SCHOOL PROFILE CLASS of 2026

The School and the Community

Williamson, New York, founded in 1802 and named after land agent Charles Williamson, is a rural community located along the southern shore of Lake Ontario in Wayne County, approximately 25 miles east of Rochester. Rich in agricultural heritage and known as the "Core of Apple Country," Williamson has a long history of fruit production, community pride, and educational excellence. The Williamson Central School District serves approximately 1,050 students in PreK–12 across three schools, offering a comprehensive curriculum that includes Advanced Placement (AP), dual-credit college courses, Career and Technical Education (CTE), New Vision programs, agriculture education, fine arts, music, world languages, and a wide variety of athletic and extracurricular opportunities. The district is committed to preparing all students for success in college, careers, military service, and life through rigorous academics and personalized learning experiences We maintain focus on the traditional core curricula in English, Social Studies, Math, Science and Languages with opportunities in music and the arts, technology, business, athletics and extracurricular activities. We have close ties to the community and welcome its presence in school. Williamson High School is accredited by the New York State Education Department.

Community Service

Students are required to perform 20 hours of community service in two different locations before graduating

Academic Enrichment Opportunities

Advanced Placement (AP) courses are offered in the following areas: Calculus and US History.

The FLCC/SUNY Gemini Program is a dual enrollment program that allows students to enroll in college level courses taught at Williamson High School. Students who complete the course receive high school and college credit through Finger Lakes Community College. Gemini course offerings include: Math of Money, Environmental Science, Biology, English, French, Pre-Calculus, and Music Appreciation.

The New Vision Program is offered through the Wayne Technical and Career Center and is for students who have an interest in medical careers, health therapy sciences or veterinary assistant. The program blends academics and clinical rotations and includes FLCC/SUNY Gemini coursework. An application to the program is required.

Project Lead The Way includes pre-engineering and technology classes which provide students the opportunity to earn college credit from Rochester Institute of Technology. Course offerings include: Design and Drawing for Production, Principles of Engineering, Digital Electronics, and Civil Engineering and Architecture.

Distance Learning Courses

Distance Learning through Finger Lakes Community College (FLCC) allows qualified 11th and 12th grade high school students to enroll in college-level courses taught online by FLCC faculty. Students earn transferable college credits while remaining enrolled in high school, providing a flexible opportunity to explore academic interests, get a head start on college, and experience the expectations of college coursework.

Course Offering	% of Student Enrollment (Class of 2026)
Advanced Placement	38%
FLCC/SUNY Gemini (dual credit)	61%
Project Lead The Way (PLTW)	6%
Distance Learning - FLCC	33%

Advanced Placement Results:

Subject	Students Tested	% Scoring 3 or higher
Calculus AB	13	100
AP US History	10	80
AP Environmental	15	80

Marking System

Our schedule is a nine period day with classes meeting for 42 minute instructional periods daily. Grading is numerical and 65 is the minimum passing grade. All courses are included in the grade point average (GPA) except for pass/fail (P/F) courses. All course attempts are calculated into the GPA, including repeated courses. The school year consists of four quarters lasting ten weeks each. A final grade in a course is calculated using each quarter as one-fourth of the final grade, The Regents exam is a stand alone grade. High Honor Roll is 95 and above, Honor Roll is 90-94 and Merit Roll is 85-89. AP, FLCC/SUNY Gemini, FLCC Distance Learning, and PLTW courses are weighted by 3%. These weighted courses are marked with an asterisk on transcripts.

Class Rank

Class rank is based on the cumulative weighted grade point average through the first six semesters of high school. GPAs are recomputed at the end of the 3rd marking period of the senior year and include in-progress grades.
