The School Plan for Student Achievement

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This plan is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

Intervention and tutoring are available based on individual progress in meeting state proficiency standards and basic skills acquisition.

All qualifying 6-12 students have access to counselors who are experienced in working with students of American Indian and Native Alaskan descent in the areas of personal and academic counseling as well as tutoring in all areas of the middle school and high school curricula. Students in grades 6-9 are engaged in cultural presentations, heritage lessons, successful time management and study skills lessons, goal setting for middle school success and high school expectations, thinking about college and post high school educational and career planning, and basic skills support for language, reading and mathematics. Students in grades 9-12 are provided career counseling which includes information about special grants, scholarships, and financial assistance, and are engaged in activities to facilitate a better understanding in such areas as individual tribal history and history of other tribes.

Instruction and support are administered at each qualifying student's school site through a series of monthly sessions which may include 1) small group instruction based upon reading and language development, through interactive discussion, 2) hands-on learning activities, 3) booklets, and 4) computerized lessons. The school's Indian education teacher or 6-12 counselor work with the district's Indian Education Coordinator to develop a specialized curriculum and appropriate support services. Tutoring services are determined by the school administrator and Indian Education Coordinator.

VUSD - Parent Involvement Policy

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with parents/guardians and family members to jointly develop and agree upon policy and strategies to meaningfully involve parents/guardians and family members in district and school activities at all grade levels; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

The district's local control and accountability plan (LCAP) shall include goals and strategies for parent/guardian involvement and family engagement, including district efforts to seek parent/guardian input in district and school site decision making and to promote parent/guardian participation in programs for English learners, foster youth, students eligible for free and reduced-price meals, and students with disabilities. (Education Code 42238.02, 52060)

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent/guardian and family engagement efforts, including, but not limited to, input from parents/guardians, family members, and school staff on the adequacy of involvement opportunities and on barriers that may inhibit participation.

Title I Schools

The Superintendent or designee shall involve parents/guardians and family members in establishing district expectations and objectives for meaningful parent/guardian and family engagement in schools supported by Title I funding, developing strategies that describe how the district will carry out each activity listed in 20 USC 6318, as contained in the accompanying administrative regulation, and implementing and evaluating such programs, activities, and procedures. As appropriate, the Superintendent or designee shall conduct outreach to all parents/guardians and family members. (Education Code 11503; 20 USC 6318)

When the district's Title I, Part A allocation exceeds the amount specified in 20 USC 6318, the Board shall reserve at least one percent of the funding to implement parent/guardian and family engagement activities and shall distribute at least 90 percent of those reserved funds to eligible schools, with priority given to high-need schools as defined in 20 USC 6631. The Superintendent or designee shall involve parents/guardians and family members of participating students in decisions regarding how the district's Title I funds will be allotted for parent/guardian and family engagement activities. (20 USC 6318)

Expenditures of such funds shall be consistent with the activities specified in this policy and shall include at least one of the following: (20 USC 6318)

1. Support for schools and nonprofit organizations in providing professional development for district and school staff regarding parent/guardian and family engagement strategies, which may be provided jointly to teachers, principals, other school leaders, specialized instructional support personnel, paraprofessionals, early childhood educators, and parents/guardians and family members
2. Support for programs that reach parents/guardians and family members at home, in the community, and at school
3. Dissemination of information on best practices focused on parent/guardian and family engagement, especially best practices for increasing the engagement of economically disadvantaged parents/guardians and family members
4. Collaboration, or the provision of subgrants to schools to enable collaboration, with community-based or other organizations or employers with a record of success in improving and increasing parent/guardian and family engagement
5. Any other activities and strategies that the district determines are appropriate and consistent with this policy

If the district also receives funds under federal Title IV, Part E, to coordinate and enhance family engagement programs, the Superintendent or designee shall inform parents/guardians and organizations of the existence of Title IV. (20 USC 6318)

The district's Board policy and administrative regulation containing parent/guardian and family engagement strategies shall be incorporated into the district's LCAP in accordance with 20 USC 6312. (20 USC 6318)

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent/guardian and family engagement policy in accordance with 20 USC 6318.

