Telehealth: Care & convenience

Online doctor visits (also called telehealth, telemedicine or virtual visits) are healthcare made convenient. And with GHP, you have options for care from the comfort of home:

- **Primary care providers** can treat many routine issues like colds, allergies and minor infections through telehealth.
- **Specialists** also offer telehealth visits for issues including heart, skin, brain and joint care, as well as mental/behavioral health.
- **Virtual urgent care:** Members can access same-day appointments, including evenings and weekends, for non-emergency issues such as insect bites, UTIs and coughs. Visit [geisinger.org/virtual-health](https://www.geisinger.org/virtual-health).
- **Geisinger patients:** Members who see Geisinger providers can call [800-275-6401](tel:800-275-6401) or log into MyChart/MyGeisinger to check if their next visit can be virtual.

Geisinger HEALTH PLAN

Support when it's needed most

Our 24/7 **Tel-A-Nurse hotline** connects members with registered nurses who can help guide them to the right level of care, whether that's a PCP visit, urgent care or the ER. It's a trusted first step for medical questions and advice.

The Tel-A-Nurse hotline is designed to guide you to the proper care channels, whether that means scheduling an appointment with your PCP, stopping in at an urgent care location or heading to the ER.

Think of Tel-A-Nurse as a first line of defense for medical questions and advice. Talk with a registered nurse 24/7 at [877-543-5061](tel:877-543-5061). Getting answers is as simple as picking up the phone and calling.

This service is not for medical emergencies or urgent needs and should not replace a member's PCP. There is no copay or cost for using Tel-A-Nurse.

Geisinger Health Plan may refer collectively to health care coverage sponsors Geisinger Health Plan, Geisinger Quality Options, Inc., and Geisinger Indemnity Insurance Company, unless otherwise noted. Geisinger Health Plan is part of Geisinger, an integrated health care delivery and coverage organization.

Preventive care

Everyone wants to stay healthy, happy and living the life they love. That's why we provide the highest standard of preventive care services recommended by state and federal agencies like the U.S. Preventive Services Task Force, the Advisory Committee on Immunization Practices for immunizations, the American Academy of Pediatrics and others. Visit the immunization schedule section at [cdc.gov](https://www.cdc.gov) for more information.

Many of the preventive services listed are covered with no member cost sharing at a participating or preferred doctor. (There may be cost sharing if a doctor provides additional services that aren't part of the preventive care list.)

From health screenings to vaccination reminders and everything in between, we're here to help make better health easier for everyone.

Ready to quit?

You can do it.

Geisinger

Kick the tobacco habit. We'll help.

Quitting tobacco is one of the smartest things you can do for your health. So take steps to quit that are proven to be successful.

When you quit using tobacco (including smokeless tobacco), you lower your risk of:

- Heart attack
- Stroke
- Lung disease
- Throat, mouth and other cancers

Steps to quitting

- Identify your reason to quit.
- Recognize triggers that may cause you to use tobacco.
- Create a plan of action.
- Enlist help. Call Geisinger health and wellness at [866-415-7138](tel:866-415-7138) (PA Relay 711) or visit events.geisinger.org to register for our cessation programs.

Geisinger cessation programs

Freedom from Smoking

This eight-session, interactive program developed by the American Lung Association gives you the skills and support you need to quit using tobacco for good.

Health coaching

Coaching sessions are personalized to meet each member's needs. We offer as many sessions as you need to set and reach your goals.

Medications

Along with counseling, medication therapy can help you stop using tobacco. Our plans often cover both prescription and over-the-counter medications, including nicotine replacement products, bupropion (the generic form of Zyban) and Chantix.

Your formulary (list of covered medications) will tell you your specific coverage for these prescriptions.

To be sure your medication is covered, call customer service at the number on the back of your member ID card.

Completion of a wellness assessment is required by the subscriber prior to reimbursement being issued. Log into the secure member section of geisingerhealthplan.com. Once logged in, under the “Health and Wellness” tab at the top, click on “Wellness Assessment.” Click the link to complete the assessment in the redesigned experience and log into the Wellness Portal. Then follow the instructions provided for completing your wellness assessment. Be sure to sign the statement below verifying that your wellness assessment has been completed.

Wellness assessment certification

I certify that I have completed the wellness assessment available via geisingerhealthplan.com on the date indicated below during my current benefit period or during my prior benefit period in conjunction with an organized wellness program. Note: The subscriber only needs to complete one wellness assessment per benefit period. If you have already completed a wellness assessment during this benefit period, re-sign on the line below and include the original date you completed your wellness assessment.

