Dear Gainesville Families and Students, I am thrilled to be leading such a dedicated staff and community that make GHS a great place for students to learn and grow.

On behalf of the entire staff, I extend a warm welcome back to all our returning families. To those who are joining us for the first time, we are thrilled to have you become a part of The Red Elephant Family. Under my leadership, the school community can expect a strong emphasis on relationships. Building partnerships with students, staff, families, and the community will be a priority to foster a sense of collaboration and support. There will also be a focus on continuous academic improvement and student success. My experiences have instilled in me a deep commitment to providing the best possible education and support for all students.

Building Positive Relationships: At Gainesville High School, we firmly believe that strong relationships are the foundation of a thriving educational environment. We understand that learning flourishes when students feel supported, valued, and safe in their school community. This year our staff will continue to use our PBIS (Positive Behavior Interventions and Supports) model and expectations to ensure all students feel supported and a part of their school and classroom community.

Setting High Expectations: We believe that every student has the potential for greatness. We are committed to providing a challenging and rigorous academic program that encourages critical thinking, learning from mistakes, and fostering a growth mindset. By creating multiple learning opportunities for our students, we are supporting our students to unlock their full potential and prepare them for success in their future endeavors.

Working Together: As our school year gets underway, let's work together in creating a positive, nurturing, and academically enriching environment for all our students. I encourage you to stay involved in your child's education, attend our school events, and communicate with your child's teachers regularly. Together, we can positively impact your child's success here at Gainesville High School.

Please know that my door is always open, and I welcome your feedback, suggestions, and ideas.

GO BIG RED!

The Red Elephants

Legends abound in the world of competitive sports, often growing larger in stature and girth as years go by. Heralded stories of individual or collective feats are regaled with spirited pride. Yet, minus recorded history or factual

verification, legends are sustained. The story of how the Red Elephants got their name is one of lore.

Under the tutelage of the legendary Julian Howard Pittard, the fondly called “Coach Pitt,” the once-called Gainesville Gladiators amassed a record of 91 victories against 16 losses from 1923-33. Gridiron greats of the era included Tom Paris, Pat Patterson, Bennie Rothstein, Tiger Bennett, and Cy Bell. During a three year-stint, 1923, 1924, and 1925, his teams scored 1200 points while the opponents posted 63. This incredible record was recorded and described by the “iron men of sport” — no specialty players, no two-platooned systems, no face guards on leather-stitched helmets which, after competition, were folded and put into back pockets. Moreover, City Park was but a bowl cut into the red hills of the region and the playing field was minimally kept.

Coach Pitt’s teams were tough and big, inaugurating a legendary tradition of Gainesville’s teams throughout the twentieth century. The teams of 1923-24-25 were declared “state champions” even though there was no play-off system in place.

In the late 1920s and 1930s as the school’s football tradition flourished, Coach J. A. “Cotton” Neighbors succeeded Pittard as head coach. He continued to champion the teams’ traits to which opponents were accustomed — well coached, physically strong young men reared in a virtual gridiron nursery of a city and game strategies of strength and finesse.

It was also an era when Everett Strupper, a sportswriter for the *Atlanta Journal*, reported on a University of Alabama football game versus Mississippi. He described the crimson-clad Alabama team as “powerful, big, tough, fast, aggressive, and well-schooled in fundamentals with the best blocking.” He reported a fan saying “the elephants are coming.”

Legends and the consensus of opinion lend itself to believe that, during the mid 1930s, the same sportswriter witnessed a hard fought GHS game against Marietta. Hampered with star players’ injuries, the Marietta team was predicted to inflict a crippling loss. GHS prevailed and the awed writer described the scene: “Gainesville marched up and down the field like a herd of red elephants.”

Elephants — intellectual, majestic, leaders protective of their herd, sturdy — the qualities of a mighty mammal which a spirited student body admires and emulates.

Nourished by tradition and bolstered by a city of pride, the famed mascot became the Red Elephants. Legions of players and fans have long cheered those who donned the legendary red and white. Forever celebrated is the enduring tradition of being a mighty Red Elephant.

STUDENT CODE OF CONDUCT

Gainesville City School System High School Level

2025 – 2026

FOREWORD

It is the purpose of the Gainesville City School System (GCSS) to operate each school in a manner that will provide an orderly process of education that ensures the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy that requires all schools to provide codes of conduct. These require students to conduct themselves at all times in a manner that facilitates an optimum learning environment for themselves and others.

GCSS has adopted this Code to support the creation of a safe learning environment for all members of the school community. The purpose of this Code is to state clearly our standards for acceptable conduct of students. The Code also explains the consequences for not meeting these standards of conduct. This Code establishes a strict policy for conduct that endangers the safety of the schools and/or disrupts the educational experience for other students. GCSS does not permit corporal punishment.

The Code also sets forth the discipline procedures for the students who have committed violations of the Code. This Code is not meant to be a contract between the District and the students, and may be amended at any time. It is a place for GCSS to explain certain policies applicable to students.

We expect students to:

- Respect each other
- Respect school district employees
- Obey student behavior policies adopted by the Board of Education
- Obey rules established by individual schools

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in this Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

- At bus stop
- At school or on school property at any time
- Off school property at any school activity, function or event and while traveling to and from such events
- On vehicles provided for student transportation by the school system

In addition, students may be disciplined for felonious conduct off campus, which may pose a threat to the school's learning environment or the safety of students and employees.

Parents/guardians are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community. We ask for your cooperation in sharing this responsibility for maintaining a proper learning environment.

AUTHORITY OF THE PRINCIPAL

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code, the principal may undertake corrective measures, which he or she believes to be in the best interest of the student, and the school provided any such action does not violate school board policy or procedures.

Students Should:

Participate fully in the learning process. Students need to report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.

Avoid behavior that impairs their own or other students' educational achievement. Students should know and avoid the behaviors prohibited by this code, take care of books and other instructional materials, and cooperate with others.

Show respect for the knowledge and authority of teachers, administrators, and other school employees. Students must obey reasonable directions, use acceptable and courteous language, and avoid being rude and follow school rules and procedures.

Recognize and respect the rights of other students and adults. All students should show concern for and encouragement of educational achievements and participation of others in curricular and extracurricular activities.

Disciplinary action for violations of expected behaviors will include appropriate hearings and reviews. In all cases, the rights of individuals will be ensured and protected. The Gainesville City School System will make every reasonable effort to administer the discipline code consistently in all schools. When applicable, individualized plans (i.e. IEP, 504, and SST) will be reviewed for appropriate consequences.

ABSENCES AND EXCUSES – POLICY JBD

The Gainesville City Board of Education subscribes to a policy of good attendance and punctuality as essential to the academic performance for all students. It is the policy of the Gainesville City School Board to encourage students to attend school regularly and participate in all class activities physically or virtually on a daily basis.

The Gainesville City School Board believes that students should arrive at school on time and be in class on time each day. In order to foster regular attendance, the Gainesville City School System shall comply with all requirements of state law, State Board of Education rule, and the Student Attendance Protocol developed by Gainesville City Schools' Student Attendance Protocol Committee. The Board strongly believes that every day at school is important and that no student should be absent except for extraordinary reasons and encourages students and their parents to assume responsibility for being punctual and regular in attendance.

