General Fund Revenues Year to Date

Planned revenues are derived from the District's Five Year Forecast, approved May 2025. An analysis of each major revenue category, plan and actual, is contained herein. Monthly projections are done on a straight-line basis based on prior fiscal years. Revenue projections will be updated with the submission of the October four year forecast.

Property Taxes (1.010 & 1.020) – Property tax receipts represent 44% of planned revenues and 48% of actual YTD revenues, excluding advances. Property taxes are levied and assessed on a calendar year basis while the school district fiscal year runs July through June. First half tax collections are received by the school district in the second half of the fiscal year. Second half tax distributions occur in the first half of the following year. The District has received 101% of planned YTD revenues in these categories.

General Property Taxes (1.010) – Class I, residential and agricultural property taxes, and Class II, commercial property taxes, make up this revenue category. For tax year 2024, the Class I rate is 39.03 mills and the Class II rate is 51.93 mills.

General Fund Revenues Year to Date (Continued)

Tangible Personal Property Tax (1.020) – This revenue category is also referred to as Public Utility Personal Property Tax. This tax is levied on the assessed value of public utilities including electric, natural gas, and water, excluding municipally owned utilities. This property is taxed at the full voted tax rate, which in tax year 2024 was 76.70 mills. It is distributed twice annually, typically in August and March, by the County.

State Grants-in-Aid (1.035 & 1.040) – State aid accounts for 45% of planned revenues and 41% of actual YTD revenues, excluding advances. State aid is received through State Foundation settlements twice per month and contains both unrestricted and restricted revenue.

Beginning in FY 2022 Ohio adopted the Fair School Funding Plan (FSFP). Funding is driven by a base cost methodology that is determined by formula by the Ohio Department of Education and based on State budgets. The Base Cost is currently calculated for two years using a statewide average from historical actual data.

Unrestricted State Grants-in-Aid (1.035) – Unrestricted Aid is the portion of state per-pupil funding that is classified as unrestricted. For fiscal year 2025, the calculated base cost total for the school district is \$269,608,455, of which, the State's share is \$181,158,828 or \$5,529 per pupil.

With the exception of adjustments made during the school year's fall semester, this revenue is received at a steady rate throughout the fiscal year.

General Fund Revenues Year to Date (Continued)

Restricted State Grants-in-Aid (1.040) is the portion of state per pupil funding that must be classified as restricted use. This revenue category is primarily made up of Disadvantaged Pupil Impact Aid, which directs resources to economically disadvantaged students, and Student Wellness and Success, which directs resources to supporting the physical, social, emotional, and intellectual needs of students.

The availability of resources from these revenue categories are subject to change based on the State's future Biennial Budgets.

Property Tax Allocations (1.050) – Property tax allocation primarily consists of reimbursements from the state of Ohio for local taxpayer credits or reductions. The state reduces the local taxpayer's tax bill with a 10% rollback credit, and 2.5% owner-occupied rollback credit, plus a homestead credit for qualifying taxpayers. In fiscal year 2025, approximately 10.4% local residential property taxes will be reimbursed by the state in the form of rollback credits and approximately 4.7% will be reimbursed in the form of qualifying homestead exemption credits.

This revenue category accounts for 3% of planned revenues and 3% of actual YTD revenues, excluding advances.

Receipts for this revenue category are received on a similar schedule to property tax, with one settlement in the first half of the fiscal year, and a second settlement in the second half of the fiscal year.

General Fund Revenues Year to Date (Continued)

Other Revenues (1.060) – Revenues not previously included in other categories are included here. This category is comprised of tuition, fees, investment income, rental income, unrestricted gifts, reimbursements, and others. This revenue category accounts for 8% of planned revenues and 8% of actual YTD revenues, excluding advances. Other revenues typically have a large degree of month-to-month fluctuation due to irregular and unpredictable receipt dates. The school district's largest sources of other revenue are State Medicaid reimbursements and tuition adjustments applied to the State Foundation Formula.

