MORE THAN \$600,000

IN TUITION ASSISTANCE AWARDED EACH YEAR

At Maranatha Christian Academy, we believe every child should have the opportunity to experience an exceptional, Christ-centered education. Through the generosity of our donors and business partners, MCA awards more than \$600,000 in tuition assistance each year, helping make Christ-centered education accessible to families throughout our community.

Our goal is simple: If a family desires a Christ-centered education for their child, we want every effort to be made to ensure finances are never the obstacle.

Your partnership makes that possible. **Together**, we are equipping students to follow Jesus through exceptional education in a Christ-centered community.
