

Bring Your Own Device

As part of the BYOD Program, we ask that all 6th- 12th grade students bring a personal device to school each day. The student will be responsible for the device's maintenance, including keeping it updated, clean, charged and accounted for in school. Below are basic system options for the BYOD Program:

Minimum Hardware Requirements:

OS: macOS 26 Tahoe (or newer)
CPU: Apple M1 (or newer)
RAM: 8GB (16GB preferred)
Storage: 256GB SSD

Antivirus Recommended

OS: Windows 11 25H2 (or newer)
CPU: Intel Core i3 10th gen / Ryzen 3 3000 series /
Snapdragon X (or newer)
RAM: 8GB (16GB preferred)
Storage: 256GB SSD

Antivirus Recommended

- iPads do not meet our requirements, but may be used as a secondary device alongside a laptop.
- Graphics Arts and Videography students: 16GB RAM and a dedicated graphics card are strongly recommended for design software.
- Computer Science students should check with their teacher for course-specific software requirements.
- SRDS provides Google Workspace for Education and the Adobe Creative Suite.