The Gainesville City School Systems attendance requirements are as follows:

- The parents/guardians/other persons having charge of any child between the child's sixth and sixteenth birthdays are subject to "compulsory attendance". That is, they are required by law to enroll and send such children to a public or private school or

utilize a home study program. Students assigned to alternative schools are subject to this requirement as well.

- All K-12 children enrolled for 20 school days or more in a public school of this state prior to their seventh birthday become subject to compulsory attendance.

Georgia law, O.C.G.A. § 20-2-690.1, states that a person who fails to send a child to school may be charged with a misdemeanor. For each violation of the statute, a court may subject this person to a fine not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed thirty (30) days, community service, or any combination of such penalties. Each day's absence after the school notifies the person of five unexcused days of absence shall be considered a separate offense of the statute.

For the purposes of this Policy, a child between his/her sixth and sixteenth birthdays shall be considered truant if the child has more than five days of unexcused absences in a school year. A truant student with more than ten days of unexcused absences within a school year may be identified as a child in need of services in accordance with O.C.G.A. § 15-11- 380.

It is the policy of the Board to excuse students from school for the following reasons: Written justification for any absence must be submitted by the student.

1. Personal illness or attendance in school that endangers a student's health or the health of others
2. A serious illness or death in a student's immediate family necessitating absence from school
3. The observance of religious holidays, necessitating absence from school
4. Conditions rendering attendance impossible or hazardous to student health or safety
5. A court order or an order by a governmental agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school
6. Visiting with a U.S. military parent prior to or on leave from overseas deployment (limited to 5 days per school year)
7. Any emergency or set of circumstances which, in the judgment of a building administrator, constitutes just and sufficient cause for an excused absence from school
8. Students shall be counted present when they are serving as pages of the Georgia General Assembly
9. Students in foster care shall be counted present when they attend court proceedings relating to their foster care
10. Students who are designated as hospitalized/homebound through the formal process are counted as present
11. Students shall be counted present when they are serving on jury duty
12. A student will be excused for participation in 4-H activities and events held during the school day

The following regulations are in place in regard to student absences:

- 3 days – Phone call home by teacher
- 5 days – Designated staff will send a letter home.
- 7 days – Designated staff will set up an attendance meeting to possibly include the parent, student, administrator, counselor, graduation coach, etc. if there has been no improvement from previous communication attempts. There will also be an attendance contract in place.
- 10+ days - CHINS referral may be made by the system social worker to involve the court system if no response or improvement from previous communications. Before being referred to C.H.I.N.S. process, there will be documented attempts from school staff to work with the parent and child to improve attendance.
- 30+ consecutive days- An automatic referral to DFCS (Department of Children & Families) and the RESA student affairs officer if there is no explanation such as a withdrawal

The principal may in certain circumstances require students to present appropriate medical or other documentation upon return to school for the purpose of validating that absences are excused.

Students are expected and permitted to make up all work for credit missed due to absences. This shall include all assignments, quizzes, and tests.

Tardiness - Students are expected to arrive at school on time. Students who are tardy for school must go to the school office to sign-in before going to class.

Infinite Campus Parent/Student Portal Single Sign On - Students and parents may access pupil attendance, grades, and assignments as well as the daily bulletin containing announcements through the parent/student portal. Student login information is available through guidance; parent log-ins may be obtained by going to the system webpage www.gcck12.net to sign up for the Infinite Campus Parent Portal. This portal allows parents/guardians the ability to view all of their children with one login name and password.

AWARDING UNITS/TRANSFERRING CREDITS – POLICY JBC(4)

The Board of Education ("Board") shall fully comply with the requirements of Georgia Board of Education Rule 160-5-1-.15 Awarding Units of Credit and Acceptance of Transfer Credit and/or Grades and the State Department of Education's *Guidelines for Awarding Units of Credit*. All terms used in this policy are as defined in the Rule and its *Guidelines*.

The requirements of this policy shall apply to all students regardless of the date they first entered the ninth grade.

Awarding Units of Credit

1. Students shall be awarded credit only for courses that include concepts and skills based on the state-adopted curriculum for grades 9-12 approved by the State Board of Education (SBOE) in accordance with the provisions for each program or course described in the State Board Rule(s) and State Department Guidelines.
2. The Board shall award units of credit for middle school courses that are based on the state-adopted curriculum for grades 9-12.
3. The superintendent or designee is authorized to establish procedures whereby a student may earn course credit by demonstrating subject area competency without regard to the amount of instructional time the student spends in the course. Students and parents shall be advised of such opportunities through the student handbook, presentations at parent and family workshops, and/or advisement material.
4. An eligible student may earn course credit by "testing-out," which means scoring at the "Exceeds" level on a state End of Course Test (EOCT) prior to taking the course. Students attempting to test-out must have parent permission and their parents shall be informed of potential costs prior to the EOCT administration. The cost of EOCT administration to students who attempt to test out, but who do not score at the Exceeds

level shall be paid by the student and/or parent of the student. Course credit earned through testing-out shall be reported in the same way as credit earned through course completion. A student's numerical grade for a course in which the student tests out shall be determined by converting the student's EOCT scale score to a prorated numerical score using the state EOCT conversion scale for that subject. Student eligibility criteria for earning credit by EOCT "testing-out" and information regarding grade assignment and collection of any associated fees shall be included in the student handbook, presentations at parent and family workshops, and/or advisement materials.

5. Students enrolled in a course requiring an EOCT, but fail to take the test will fail the course regardless of grades. The EOCT is 20% of the course grade. Courses with EOCT are Algebra, Geometry, Biology, Physical Science, Ninth Grade Literature and Composition, American Literature and Composition, U.S. History and Economics.

Accepting Transfer Credit and Grades

- The Board will accept student course credit earned in an accredited school, which must have been accredited or hold provisional status at the time the credit was earned.
- The Board will not substitute courses and exempt students from the required secondary minimum core curriculum unless the student transferred from an accredited secondary school or the courses presented for credit include concepts and skills based on the state-adopted curriculum for grades 9-12 approved by the SBOE.
- Transfer credit shall be validated for courses taken at non-accredited schools, home study programs, and non-traditional educational centers.
- Elementary and middle school students transferring from home study programs, non-accredited schools or non-traditional educational centers will be placed at the appropriate grade level in a probationary placement based on the student's records in prior schools or programs and satisfactory performance in a district school for a nine weeks and/or the end of the grading period OR based on satisfactory performance on standardized or locally developed tests focusing on grade level or subject area.
- High school students transferring from home study programs, non-accredited schools or non-traditional educational centers will be placed in the appropriate grade level based on the number of units earned toward graduation. Units of credit shall be granted for courses that meet state-adopted curriculum standards for grades 9-12; OR based on satisfactory performance on standardized or locally developed tests focusing on subject area. High school transfer students must take any state-mandated assessments, including applicable End of Course Tests.
- For student transcript purposes, grades for courses taken by transferring students will be accepted as recorded on the transcript from the issuing school or program. Letter grades for high school transfer students will be converted to numerical grades using either a conversion scale provided by the prior school or, if a scale is not available, using a conversion formula established by the Superintendent or designee. Transferred course titles, if necessary, will be changed to appropriate course titles in the list of state funded courses.
- Transcripts will be analyzed at the School (United States transcripts) and/or District (International transcripts) level by trained personnel to determine whether courses meet state-adopted curriculum standards for grades 9-12.
- If core credit will be issued for a course, the appropriate EOCT, released GHSGT test (by domain), or locally developed test will be administered. Students are required to earn a score of 70% or higher in order to receive core credit. Those scoring below this threshold should be enrolled in the course.
- If elective credit will be issued for a course, an appropriate elective from the list of state funded courses will be selected.
- International students who may have limited English skills and would be unable to demonstrate proficiency on assessments to be administered to receive core credit will initially receive an elective credit. However, the school has the option to convert the elective credit to a core credit at a later date if it is determined that a lack of English skills previously prohibited the student from demonstrating proficiency. In order to make the conversion, the appropriate EOCT, released GHSGT test, or locally developed test should be administered prior to placement in the course for core credit. Students are required to earn a score of 70% or higher in order to receive core credit. Those scoring below this threshold should be enrolled in the course and retain the initial elective credit.
- Transferred courses will be recorded using the following course numbering protocols:
 - o In state public school credit – course number from transferring school or internal course number
 - o Out of state public school credit – xx.xxxx6xx
 - o In state and out of state private school credit – xx.xxxx7xx
 - o Out of USA credit – xx.xxxx8xx
 - o Home school credit – xx.xxxx9xx

