

West Seneca Central School District

Dear Parent or Guardian:

The West Seneca Central School District is deploying Chromebooks to all of our students this school year. To help keep your child safer and more scholarly online, we have adopted online services provided by GoGuardian.

It may be helpful to know that over 10,000 other schools use GoGuardian to protect 5.5 million students across the world

How are we using GoGuardian?

We have chosen GoGuardian services to:

- Help protect students against harmful and inappropriate online material
- Help students stay “scholarly” and more focused when learning online

When and how does GoGuardian operate?

GoGuardian’s web-based services operate on our school’s managed Google Suite for Education Chrome accounts (i.e., when a student is logged into Chrome Browser or a Chromebook with his/her school email address).

What are the school’s responsibilities?

The West Seneca Central School District selected GoGuardian services to help our students stay safer and more scholarly online. We will work with students during class time to help teach them digital responsibility and safety.

What are my parental/guardian and child’s responsibilities?

We ask that students use their school-managed Google accounts and school-managed devices for educational purposes within the boundaries of The West Seneca Central School District Code of Conduct, Policies and Regulations

When a student is off campus, parents should monitor their child’s internet access and usage. We encourage you to discuss rules for appropriate internet usage with your child, and reinforce lessons of digital citizenship and safety with him or her. We also highly encourage you to report any potential cyberbullying or other sensitive issues to us.

When your student has completed their school work, remind them to logout of the District Chromebook or Chrome browser.

Thank You.
