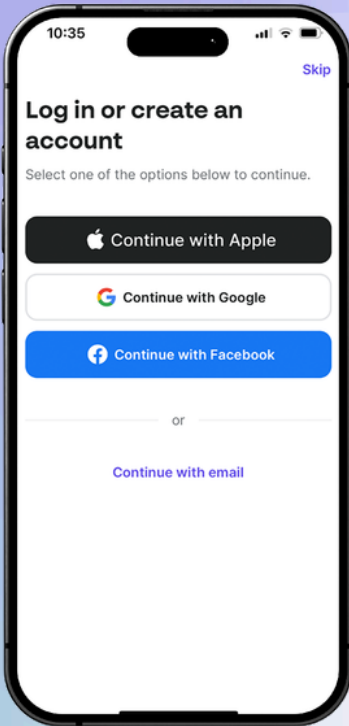

Account Followers

Head to the "My Rides" section of your account, select the purchased travel pass you wish to share updates and click "Add a Follower" and save! You can add up to 3 followers in your account.

Purchasing A Travel Pass and Booking your Rides

Home to-School Transportation requires weekly booking.

How to Book your rides

1. Open the Zeelo Rider app on your iPhone or Android.
2. Search for "DeMatha/Seton 26/27" and click Book Now.
3. Select your pick-up and drop-off locations (search by zip code or address to find your nearest stop).
4. Choose your travel pass for the school year.
5. Add you as the rider.
6. Click Pay Now.
7. ☒ Done! You've now purchased your travel pass for the school year or semester.
8. Go to the bottom left hand corner "Rides", then find your pass under the Travel Passes tab. Select it to book your rides for the upcoming week.
9. Accessing your Boarding Pass — you should scan this when getting on the bus. You can print it out or scan directly from your phone.

Continuous service improvements can be made directly from your experiences and feedback

Sustainability impact

Book your child onto a Zeelo school transport service today and start making a positive impact on the environment

Each term, on average the Zeelo buses travel 2,190km, transporting students safely and efficiently to and from Brighton College Prep School.

By choosing to travel with Zeelo, you help remove over 2,200 car journeys each term - reducing congestion and improving air quality.

Travelling with Zeelo on an annual basis, contributes to savings of 76.7 kg of CO2 emissions per trip, and 4.2 kg per ride per person.

Did you know?

Not only are your school buses completely carbon neutral, each Zeelo bus service replaces on average 20 cars on the road! Imagine the positive impact this could have on air quality and congestion around our schools. By choosing our school bus service, you are helping to reduce pollution levels and create a healthier environment for our children to grow up in.
