Craig G. Yaniglos
Treasurer/CFO

Dear Parent/Guardian,

The Ohio Department of Health has immunization requirements that affect incoming 7th graders. This letter is to inform you of the requirements in time to make appointments and obtain the documentation needed.

Students must have a vaccination for meningococcal disease before entering the 7th grade, as well as, the Tdap vaccine. Both are required before the first day of school for your child entering the 7th grade. Please return the bottom portion of this form, a My Chart copy, or updated immunization record from your doctor listing the dates of administration to the Middle School Clinic.

Also included in this legislation is a second meningococcal vaccine required to be given before entering the 12th grade.

If you would like to verify what immunizations your child has already received, please contact your physician. If you have any questions on the requirements, Kim DiRocco R.N., Health Care Coordinator, can be contacted at (440)740-4406 or diroccok@bbhcsd.org.

Respectfully,

Kim DiRocco R.N., Health Care Coordinator
Todd Rings, Middle School Principal

Brecksville-Broadview Heights High School Immunization Verification Form

_____ received the Meningococcal (MCV4) vaccination on

(Student Name)

_____ and _____.
