

Dental

We offer dental coverage through **Delta Dental**. Dental insurance makes it easier and less expensive to get the care you need to maintain good oral health.

Understanding the Plan

- Choosing an in-network PPO provider, when possible, provides the highest level of savings to the insured, about 30%
- Seeing an in-network Premier provider, when possible, offers insureds a discounts of about 20%
- Seeing an out-of-network provider does not offer any plan discounts or savings.
 - You will likely be responsible for paying the full cost of the service up front
 - Additionally, members could be subject to “balance billing” by their provider
 - Delta Dental will mail the insured a reimbursement check to the address on file – this can take several weeks