Teacher identification for transferred courses will be recorded using the following SSN protocols:

- o In state school – 999999999
- o Out of state school – 888888888

Transferred courses will be changed to the appropriate course title in the list of state funded courses, as needed. Letter grades will be converted to numerical grades using either a conversion scale provided by the prior school or, if a scale is not available, using the following conversion formula:

Letter Grade	Numeric Grade
A	90 - 100
B	80 - 89
C	70 - 79
F	69 and Below

Passing Grade	70 and Higher

Procedures for Awarding Units of Credit for Dual Enrollment Courses

The Board shall award units of credit to students for high school courses taken through postsecondary institutions as described in the State Board of Education Rule 160-4-2-.34 Dual Enrollment.

- For students who participate in approved dual enrollment credit programs, the grades and amount of credit for each approved course shall be placed on high school transcripts and shall be used in computing grade point averages for both class ranking and HOPE eligibility.
- Dual enrollment courses will be given an additional .5 weighting for the purpose of calculating GPA for both class ranking and HOPE eligibility.
- For **each** successfully completed, approved dual enrollment credit course, secondary credit shall be awarded toward state and local high school graduation requirements based on the credit conversions below, regardless of the course location or school day class schedule followed. Per approval from the State Board of Education in January 2010, the following new credit conversions must be used and followed without local adjustments or requirements:
 - o Postsecondary semester hour credit shall be converted to high school unit credit as follows: 1 semester hour = .5 unit; 2 to 5 semester hours = 1 unit.
 - o Postsecondary quarter hour credit shall be converted to high school unit credit as follows: 1 to 3 quarter hour credits = .5 unit; 4 to 8 quarter hour credits = 1 unit.
 - o Students are limited to 4 units of dual credit per semester and 8 units per year regardless of the combination of dual or regular classes scheduled. One hour labs that are part of a class are not counted for dual credit at the high school level, just the college.

BEHAVIORAL EXPECTATIONS FOR POSITIVE BEHAVIORAL INTERVENTION SUPPORTS

Gainesville City School System is proud to announce its designation as an active Georgia Positive Behavioral Interventions and Supports (PBIS) district. PBIS is a proactive approach to establishing the behavioral supports and social culture needed for all students in a school to achieve social, emotional, and academic success. Attention is focused on creating and sustaining primary (school-wide), secondary (classroom), and tertiary (individual) systems of support for all youth by making desired behavior more functional. One of the foremost advances in school-wide discipline is the emphasis on school-wide systems of support including proactive strategies for defining, teaching, and supporting appropriate student behaviors to create positive school environments. Instead of using a piecemeal approach of individual behavioral management plans, a continuum of positive behavior support for all students within a school is implemented in areas including the classroom and non-classroom settings (such as hallways, buses, and the cafeteria).

BUS CONDUCT

Transportation service for students is a privilege, not a right. Students will be allowed to ride Gainesville City Schools buses as long as they remain a student in good standing for that purpose. A student in good standing is one who follows the rules. Students are responsible for maintaining good behavior while riding the school bus. Parents should remind their children to follow all the rules listed below and to be a person of responsible character while riding to and from school, on field trips, or any other school-sponsored trip. The school bus is considered school property; therefore, all rules that apply to school buildings also apply to school buses.

1. Students are to be at their designated stop in the morning at least five minutes before the bus is to arrive.
2. Students are expected to get off at their designated stop unless they have a note from a parent or legal Guardian stating that they have permission to exit at a different stop.
3. **BUS BOARDING PASSES** – Students must have a bus boarding pass that is completed by the school in order to ride a bus other than their normal bus. Students must hand the bus boarding pass to the bus driver in order to ride a bus that is not their normal bus. Parents must send a note to the school or call the school by 9:00 AM to make changes in afternoon bus transportation for their child.
4. Students shall be permitted to use electronic devices during the operation of a school bus, including but not limited to cellular phones, MP3 players, and iPods, provided that the safety of staff members and other bus riders is not jeopardized.
5. No excessive noise or rowdy behavior is permissible on the bus. Only normal conversation is allowed except when at railroad crossing, red lights, and stop signs. At these times there shall be no talking.
6. A student shall immediately take his/her seat upon entering the bus and remain seated in that seat until the bus stops and it is time to get off.
7. Head, hands and feet shall be kept inside the bus at all times.
8. Throwing any article inside the bus or at the bus is strictly prohibited.
9. Students must wait for the bus in an orderly manner a safe distance off the roadway. The bus shall come to a complete stop before students move toward the bus. Students must not rush or walk between buses when loading or unloading.
10. No fighting is allowed on the bus.
11. Lighters, matches, or other igniting devices, as well as smoking on the bus are strictly prohibited.
12. Eating or drinking on the bus will not be allowed.
13. Students will not use profane or foul language at any time.
14. Students shall not deface or damage the bus (i.e., writing or painting inside or outside the bus). Any guilty of such acts will pay the cost of repairs.
15. Students will not open the emergency door except for emergencies when instructed by the bus driver to do so.
16. Students who must cross the road after being discharged from the school bus must cross in front of the stopped school bus.
17. Students are strictly prohibited from acting or talking disrespectfully in any way to the bus driver.
18. Misconduct on buses near the end of the school year that cannot be dealt with during the remainder of the school year will carry over to the beginning of the school year.
19. For the safety and protection of riders and drivers, buses may be equipped with video cameras and audio capabilities. These tapes may be used for identifying behavioral problems. These tapes are held for one school day only and then are taped over. Videotapes will be reviewed only by district staff.

Because safety on the school bus affects many other students, the administration reserves the right to invoke a penalty more severe than listed for the offense. This may include behaviors that threaten the safety of anyone else in the bus. Violations of the School Bus Rider's Rules will be dealt with as follows **for grades PK-12:**

First Offense- The student is reported to the principal by the bus driver. The principal talks with the student and sends written communication to the parent/legal guardian to be signed and returned to the principal. A copy of this communication is sent to the bus driver.