District and school-level parent/guardian and family engagement policies and administrative regulations shall be distributed to parents/guardians of students participating in Title I programs and shall be available to the local community. Parents/guardians shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents/guardians can understand. (20 USC 6318)

Non-Title I Schools
The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. (Education Code 11504)

Physical Fitness

In the spring of each year, Pierpont Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM®. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM® has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and State results can be found at the CDE's website www.cde.ca.gov/ta/tg/pf/.

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Pierpont Elementary School's original facilities were built in 1954; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. Campus repair or improvement projects for the 2024-25 and 2025-26 school years include the following:

- Painting of new murals
- New roof on all buildings
- New basketball backboards and rims
- Redesign of teachers lounge
- Installation of surveillance cameras
- Exterior painting (2025-26)
- Installation of new phone system (2025-26)

Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one part-time evening custodian are assigned to Pierpont Elementary School. The day custodian is responsible for:

- Restrooms
- Cafeteria Setup/Cleanup
- School Office
- General Cleaning & Custodial Functions

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classrooms
- Library
- Restrooms
- Routine Maintenance

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Pierpont Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, dress code policy, and bully prevention policy. The school's most recent school safety plan was reviewed, updated and shared with school staff in January 2026.

Campus culture promotes a secure learning environment. All persons are to be treated with dignity and respect. The district, schools, students, parents/guardians and community have an obligation to promote mutual respect and safe, harmonious relations that support dignity and equality. Bullying and harassment are not tolerated. The school district has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to address incidents of bullying and harassment when they occur. Students and their parents receive information annually regarding district policies concerning anti-bullying and harassment.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal, campus safety assistantsand the cafeteria manager are strategically assigned to designated entrance areas, the breakfast area and playground. During recess, the principal, campus safety assistants, and teachers monitor playground activity. The principal, cafeteria staff, and three campus safety assistants monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal and teachers monitor student behavior to ensure a safe and orderly departure.

Pierpont Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

Facilities Inspections

The district's maintenance department inspects Pierpont Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Pierpont Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on August 18, 2025. During fiscal year 2025-26, all restrooms were fully functional and available for student use at the time of the inspection.

Discipline & Climate for Learning

Pierpont Elementary School has implemented respectful practices schoolwide reducing misbehavior, motivating students to put forth their best effort, increasing academic engagement, and teaching students to behave respectfully and to value diversity. This positive behavior management model is used as a guide to develop school rules, the student handbook, and create a learning environment that promotes responsibility, respect, and thoughtfulness. - IXL Training

The district also offers supplemental professional development to follow up and support year-round and ongoing programs centered around reading, writing, and math and tied to either specific strategies to improve student learning or district-adopted curriculum materials. Supplemental professional development is offered throughout the school year on early student release days, after school, on designated staff development days, and during substitute release time. Teacher Content Specialist Teams work with school site administrators and teaching staff to provide support and training to ensure the successful implementation of the Common Core Standards.

The Ventura County Teacher Induction Consortium is a two-year, individualized, job-embedded system of mentoring, support and professional learning that begins in the teacher's first year of teaching for newly credentialed teachers in California. The program is accredited by the Commission on Teacher Credentialing (CTC) and is administered by the Ventura County Office of Education (VCOE), Educator Support and Effectiveness (ESE) department, in coordination with a consortium of 18 school districts, local charter schools, private schools, and 5 university partners.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Ventura County Superintendent of Schools as well as the Ventura Unified School District. Profession and subject specific offerings are consistent with the California Content Standards. Classified support staff may receive job-related training from district representatives; training activities and workshops are designed to enhance and extend job performance.

Instructional Materials

All textbooks used in the core curriculum are aligned to the California State Standards. Instructional materials for K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education, and instructional materials for both TK and 9-12 are aligned to state standards and approved by the district's board of education.