Subscriber's signature: _____

Date of assessment: _____

Note: Reimbursement is subject to approval by Geisinger Health Plan. You will receive an Explanation of Benefits (EOB) stating whether your request was approved or denied. If approved, you will receive a check in the mail.

**Your receipts may be reviewed retroactively for validation purposes. If, upon review, your receipt is determined to be invalid, or we have no record of your wellness assessment completion, we reserve the right to reconsider prior reimbursement payments. Allow four to six weeks from receipt for reimbursements. If you have any questions about your reimbursement, contact us at the phone number on the back of your member identification card.*

Mail completed form with receipts to:

Geisinger Extra

Care you need at a lower cost

Geisinger

You can get the care you need in a truly innovative way through Geisinger Extra. When you select a primary care site designated as an Extra site, you will pay lower office visit copays.

Some Geisinger Extra sites are also ProvenHealth Navigator® (PHN) locations. At these offices you'll receive "extra" care because PHN sites include a Geisinger Health Plan nurse who works closely with physicians and office staff to provide additional services.

Service area & eligibility

Geisinger Extra is available to small group employers in the 1 to 50 market segment and large group employers in the 51+ market segment as long as their physical location is in our Geisinger Extra service area. Eligible Geisinger Extra counties are listed below.

- | | | | |
|--------------|--------------|------------------|---------------|
| • Carbon | • Juniata | • Monroe | • Snyder |
| • Centre | • Lackawanna | • Montour | • Susquehanna |
| • Clinton | • Lehigh | • Northampton | • Union |
| • Columbia | • Luzerne | • Northumberland | • Wayne |
| • Cumberland | • Lycoming | • Perry | • Wyoming |
| • Dauphin | • Mifflin | • Schuylkill | |

Members must reside in our overall Geisinger service area.

Additional services at PHN sites:

- Same-day appointments for urgent care
- On-site health coaching
- Assistance managing all your care if you have a complex medical condition
- Help moving from the hospital to home, if appropriate
- Preventive care such as flu shots or other immunizations
- Education about better managing diabetes, heart disease and much more

Questions?

Call 800-554-4907.

Locations are listed on pages
3–6 of this document.

Receive a lower copay at these sites

You will receive lower office visit copays if you select a physician at one of the sites listed. The sites marked with an asterisk (*) are the practices that qualify for the lower copay but do not offer the extra PHN services listed on the first page. Visit geisingerhealthplan.com/find for the most recent information and to check if a provider is accepting new patients.

Where to go when you need care

Geisinger HEALTH PLAN

With Geisinger Health Plan (GHP), you have options for care. When your primary care doctor isn't available, knowing the right place to go for medical attention can protect your personal and financial well-being.

Urgent care

Visit an urgent or convenient care clinic when you need care quickly, but your injury or illness isn't life-threatening. Out-of-pocket costs at these facilities are often significantly lower than at the emergency room, and no appointment is necessary.

Visit an urgent or convenient care facility for things like:

- Accidents/falls
- Sprains/strains
- Fever/flu
- Minor broken bones
- Vomiting/diarrhea
- Skin rashes/infections
- Eye irritation
- Controlled bleeding or cuts that need stitches

Emergency room

Call 911 or go to the nearest ER for treatment of life-threatening issues. **With GHP, whether you're home or traveling, emergency room services are covered worldwide.**

Visit the closest ER for things like:

- Compound fractures (bone is visible)
- Chest pain or trouble breathing
- Serious head, neck or back injuries
- Poisoning
- Sudden/severe pain
- Uncontrolled bleeding
- Seizures/fainting
- Signs of heart attack/stroke
- Moderate to severe burns

Geisinger Health Plan may refer collectively to Geisinger Health Plan, Geisinger Quality Options, Inc., and Geisinger Indemnity Insurance Company, unless otherwise noted.

Geisinger Health Plan, Geisinger Quality Options, Inc., and Geisinger Indemnity Insurance Company comply with applicable federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, sex, gender identity, or sexual orientation. **ATENCIÓN:** si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. GEISINGER HEALTH PLAN

Urgent and convenient care

Know your options

Geisinger

When you're sick or in need of medical treatment, it's usually smart to call your primary care physician (PCP) first. Many offices offer extended hours for your convenience. But when your PCP isn't readily available and you need immediate attention, you may still be able to avoid the emergency room.