Second Offense- The principal again talks with the student and sends written communication to the parent/legal guardian. The communication in part will warn the parent/legal guardian that another offense will deny the student of bus riding privileges from one to five days (depending upon the nature of the offense). The communication is to be signed by the parent/legal guardian and returned to the

principal. A copy is sent to the bus driver.

Third Offense- The parent/legal guardian is notified in writing that the bus riding privileges are suspended (from one day to ten days). The communication is to be signed by the parent/legal guardian and returned to the principal. A copy is sent to the bus driver.

ADDITIONAL GUIDELINES

- Parents/guardians are responsible for providing transportation for students suspended from riding the bus.
- Bus drivers are in complete charge at all times and are authorized to assign seats.
- Conversation with the driver or behavior distracting the driver by students during loading and unloading of buses should be avoided. During this critical time complete concentration by the driver is required. Parents/guardians with concerns or complaints that need to be addressed by the bus driver should contact the Director of Transportation, Jerry Castleberry at (770) 536-8312. Under no circumstances should parents distract the driver by boarding the bus or complaining at the bus stop. Student safety must be top priority during this time.
- Student conduct in school and on school buses may be videotaped with surveillance equipment. This equipment is installed for the purpose of promoting a safe environment for students, personnel, passengers and drivers.
- Any action or disturbance that endangers the well-being of any student will be handled in accordance with the student discipline section of this handbook.
- It shall be unlawful for any person to knowingly, intentionally, or recklessly disrupt or interfere with the operation of any public school, public school bus, or public school bus stop as designated by local school boards of education. Any person violating this Code section shall be guilty of a misdemeanor of a high and aggravated nature (OCGA 20-2-1181)

CERTIFICATE OF SCHOOL ENROLLMENT

Attendance/Discipline and Driver's License – (O.C.G.A. 40-5-22) This law requires that the local school system's central office receive information from the public schools and home schools regarding students 14 through 17 years of age whose driver's licenses are to be revoked or not issued according to the provisions of the law.

Effective July 1, 2015, schools will have to certify that a student is enrolled in and not under expulsion from a public or private school to be eligible for a driver's license or learner's permit.

Students applying for an instruction permit or driver's license must obtain from their school a **Certificate of School Enrollment** form to certify that a student is eligible for a driver's license or learner's permit. The Certificate of School Enrollment form will replace the Certificate of Attendance form and the Certificate of Eligibility for Restoration of Driving Privileges form certifying that none of the above provisions apply to them at the time the letter is generated or for the preceding year.

Certificates of School Enrollment must be obtained by applying with the Gainesville High School Main Office. There is a \$5.00 fee for this service and processing will take from 24-48 hours depending on the volume of requests. The Certificate of School Enrollment is only valid for 30 days from the date of issuance. Current proof of residency must be on file before request is processed.

CHECKING OUT OF SCHOOL

Gainesville High School believes consistent attendance at school is essential for academic success.

1. Students must bring a checkout request to the Third Floor office or the Main Office of A Building **before 1st period begins**. It must include the student's name, reason for dismissal, and time of dismissal. It must be signed by a parent/legal guardian and must have a phone number where the parent/legal guardian can be reached for verification. The student **will not be allowed to checkout** unless the office verifies the note. **No telephone or email checkouts are allowed. Only authorized persons will be allowed to checkout a student.**
2. **CHECKING OUT FOR LUNCH IS NOT PERMITTED.**
3. Upon arrival back to school, students are encouraged to bring back appropriate documentation for excused absences from any missed periods. Official documentation from court, school-related field trips, college visits (limited number), funeral services, and/or any medical appointments will assist in the conversion of absences to excused absences for any missed days or class periods.

Any student who leaves school without authorization will face disciplinary action. Work-Based learning or Dual Enrollment students will be issued a campus pass.

CHILD ABUSE AND NEGLECT – POLICY JGI

All employees of the Gainesville City School System, as well as persons who attend to a child pursuant to their duties as a volunteer for the school system, who have reason or cause to believe that suspected child abuse has occurred shall notify the principal or the school system's designee, who shall report such abuse immediately, but in no case later than 24 hours from the time there is reasonable cause to believe that suspected child abuse has occurred, in accordance with Georgia law and the protocol for handling child abuse cases for Hall County, Georgia.

Under no circumstances shall the principal or designee to whom a report of child abuse has been made exercise any control, restraint, modification or make any other change to the information provided by a mandated reporter, although the reporter may be consulted prior to the making of a report and may provide any additional, relevant and necessary information when making the report.

CHRONIC DISCIPLINARY STUDENT ACT (O.C.G.A. 20-2-764)

A chronic disciplinary problem student is a student who exhibits a pattern of behavioral characteristics which interfere with the learning process of students around him or her and which are likely to recur. Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent/guardian of the disciplinary problem, invite the parent/guardian to observe the student in a classroom situation, and request at least one parent/guardian to attend a conference to devise a disciplinary and behavioral correction plan. Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail, at least one parent/guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan. The law allows a local board of education to petition the juvenile court to require a parent/guardian to attend a school conference. If the court finds that the parent /guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent/guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, or both. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent/guardian who willfully disobeys an order of the court under this law.

Internet and Intranet Usage

1. Use of the Internet is a privilege and is NOT a right. Any misuse of this privilege could result in the termination of computer access.
2. The Internet will be filtered to attempt to keep students from accessing pornographic, hate, or other undesirable sites. Any attempt to bypass this Internet filter, either through use of Gainesville City School System owned technology or through personal devices is a violation of this regulation and may result in disciplinary action.
3. Parents and staff must be aware that students have access to the Internet from all school system computers. Teachers must use good judgment and closely supervise their student's use of the Internet. The School System uses filtering software to help prevent student access to

inappropriate websites. However, it is impossible to block access to all objectionable material. If a student decides to behave in an irresponsible manner, they may be able to access sites that contain materials that are inappropriate for children or are not commensurate with community standards of decency. They should not be permitted to access sites unrelated to their assignment and should not be allowed to access games or other sites that could infect the computer with “Spyware.” Staff may have less filtered access to the Internet. They must be especially careful to review materials before displaying them to students.

Artificial Intelligence (AI) General Guidelines

- AI, or Artificial Intelligence, describes computer systems trained with data to perform tasks that are usually carried out by a human. These technologies are applied across various types of industries and serve a wide range of purposes. GCSS is dedicated to ensuring the safe, responsible, and ethical use of AI. Students and staff members should follow these guidelines for using AI in the classroom.
- Student & Staff Use of AI: Students and staff should only use AI tools that have been approved by the district. Some AI tools may be limited to use by certain age levels due to the privacy policy and/or terms of service.
- AI for Academic Purposes: Before using AI tools to complete school assignments, students should seek guidance from their teacher regarding AI appropriate use in academic settings. Guidance may vary depending on the assignment, proposed tool, and learning objectives.
- AI Output Review: Always review and check the results from AI tools before submitting or sharing the results. AI output is not always correct and can contain inaccuracies. It is a good idea to cross reference AI output with known reputable sources of information.
- Bias and Misinformation: AI-generated content may contain biases or inaccuracies. It is important to keep this in mind when working with an AI engine.
- Safety & Respect: Staff and students will refrain from using AI tools to create or distribute harmful, misleading, or inappropriate content with AI tools.

