

Adult Meal Account Guidelines

Trigg County Food Service is pleased to offer adult meal accounts to all staff members employed within the district. Please review the following state and federal compliance guidelines for adult accounts.

Key Account Guidelines

- **Charge Limit:** All adult accounts have a **\$30 charge limit**. Once reached, the system will prevent further charges until a deposit is made.
- **Student Accounts:** Adults are strictly prohibited from purchasing items using a student's account.

Note: These guidelines are mandated by state and federal regulations and are strictly reviewed during official audits.

Payment & Account Management

- We accept **cash** or **check** at the registers in the cafeteria dining room (not breakfast locations).
- You can also manage your account online with a debit or credit card using MySchoolBucks.com.

MySchoolBucks.com Online Account Setup

- **Features:** Set low-balance alerts, schedule autopay, track purchases, and add funds.
- **Convenience Fee:** \$3.50 (charged directly by the vendor; no portion goes to Food Service).
- **Setup Tip:** When adding yourself under "**Add Student**", select "**Trigg Co Schools**" as your school. All district staff accounts are filed under this location regardless of where you work.

Account balance reminders are sent to your school email twice a month for any outstanding balances.

Pricing & Menus

For current adult meal pricing and monthly menus, please visit the **Food Service Page** on the district website (*Quick Links → Lunch Menus*).
