21st Century Community Learning Centers Bison Academy Middle School Student Registration

The Dallas County R-I School District is excited to be offering before and after school programming funded by the Federal 21st Century Community Learning Centers grant program. **Programming is free for all Students. A new enrollment from MUST be completed each new school year/ Summer School session. Monday Services are registered for separately.**

Classes will be taught by school staff, qualified community members, or grant partners like the Dallas County 4-H, Dallas County Health Department and several others.

Time of Programming: Before School Programming begins at 6:45 AM until the beginning of the school day and After School Programming will run from school dismissal until 6:05 p.m. each school day. **Drop off and pick up located at the EAST doors at BPMS.** Students may leave the program earlier; however, they may only leave early with one of the designated people you listed on the registration form. Programming will only be provided on days school is in session. In the event of an early out, there will be no after school at BPMS.

No late pickups tolerated.

Signing Up for Services: Families and students wanting to attend can pick up a registration form from the school offices or from the district's website. The one page registration form serves several purposes; first, we can make sure the parents know the student is staying after school and it will also allow us to know how many students to be expecting. Students at the middle school will not be allowed to stay unless they have turned in a signed student permission form. Spots may be limited and will be filled based on the order the sign up forms were turned in. The form, with the parent signature, should be turned back into the building office that the child attends or to jana.salaki@bisonpride.org.

There are no drop in services. The student must be enrolled prior to attending.

Three days of attendance per week is required in the program.