Gainesville City School System Guidance:

Generative Artificial Intelligence (also abbreviated as Gen AI) refers to software tools modeled on large amounts of data to produce text, images, videos, or other digital artifacts. AI is also evolving, adapting, and changing; Gainesville City Schools Instructional Technology Department provides ongoing guidance on how to effectively and safely use AI tools. Generative AI has a place in the classroom when educators and students remain at the center of instruction and learning.

AI Approval & Safe Use

Only the AI tools that are approved in the TrustEd Apps Dashboard should be used by staff and students. Approved AI tools, in the TrustEd Apps Dashboard, will also include direction on the following:

- AI tools approved for staff only.
- AI tools approved for students by age level.
- Please note that the majority of AI tools are not intended for use by children and most of the policies indicate that their service should only be used by users who are 18 or older.

Staff members can request AI tools that have not yet been vetted on the TrustEd Apps by following the Approval Process found in the TrustEd Application Dashboard.

Data Security & Safety

Ensure that your use complies with student/personal privacy and data protection laws and Gainesville City Schools guidelines. Be aware of and follow safe guidelines for using AI tools and resources below.

COMPREHENSIVE HEALTH AND PHYSICAL EDUCATION PROGRAM

Georgia State Board Rule IDB (160-4-2-.12) requires that "sex education and AIDS education shall be a part of a comprehensive health program." If desired, parents and legal guardians may request an opportunity to review all instructional materials related to this program prior to their students entering the program. Parents and legal guardians may opt to exclude their child from sex education and AIDS prevention instructional programs by sending a written request to the school that their child not receive such a course of study.

- All students will have access to all available services;
- The role of the counselor is to help reduce barriers that hinder academic and emotional growth and success;

The Counseling Department is a student service division of the total school program at GHS that seeks to provide assistance to all students and families.

DEBTS

Debts may include, but are not limited to: library book fines, outstanding classroom books, athletic and extracurricular uniforms or equipment, class or club dues, fundraising monies, returned checks, camp fees, restitution, tuition, or any other outstanding obligations. Georgia H.B. 1450 states that parents and guardians of minor children will be liable for their willful, malicious damage to school property up to \$5000 plus court cost.

Students must clear up all financial obligations at the end of each semester and/or prior to graduation. Report cards and transcripts of permanent records will be withheld until all debts have been cleared. Seniors who owe debts will not be allowed to participate in graduation ceremonies.

DISCIPLINE PROCEDURES (PROGRESSIVE DISCIPLINE) – POLICY JCDA

It is the policy of the Gainesville City Board of Education that each school within this school district shall develop and implement age-appropriate student codes of conduct designed to improve the student learning environment and which will comply with state law and State Board of Education Rule 160-4-8-.15. Each code of conduct shall include the following:

1. Standards for student behavior designed to create the expectation that students will behave themselves in such a way so as to facilitate a learning environment for themselves and other students. The standards should be designed also to encourage students to respect each other and school district employees, to motivate students to obey student behavior policies adopted by this board and to obey student behavior rules established at each school within this school district;
2. Student support processes designed to consider, as appropriate in light of the severity of the behavioral problem, support services available at each school, the school system and other public entities or community organizations which may assist students to address behavioral problems;
3. Progressive discipline processes designed to create the expectation that the degree of discipline imposed by each school will be in proportion to the severity of the behavior of a particular student, the previous discipline history of the student and other relevant factors, while ensuring that each student receives the due process mandated by federal and state law;
4. Parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance student behavior and academic performance. The process should enable parents, guardians and school employees to communicate freely their concerns about student behaviors which detract from the learning environment;
5. All other specific requirements as set forth in any existing State Board of Education Rule or in Georgia law.

Each school shall involve parents in developing and updating student codes of conduct. Each code shall require disciplinary action for each infraction of the code. All student codes of conduct shall be submitted to the board for approval.

The student code of conduct shall be distributed to each student and the student's parents or guardians during the first week of school and upon enrollment of each new student. The parents shall be requested to sign an acknowledgment of the receipt of the code of conduct and return promptly the acknowledgment to the school. The student code of conduct shall be available in the school office and each classroom.

TEACHER REPORTING REQUIREMENT

It is the policy of the Board of Education that the superintendent shall fully support the authority of principals and teachers to remove a student from the classroom pursuant to Georgia law as cited in Section 20-2-738 and Section 20-2-751.5(d).

A teacher shall have the authority, consistent with board policy, to manage his or her classroom, discipline students, and refer a student to the principal or his designee to maintain discipline in the classroom. Any teacher who has knowledge that a student has exhibited behavior which violates the student code of conduct and repeatedly or substantially interferes with the teachers ability to communicate effectively with the students in his/her class or with the ability of such students classmates to learn shall file a report of such behavior with the principal or his designee.

The principal and teacher shall thereafter follow the procedures set forth in Georgia law, specifically O.C.G.A. § 20-2-737-738.

The Superintendent and/or his designee shall develop procedures as necessary for implementation of this policy and this state law.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board of Education Rule 160-4-8-.16 Unsafe School Choice Option.

Parents and police will be notified in every instance where the law is violated.

Minor acts of misconduct are those that interfere with orderly school procedures, school functions, extracurricular programs, approved transportation, or the student's learning process. Students may be disciplined by the professional staff member involved or may be referred directly to the administration.

Penalties for minor acts of misconduct include, but are not limited to, the following:

- Warning
- Conference with student
- Alternative seating
- Conference with parent/guardian, teacher and/or administrator
- Practice of desired behavior
- Development of an action plan or behavior contract
- In-school suspension (ISS)
- Participation in the cleaning/repair of any damage caused to the school-related environment
- Detention
- Any other disciplinary technique that positively promotes the student Code of Conduct and desired character trait(s)

Intermediate acts of misconduct require administrative intervention. These acts include, but are not limited to, repeated, unrelated acts of minor misconduct and misbehaviors directed against persons or property, but which do not seriously endanger the health, safety or well-being of others. Consideration of necessary behavior support services should be given if not already provided. Penalties for intermediate acts of misconduct include but are not limited to the following:

- Student participation in conference with parent/guardian, teacher, and/or administrator
- Restriction from school programs or other activities
- Up to three days out-of-school suspension
- Participation in the cleaning/repair of any damage caused to the school-related environment
- Financial restitution for the repair of any damage caused to the school-related environment
- Development of an action plan or contract
- Detention
- Change in Academic Setting
- Any other disciplinary technique that positively promotes the student code of conduct and desired character trait(s)

Serious acts of misconduct require administrative intervention and may require use of outside agencies and/or law enforcement. These offenses include, but are not limited to, repeated misbehavior that is similar in nature, serious disruptions of the school environment, threats to health, safety, or well-being of others, or property. Because serious acts of misconduct may result in placement in a separate alternative educational program or expulsion, students have benefit of due process, such as the Disciplinary Tribunal, the procedural safeguards and other requirements identified in the 1997 Federal Individuals with Disabilities Education Act and the Georgia Board of Education's Special Education Rules. Penalties for serious acts of misconduct include, but are not limited to, the following:

- Restriction from school programs and/or other activities
- Out-of-school suspension for up to ten days
- Participation in the cleaning/repair of any damage caused to the school-related environment

DRESS CODE POLICY

We, the Gainesville City District family, aim high to create a warm and inviting environment. We want every reflection of our brand to be consistent with our tradition of excellence. As a member of this family, your appearance is a reflection of the GCSS brand and how we show up collectively is important to our community. At the same time, we want to build a district where individuality, empowerment, and inclusion are nurtured. With this balance in mind, we have updated our dress code.