On September 23, 2025, the Ventura Unified School District Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution #25-22 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English Learners, in the district to the extent that each pupil, including English Learners, has a standards-aligned textbook and/or instructional materials to use in class and to take home, which may include materials in a digital format but shall not include photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage, (2) that all students who are enrolled in the same course within the district have standards-aligned textbooks or instructional materials from the same adoption cycle, (3) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/Language Arts, including the English Language Development component of an adopted program, 4) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 5) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2025-26 school year, Ventura Unified School District provided each student, including English Learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation and the ability to print documents.

Disclosure

The statistical information disclosed in this report is obtained from the California Department of Education and the Ventura Unified School District. At the time of publication, this report met all SARC-related state and federal requirements, using the most current data available. Data to prepare the instructional materials sections and the school facilities section was acquired in November 2025.

School Site Council Bylaws

Pierpont Elementary School
School Site Council (SSC) Bylaws

Article I - Preamble

VUSD elects to establish the below School Site Council (SSC) bylaws for all VUSD Elementary school sites to govern SSC functions and provide clarity of process, roles and duties. While these bylaws conform to the State of California Department of Education (CDE) SSC Operation Guide and other CDE guidance on SSCs, other than the bylaws that are *italicized & underlined*, they are not statutorily required by California Education Code, Federal Law or VUSD Board Policy. The district may alter these SSC bylaws at any time for the effective functioning of SSCs, for compliance with CDE and Federal guidance/requirements and to conform to the VUEA & VESPA collective bargaining agreements. SSCs may not change these bylaws or operate under other bylaws. On an annual basis and prior to the start of SPSA development for the upcoming year, VUSD will solicit recommendations from all VUSD SSCs for bylaw revisions.

Article II - Role of Council

The primary role of the SSC is to develop the Single Plan for Student Achievement (SPSA). At Title I school sites, the California Department of Education (CDE) requires SSCs to conduct a comprehensive needs assessment, including an analysis of verifiable state and local data, provide recommendations related to the school's Title I program, and participate in the development of the SPSA for recommendation to the board of education for final approval. VUSD's practice is that all schools, regardless of Title I status, develop SPSAs and establish SSCs. The SPSA must align with the district's LCAP content and process. The SSC also serves as the site's designated Safety Planning Committee and approves the annual Comprehensive School Safety Plan (CSSP) and votes on VUEADistricy Article 27 and VESPA/District Article 42 Site-Based Decision Making proposals.

Article III - Membership

The composition of the SSC must have an equal number of members between the school staff members and parent/community members with a minimum of 10 members; five school site members, of which classroom teachers must be a majority, and five parent/community members (see below).

Composition of VUSD Elementary SSCs with the required minimum of 10 members:

Role	Amount
School Staff Members: Principal or their designee	**1**
School Staff Members: Classroom teachers	**3**
School Staff Members:Classified Unit Member* **Note*: Per VESPA/District Contract Article 42	**1**
Parents and/or Community members	**5**
Total minimum membership	**10**

SSCs larger than 10 must maintain the required (see above paragraph) ratios. The discretion to establish a SSC larger than the minimum 10 members resides with the school site principal on an annual basis. Changes to the size of the SSC may only be implemented at the meeting when the development of the SPSA for the upcoming year is first discussed (typically in late winter/early spring of the current school year).

The SSC at an elementary school must be composed of the both of the following two groups; school staff and parent and/or community members (EC Section 65000[c][1]):

School Group Members (Elementary Schools):

- *The principal of the school or their designee;*
- *School personnel employed at the school who are not teachers, selected by school personnel employed at the school who are not teachers; and*
- *Classroom teachers employed at the school, selected by classroom teachers employed at the school; The classroom teachers selected shall constitute a majority of the school members selected (EC Section 65000[c][1][A]); and*

Parent and/or Community Group Members (Elementary Schools):

- *Parents of students attending the school, or other members of the school community, selected by parents of students attending the school. The number of parent and/or community members selected must equal the number of the school staff members selected (EC Section 65000[c][1][B]).*

Annual SSC elections shall be held in August-September whenever practicable. A simple majority shall determine the outcome of the election. Only eligible members of each membership group shall vote for the group's SSC member(s) (e.g., teachers elect teacher members, etc.).