General Fund Revenues Year to Date (Continued)

Other Financing Sources (2.070) – This includes both Advances-In (2.050) and All Other Financing Sources (2.060). While significant in total dollar amount, these revenue categories are not part of the regular revenue operations of the district.

Advances-In (2.050) – This revenue category represents the repayment of an interfund loan made to other funds, by the general fund, in the prior fiscal year. The interfund loan is due to the timing of the receipt of reimbursements in state and federal grant funds as well as to cover budgetary deficits in other funds. Interfund loans are required to be repaid within the next fiscal year. The repayment of prior year advances was as follows:

Classification	Amount
Other Local Grants	\$727,356
Public School Preschool	917,512
Vocational Education Enhancement	19,098
Vocational Education	728,755
Title I School Improvement Subsidy A	1,839,966
Title III - Limited English Proficiency	434,680
Refugee Children School Impact Act	475,890
Title IV - Student Support and Academic Enrichment	2,596,883
Title II - Improving Teacher Quality	4,669,581
Total Advance-In	\$12,409,723

All Other Financing Sources (2.060) – Represents financing sources that are not interfund activity. For this fiscal year, they are comprised of refunds of prior year expenditures and are not a significant source of revenue.

General Fund Expenditures Year to Date

At different points throughout the year, the school district adopts a Five Year Forecast, with a final update adopted at the Board's May business meeting. The District's legal level of control is at the fund level, however management tracks expenditures at a more detailed level. An analysis of each major expenditure, planned and actual, is contained herein. Monthly projections are done on a straight-line basis based on prior fiscal years.

Personal Services (3.010) – Salaries and wages represent 54% of budgeted expenditures, excluding other financing uses, and 53% of actual YTD expenditures. Salaries and wages are scheduled to increase, per negotiated agreement, at a rate of 4.00% in FY25. Actual growth, including new positions and other cost increases, is expected to be 4.87% compared to the previous year.

Benefits (3.020) – Includes healthcare, pension, workers' compensation, and other fringe benefits paid by the District on behalf of employees. Benefits represent 25% of budgeted and 25% of actual YTD expenditures. Benefits are expected to remain flat, as compared to the prior year. This is driven primarily by pharmacy rebates offsetting cost growth.

General Fund Expenditures Year to Date (Continued)

Purchased Services (3.030) – This expenditure includes contracted services, certain payments to other districts, student transportation, utilities, and certain meeting costs. This is the largest expenditure type, not related to employee costs, with 18% of total budgeted expenditures and 15% of actual YTD expenditures.

Large swings occur, typically near the beginning and end of the fiscal year in this expenditure. This is driven primarily by the renewal of annual contracts and tuition payments made to other districts.

Supplies and Materials (3.040) – This includes costs incurred for classroom supplies, textbooks, library books, electronic goods, food, and maintenance supplies. This expenditure represents 2% of total budgeted expenditures and 4% of actual YTD expenditures.

This expenditure is subject to large month-to-month swings due to accounting adjustments related to purchasing card transactions.

General Fund Expenditures Year to Date (Continued)

Capital Outlay (3.050) – This expenditure is the smallest within the general fund. It represents less than 1% of total expenditures. Costs included here are primarily equipment purchases. Most capital outlay costs are incurred by other funds.

Other Expenses (4.300) – This expenditure includes costs not already included in previously presented expenditures. The largest cost within this group is County auditor and treasurer fees on real property tax collection. The timing of these fees corresponds to the collection of tax revenue. This represents 0% of budgeted and 2% of actual YTD expenditures.

Advances Out (5.050) – This expenditure represents an interfund loan made to other funds by the general fund. The interfund loan is due to the timing of the receipt of reimbursements in state and federal grant funds as well as to cover budgetary deficits in other funds. Interfund loans are required to be repaid within the next fiscal year. This cost is typically incurred in June every fiscal year.