We have an expectation that students will dress in a manner that is appropriate for a place of study; and are obeying reasonable standards of safety, health, and cleanliness so as not to distract from the educational process.

Clothing with any picture or wording that relates, infers to, or promotes gangs, drugs, alcohol, tobacco, sex, or displays lewd, vulgar, or indecent language will not be allowed on school property or at school events.

There are examples of what we do not wear and it is best that we provide some examples below.

- Clothing worn in such a manner as to reveal undergarments, bare skin between the upper chest, belly area, and upper thigh.
- Backless, strapless, spaghetti straps, and tank tops.
- See-through/ mesh garments.
- Caps or hats that make it difficult to identify a student
- Pajama attire, sleepwear, or bedroom footwear.

The school administrators, having discretion to render judgments regarding what is and what is not appropriate, may, if necessary, waive these policy restrictions in religious and/or medical situations. Principals and Assistant Principals will determine what happens when a student does not comply with our dress code. A student may be sent home to dress appropriately or may be required to wear a change of clothing provided by the school or parents/guardians.

Students with multiple dress code infractions may be entered into the four step discipline sequence. (See Appendix for further details)

The highest priority for use district electronic resources will include uses that support the educational and business mission of the school system, purchased services, and online testing.

Any student, employee, applicant for employment, parent or other individual who believes he or she has been subjected to harassment or discrimination by other students or employees of the school district based upon any of the factors previously listed should promptly report the same to the principal of the school or the appropriate coordinator as listed below, who will implement the board's discriminatory complaints or harassment procedures. Students may also report harassment or discrimination to their school counselor.

Title VI, Section 504, and Americans with Disabilities Act - Mrs. Sarah Bell, Deputy Superintendent – 508 Oak Street Gainesville, GA 30501, 770-536-5275, Ext 5136

Title IX – Mrs. Priscilla Collins, Chief Professional Services Officer –508 Oak Street Gainesville, GA 30501, 770-536-5275 Ext 5127

Students and employees will not be subjected to retaliation for reporting such harassment or discrimination. A copy of the discriminatory complaints procedure under Gainesville City Board of Education Policy JAA/GAAA (Equal Opportunity/Discriminatory Complaints Procedure) or under Policy IDFA (Gender Equity in Sports) is located on the Gainesville City Board of Education Web site at www.gcssk12.net – Quick Links-Board of Education.

Any student, parent, or other person who believes he or she or any student has been discriminated against or harassed in violation of this policy must make a complaint in accordance with the procedures outlined below.

COMPLAINTS PROCEDURE Complaints made to the School System regarding alleged discrimination or harassment on the basis of race, color or national origin in violation of Title VI, on the basis of sex in violation of Title IX or on the basis of disability in violation of Section 504 of the Rehabilitation Act of 1973 or the Americans With Disabilities Act will be processed in accordance with the following procedure:

1. Any student, employee, applicant for employment, parent or other person with a complaint alleging a violation as described above shall promptly notify, in writing or orally, either the principal for his/her school or the appropriate coordinator designated from time to time by the Board of Education or by the principal. If the complaint is oral, either the coordinator or school principal to whom the complaint is made shall promptly prepare a memorandum or written statement of the complaint as made to him or her by the complainant and shall have the complainant read and sign the memorandum or statement if it accurately reflects the complaint made. If the complaint is made to a school principal, he or she shall be responsible for notifying the appropriate coordinator of the complaint.
2. If the alleged offending individual is the coordinator or the principal, the complaint shall either be made by the complainant to the Superintendent or, if the complaint is initially made to the school principal, reported by the principal to the Superintendent. If the alleged offending individual is the Superintendent, the complaint shall be made to the designated coordinator, who shall, without further investigation, report the complaint to the Board chairperson.
3. The coordinator or his or her designee shall have fifteen work days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator or designee shall prepare a written response to the complaint detailing any action to be taken in response to the complaint and the time frame in which such action will be taken and copies of this response shall be furnished to the complainant, the appropriate coordinator and the Superintendent or his or her designee.
4. If the complaint is not resolved at the conclusion of this fifteen-day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five work days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools. If the alleged offending individual is the Superintendent, the complainant may have the complaint referred to the Board of Education, rather than the Superintendent.
5. The Superintendent shall have fifteen workdays to review the complaint and the response of the coordinator or designee and attempt to re-

solve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his or her approval of the action recommended by the coordinator or designee or the action to be taken by the system in response to the complaint in lieu of that recommended by the coordinator or designee and the time frame in which such action shall be taken.

6. This policy is not intended to deprive any student or parent of any right they may have to file a grievance pursuant to any other policy of the local Board of Education, or to contact the Office of Civil Rights or other appropriate state or federal agency with regard to any allegations that the School District has violated the statutes described above. The school system shall be responsible for distributing and disseminating information relevant to this policy and procedure to students, applicants for employment and employees through appropriate procedures.
7. No reprisal shall occur as a result of reporting unlawful discrimination or harassment under this policy, and any attempt to retaliate against a complainant shall be disciplined as is appropriate.
8. The confidentiality of any individual making a complaint or report in accordance with this policy, to the extent it is reasonably possible, shall be protected, although the discovery of the truth and the elimination of unlawful harassment shall be the overriding consideration.

HARASSMENT – POLICY JCAC

It is the policy of the Gainesville Board of Education to prohibit any act of harassment of students by other students or employees based upon race, color, national origin, sex, or disability at all times and during all occasions while at school, in the workplace or at any school event or activity. Any such act by a student or employee shall result in prompt and appropriate discipline, including the possible termination of employment or suspension or expulsion of the student. Sexual harassment may include conduct or speech which entails unwelcome sexual advances, requests for sexual favors, taunts, threats, comments of a vulgar or demeaning nature, demands or physical contact which creates a hostile environment. There may be other speech or conduct which employees or students experience as inappropriate or illegal harassment which should also be reported; harassment can take many forms and it is not possible to itemize every aspect of the harassment forbidden by this policy.

Any student, parent, employee, or other individual believes that a student has been subjected to harassment or discrimination by other students or employees of the School District as prohibited by this policy should promptly report the same directly to a principal of their school or to the appropriate coordinator designated in policy JAA, who will implement the board's discriminatory complaints procedures as specified in that policy. Students may also report harassment or discrimination to their school counselor or any administrator. Students and employees will not be subjected to retaliation for reporting such harassment or discrimination. If at any point in the investigation of reported sexual harassment of a student, the coordinator or designee determines that the reported harassment of a student should more properly be termed abuse, the reported incident or situation shall be referred pursuant to the established protocol for child abuse investigation.