A term for elected SSC parent/community members and staff members is two years. There are no limits to the number of terms an eligible member can be elected to. Members' terms should, whenever possible, be staggered such that as closest to one-half of membership group's (e.g., Parent/Community member and Staff Member groups) seats are up for election any given year.

Elected SSC parent/community members shall reside within the VUSD attendance boundary. If a member no longer resides within VUSD's boundaries or if they become ineligible (e.g., an elected member teacher enrolls their child at that school) during their term, their membership on SSC shall be automatically terminated. A site principal may terminate the membership of any elected or interim SSC member from any category who does not attend three consecutive SSC meetings. SSC membership or the completion of a SSC member's term is not transferable under any circumstances.

A member may resign anytime by submitting a written resignation to the SSC Chairperson. If membership on the SSC is terminated at any time for any reason prior to the finish of the two-year term, the school site Principal will appoint an interim member who is eligible and from the same required membership category (e.g., Classroom Teachers, Other School Personnel, Parents/Community Members) of the resigning member. That school site Principal-appointed member will serve as an interim SSC member for the duration of the vacating member's term, at which point the interim SSC member must be elected to a two-year term through the required election process.

For any SSC action/matter that requires a vote, each member shall be entitled to one vote.

SSC members must be present at the SSC meeting in which the vote is taking place for the vote to be counted. Absentee ballots or proxies shall not be permitted.

Training of all SSC members by the school site Principal, both new and returning, shall take place annually using the latest district-provided SSC training materials. The training shall be agendized annually at the first meeting where the discussion of the following year's SPSA is discussed. If a member resigns or is removed prior to serving the duration of their term and an interim member is installed, the interim member must be trained by the school site Principal using the latest district-provided SSC training materials.

Article IV - Officers

SSC offices are held by SSC members and shall be established by SSC member election annually. Any officer may be removed from office by a 2/3rds majority vote of all SSC members for failing to fulfill the duties of the office. The SSC offices and duties are as follows:

The notice must specify the date, time, and location of the meeting and contain an agenda describing each item of business to be discussed or acted upon (EC Section 35147[c][1]).*
    - ***Note**: Required notification of a VUSD SSC meeting shall occur both in a formal paper posting in the most visible location possible on campus for parent/community and electronic notification via school communication system (e.g., ParentSquare).*
- *Shall be open to the public and allow for any member of the public to address the SSC during the meeting on any item within the subject matter jurisdiction of the SSC. The SSC may not take any action on any item of business unless that item appeared on the posted agenda or unless the SSC members present, by unanimous vote, find that there is a need to take immediate action and that the need for action came to the attention of the SSC subsequent to the posting of the agenda (EC Section 35147[c][1]).*
    - ***Note**: the time on the SSC meeting agenda and the allowable duration of public comments at SSC meetings shall be determined by SSC consensus or SSC vote if necessary.*
- *Allowing for questions or brief statements made at a meeting by members of the SSC or public that do not have a significant effect on students or employees in the school or school district, or that can be resolved solely by the provision of information, need not be described on an agenda as items of business. SSC meetings shall be conducted in accordance with rules of order established by CA Ed. Code 35147(c).

Article VI - Formal SSC Votes

The presence of a numerical majority of SSC members (i.e., 6 members in a minimum 10 person SSC, etc.) is required in order to constitute a quorum necessary for any official SSC vote.

Elementary SSC aye/nay votes shall be voice votes made publicly by each SSC member except for required votes on proposals related to VUEA/District Article 27 and VUEA/District Article 42, which are by private/anonymous paper ballot and counted by the SSC chairperson.