Convenient care and urgent care facilities that are contracted with Geisinger Health Plan (GHP) can be a cost-effective way to get medical treatment. You don't need an appointment at a convenient care or urgent care facility, and its copay is lower than at the emergency room. Shorter waiting times and treatment after normal working hours are other benefits. To find a participating facility near you, visit geisingerhealthplan.com/find. If a facility is listed on the online search, services are covered.*

There are key differences between convenient care facilities and urgent care facilities. Remember to check your member ID card to confirm your PCP copay amount.

Convenient care facility

- Requires PCP copay.
- Usually located inside a retail or grocery store. Some are also located at physician offices.
- Staffed by physician assistants and certified registered nurse practitioners. A physician is assigned to each facility but may not always be on site.
- Treats patients of all ages.**
- Lab or X-ray services may not be available. Treats minor illnesses or conditions such as colds, the flu or minor infections.

Urgent care facility

- Requires PCP copay.
- Usually located in freestanding facilities.
- Staffed by physician assistants and certified registered nurse practitioners.
- Treats patients of all ages.**
- Lab and X-ray services are available. Can treat more serious conditions such as sprains, strains, lacerations, back pain, fractures and minor surgeries.

*Visiting a convenient care or urgent care facility outside of GHP's network could result in additional costs.

**Some facilities do not treat patients 12 months and younger.

Important information, definitions, and limitations

Case Management a service where Plan nurses assist members with serious conditions to obtain appropriate support and services so that members can achieve their optimal level of health.

Concurrent review a process to ensure that medically necessary, appropriate care is delivered to a hospitalized member.

Confidentiality the Plan's confidentiality policy protects members' privacy of their personal health information including medical records, claims, benefits and other administrative data in all settings. The policy also prohibits sharing personal health information with employers including fully insured employers. However, as a member you always have access to your medical records. Upon enrollment, members sign routine consent forms which allow the Plan to use your information to conduct its business like paying claims and for measurement of data where members identifiers are removed to assure confidentiality. For release of any other personal information, except when required by law, you will be asked to sign a special consent form. A complete copy of the confidentiality policy is available by contacting the Customer Care Team.

Continuity of care for new members (Act 68) Under the provisions of Act 68, a new member can continue on-going treatment with a non-participating physician for the first 60 days of enrollment. If a member is in her second or third trimester of pregnancy, services will be covered through delivery and postpartum care. To initiate this request, the member must contact the Customer Care Team prior to receiving treatment. The Plan will confer with the provider to determine if the provider will accept the Plan's terms and conditions for payment. If the provider does not agree, the services of the non-participating provider will not be covered.

Covered services Covered services that are not available within the Plan's network or are out of the Plan's service area must be authorized in advance by the Plan.

Medical Necessity or Medically Necessary covered services rendered by a health care provider that the Plan determines are: a) appropriate for the symptoms and diagnosis or treatment of the member's condition, illness, disease or injury; b) provided for the diagnosis, or the direct care and treatment of the member's condition, illness, disease or injury; c) in accordance with current standards of medical practice; d) not primarily for the convenience of the member, or the member's provider; and e) the most appropriate source or level of service that can safely be provided to the member. When applied to hospitalization, this further means that the member requires acute care as an inpatient due to the nature of the services rendered or the member's condition, and the member cannot receive safe or adequate care as an outpatient.

Prior authorization the process by which approval is given by the Plan for covered services based on medical necessity, eligibility and benefit availability at the time the covered services are to be provided prior to the services being performed.

Retrospective review to determine the appropriateness of treatment, the Plan will complete a post-clinical review when necessary to determine whether or not the treatment met coverage guidelines. Based on this review, claims associated with treatment will be approved or denied.

This document is intended as an easy-to-read summary. Benefits, limitations and exclusions are provided in accordance with the Subscription Certificate and applicable riders under which a member is enrolled. This managed care plan may not cover all your health care expenses. Read your Subscription Certificate and riders carefully to determine which health care services are covered.

Coverage for: Individual and Family | Plan Type: HMO

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-447-4000 or visit www.GeisingerHealthPlan.com. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call 1-800-447-4000 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$2,500 individual/ \$7,500 family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care and primary care services are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$10,600 individual/ \$21,200 family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limit s until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Copayments for certain services, premiums , balance billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.GeisingerHealthPlan.com or call 1-800-447-4000 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