It is the duty of all employees to promptly report harassment forbidden by this policy. All supervisors will instruct their subordinates as to the content of this policy and, through appropriate professional learning activities, enlighten employees as to the varied forms or expression of prohibited harassment. The principals of all schools shall ensure that students and parents are informed through student handbooks and verbally that such harassment is strictly forbidden, how it is to be reported and the consequences for violating this policy.

HOSPITAL/HOMEBOUND SERVICES Rule 160-4-2-.31

Hospital/Homebound (HHB) services are designed to provide continuity of educational services between the classroom and home or hospital for students in Georgia public schools whose medical needs, either physical or psychiatric, do not allow them to attend school for a limited period of time. HHB instruction may be used to supplement the classroom program for students with health impairments whose conditions may interfere with regular school attendance (e.g., students receiving dialysis or radiation/chemotherapy or students with other serious health conditions). Students must be enrolled in a public school in Georgia in order to receive HHB services.

HHB services are not intended to supplant regular school services and are by design temporary. The student must anticipate being absent from school for a minimum of ten consecutive or intermittent school days due to a medical or psychiatric condition. The student's inability to attend school for medical or psychiatric reasons must be certified by the licensed physician or licensed psychiatrist who is currently treating the student for the diagnosis presented.

Hospital/Homebound Services Program Overview For more information, contact Sarah Bell, Deputy Superintendent at 770.536.5275

Those students who do not use this transportation are still expected to arrive to school on time, ready to participate and learn. Students are expected to plan their time effectively so that they may arrive to school and classes in a timely manner. It is the belief of Gainesville High School that each child should be entitled to the maximum instructional time each day and for each class. PROMOTION AND RETENTION – POLICY IHE

The Gainesville City Board of Education endorses the concept that a student's success in school depends to a great extent upon the cooperation between home and school. The Board believes its primary function is to provide students a quality educational opportunity. It is the responsibility of the school, home, community and the individual learner to take full advantage of that educational opportunity. Although the Gainesville City Board of Education strongly believes that students should continue to advance to the next grade level annually, promotion is based primarily on student achievement and is not an automatic process. It is recognized that under certain circumstances retention or placement may be required for some students.

1. Definitions consistent with those contained in State Board Rule 160-4-2.11 Promotion, Placement and Retention.
2. Students shall be tested in accordance with requirements specified in State Board Rule 160-3-1-.07 Testing Programs-Student Assessment.
3. Grades 9-12: Promotion is based on the number of units for which a student has credit toward graduation as follows:

9th to 10th grade	5 units
10th to 11th grade	11 units
11th to 12th grade	17 units
To graduate	23 units

Graduation requirements are specified in the local board's graduation policy in accordance with the appropriate State Board Rule. Parents or guardians shall be notified annually that placement or promotion of a student into a grade, class, or program will be based on the academic achievement of the student on criterion-referenced assessments and other criteria established by the Board. There shall be no appeal of promotion/retention decisions beyond the school level.

Based on this inspection, a management plan was written and submitted to the State Department of Education. This plan will be available for public inspection at the superintendent's office. It contains the following:

- 1) Location, amounts and types of asbestos contained materials in all schools and support buildings;
- 2) Response actions to the asbestos contained materials selected by the City School System;
- 3) Plans for re-inspection, periodic surveillance and operation and maintenance programs; and
- 4) Public notification procedures. Anyone interested in reviewing this plan, please contact the Gainesville City School Superintendent's office at 770-536-5272.

with the operation of any public school, public school bus, or public school bus stop as designated by local school boards of education. Any person violating this Code section shall be guilty of a misdemeanor of a high and aggravated nature.

Emergency Preparedness Plan/Emergency Drills The Georgia Emergency Management Agency reviews and approves the school system's comprehensive School Safety Plan and each school's Emergency Preparedness Plan. These plans are coordinated with county, state, and federal emergency plans. Fire/evacuation drills will be held on a monthly basis. In addition, drills for severe weather, lockdown of the school, and bus evacuation will be held at least once each year. Parents/guardians should remind their children that during emergency drills students must respond quietly and quickly and must follow the direction given by their teachers and administrators.

Failure to Leave Campus (O.C.G.A. 16-22-35) Any person who fails to leave the premises when requested to leave any school property and/or returns to any school property after instructed by school staff or law enforcement to leave the property, they are considered trespassing and faces criminal prosecution of a misdemeanor of a high and aggravated nature.

A student may not enter or remain in any school building on weekends or after school hours without authorization or permission.

School Resource Officer (SRO) The Gainesville City Board of Education and Gainesville Police Department employ school resource officers jointly. Their main purpose is to assist in providing a safe and secure learning environment for students, teachers and staff. They are an excellent resource for teachers, parents/guardians and students in dealing with individual problems or questions with respect to delinquency prevention and the law. Consistent with board policy and legal requirements, school resource officers also provide law enforcement support when needed.

SEARCH OF A STUDENT BY AUTHORITIES

School officials may search a student if there is reasonable suspicion that the student is in possession of an item that is illegal or against school rules. Student book-bags, school lockers, desks, and any other school property, is subject to inspection and search by school authorities at any time without further notice to students or parents. Students are required to cooperate if asked to open book-bags or lockers. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities that occur outside of school hours or off the school campus, at the discretion of administrators.

SECTION 504

Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator.

The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system's central office located at 508 Oak Street. STUDENT HEALTH SERVICES INFORMATION – POLICY JGC

The Board of Education, in order to implement the requirements of Official Code of Georgia 20-2-771.2, established a school health nurse program for the system. The program will be staffed by licensed health care professionals and others whose duties will be set forth in job descriptions to be prepared by the Superintendent or designee, and may include offsite consultation with health professionals through appropriate protocols or contracts.

STUDENT EMERGENCY/SAFETY INFORMATION

Please make corrections, sign and return your student's Emergency Safety Card/Health Information Form. This information must be updated annually to enable us to contact you in case of an emergency. If any phone numbers or contact information changes, please notify the school immediately.

STUDENT ILLNESS /INJURY

The main reasons for keeping your student home from school are he/she is too sick to participate comfortably at school or might spread a contagious disease to other students. If your student has been diagnosed with a contagious disease, please contact the clinic (**school nurse instead of clinic**) so other student's parents and school staff may be alerted of the symptoms **if necessary**. The school nurse administers medication only after a signed parent/physician form is completed and filed with the school nurse

Reasons Your Child will be Sent Home from School

- **Fever >100.4 degrees F** • Student should stay home until there is NO FEVER for 24 hours WITHOUT MEDICATION. Call your doctor if the fever is with pain, rash, weakness, vomiting or diarrhea. (•Based on CDC Recommendations)
- **Vomiting or Diarrhea** Student should stay home with ONE event of vomiting or watery diarrhea. Call your doctor if vomiting or diarrhea continues or with fever, rash, or weakness. Student needs to be without symptoms for 24 hours before returning to school.
- **Drainage from a wound, rash or eyes** Student should stay home with drainage from a wound, rash, or eyes. Call your doctor for treatment, and to rule out the possibility that the student is contagious to others.
- **Head Lice** - student should stay home until after treatment is complete and student has no live lice.
- **Scabies**- Contact the health department or your doctor for treatment for scabies. A note from the doctor stating that the student has been treated and may return to school is required.
- **Unexplained Rash**- Student should stay home with an unexplained rash with or without fever. Call your doctor for treatment. Your student may not return to school until they have been fever-free and symptom-free for ONE FULL school day
- When there is doubt in your mind about sending your student to school, consult your doctor. Your school nurse or principal may ask for a "Release to Return to School" from your doctor before returning to school. Please make sure that your student's school knows how to reach you during the day.

Insurance is available for protection of the child in the event of an accident at school. Information about the insurance program is sent the first day of school. Contact the school office if you have not received an application. Claim forms can also be obtained from the school office.

Student Medication Administration

The Gainesville City School's Medication Policy is available on the website e-Board under Policies and will be followed for all medications given at school.

- The parent or legal guardian must complete and sign the School Medication Authorization for ALL medications given at school. For prescription medications, a duly-licensed, Georgia physician must also complete and sign the School Medication Authorization available from your school nurse.
- A parent/legal guardian or other designated adult must bring all medications, accompanied by the School Medication Authorization to the school clinic unless special permission is given by the principal or school nurse.
- All over-the-counter and/or prescription medications must be in their original containers with unexpired dates and labeled in English. Prescription medications must be clearly labeled with the physician's name, medication's name, strength, dosage, date, time for administration, and dispensing pharmacy. Parent/Guardian must provide over-the-counter medications to the clinic.

If your student has a life-threatening condition (i.e. asthma, diabetes, or severe allergy), permission may be granted to carry the medication (such as inhaler, glucose tablet, epinephrine injector, etc) on his or her person from the student's physician and parent/guardian on the School Medication Authorization.

STUDENT RECORDS

It is the policy of Gainesville City Schools that all employees shall comply with the requirements of the Family Educational Rights and Privacy Act (FERPA) and the Pupil Protection Rights Amendment (PPRA). The Superintendent shall implement procedures whereby every principal is directed to develop a means to notify, on an annual basis, students and parents, including non-English-speaking parents, of their rights under the FERPA and the PPRA, either by letter or through a student handbook distributed to each student in the school.

Family Educational Rights and Privacy Act (FERPA) and Protection of Pupil Rights Amendment (PPRA) – Notice to Parents/Guardians and Eligible Students

FERPA affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review, within 45 days of a request, the education records of a student who is your child, or in the case of a student who is eighteen (18) or older, your own education records. Parents or eligible students should submit to the Superintendent a written request identifying the record(s) they wish to inspect. The Superintendent or designee will make arrangements for access and provide notice of such arrangements.

(2) The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. To request the school district to amend a record, parents or eligible students should write the school principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the district decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedure will be provided with the notification of the right to

a hearing.

(3) The right to consent to disclosures of personally identifiable information (PII) from the student's education records, except to the extent that FERPA and its implementing regulations authorize disclosure without consent. One exception that permits disclosure without consent is to school officials with legitimate educational interest. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including school nurses and school resource officers); members of the Board of Education acting as a collective group; a person or company with whom the district has contracted to perform a specific task (such as attorney, auditor, medical consultant, therapist, or online educational services provider); a contractor, consultant, volunteer, or other party to whom the school district has outsourced services, such as electronic data storage; or a parent or student serving on an official committee (such as a disciplinary or grievance committee) or assisting another school official in performing his/her tasks. The District allows school officials to access only student records in which they have a legitimate educational interest. School officials remain under the district's control with regard to the use and maintenance of PII, which may be used only for the purpose for which disclosure was made, and cannot be released to other parties without authorization.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his/her professional responsibility. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

(4) FERPA requires the school district, with certain exceptions, to obtain written consent prior to the disclosure of personally identifiable information from the student's education records. However, the district may disclose appropriate designated "directory information" without written consent, unless the parent or eligible student has advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the school to include this type of information from the student's education records in certain school publications, such as the annual yearbook, graduation or sports activity programs, and honor roll or other recognition lists.

The School District has designated the following information as directory information:

- (a) Student's name
- (b) Student's participation in official school activities and sports;
- (c) Weight and height of members of an athletic team;
- (d) Dates of attendance at schools within the district;
- (e) Honors and awards received during the time enrolled in district schools
- (f) Photograph; and
- (g) Grade level.

Unless you, as a parent/guardian or eligible student, request otherwise, this information may be disclosed to the public upon request. In addition, two federal laws require school systems receiving federal financial assistance to provide military recruiters, upon request, with students' names, addresses, and telephone numbers unless parents have advised the school system that they do not want their student's information disclosed without their prior written consent. You have the right to refuse to allow all or any part of the above information to be designated as directory information and to refuse to allow it to be disclosed to the public upon request without your prior written consent. If you wish to exercise this right, you must notify the principal of the school at which the student is enrolled in writing within 5 days after officially enrolling in school or within 5 days of the date of the release of this notice.

(5) You are also notified that from time to time students may be photographed, video-taped, or interviewed by the news media at school or some school activity or event; unless you, as a parent/guardian object in writing to the principal to your student being photographed, video-taped or interviewed. You must notify the principal of your objection by the date specified above. The principal will take reasonable steps to control the media's access to students. However, your submission of a written objection does not constitute a guarantee that your student will not be interviewed in circumstances which are not within the knowledge or control of the principal.

(6) You have the right to file with the United States Department of Education a complaint concerning alleged failures by the school district to comply with the requirements of FERPA or the regulations promulgated there under. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.

The district will also directly notify parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey.

TESTING

GHS High School Code Number is: 111385

Most colleges will accept either the ACT or SAT. If you have a question about whether a specific university will accept both tests, you can contact the admission office of that school. Once you have completed English III and your junior level math course, you will be ready to take a college admissions test. Below, you will find a breakdown of the various tests for high school completion and college entrance. See your counselor for more details.

Scholastic Aptitude Test (SAT) -This test is given seven times a year; at least three of these times it is offered at Gainesville High School. This test is for college admission purposes and students are encouraged to take this test by the end of their junior year to determine strengths and weaknesses and then again during the senior year as needed (student should seek a counselor’s advice).

American College Test (ACT) -This test is given six times during the school year; at least three of these times it is offered at Gainesville High School. It serves the same purposes as the SAT and should be taken as needed (student should seek a counselor’s advice).

Preliminary Scholastic Aptitude Test (PSAT/NMSQT) -The PSAT is offered to all 10th graders through State funding. Ninth and 11th graders may choose to take it through a fee and registration process. Juniors (11th graders only) who take the PSAT may qualify for National Merit Scholarships. The National Merit Scholarship Program is open to all students who meet entry requirements. Each year, some 1.5 million high school students enter the competition, 50,000 are recognized for their academic potential and 9,600 win Merit Scholarship awards or Special Scholarships for col-

lege undergraduate study. Students who qualify for recognition in the National Merit Program are notified through their schools in September. Detailed information about entry requirements, program recognition and scholarships may be found in the Official Student Guide to the PSAT/NMSQT (sent to PSAT/NMSQT Coordinators), in NMSC program publications (sent to high school principals in September) and at nationalmerit.org.

Armed Services vocational Aptitude Battery (ASVAB) -The ASVAB measures developed abilities and helps predict future academics and occupational success in the military. It is administered by Armed Services personnel to 11th, and 12th graders to determine Technical & Career interest and aptitude.
