

# Transportation Route Updates for the 2026–2027 School Year

## Parma City School District Transportation Department

As we prepare for the start of the **2026–2027 school year**, Parma City School District has made changes to school bus routes throughout the district. These adjustments are part of our ongoing commitment to providing safe, reliable, and efficient transportation for our students.

The updated routes were developed to:

- Improve the overall efficiency of our transportation system.
- Ensure responsible stewardship of district resources by operating in a fiscally responsible manner.
- Comply with all applicable Ohio laws, Ohio Department of Education and Workforce rules and regulations, and Parma City School District Board of Education policies.
- Continue providing safe and dependable transportation services for eligible students.

Because of these changes, **bus stop locations, pickup and drop-off times, and bus assignments may be different from previous school years**. We encourage all families to review their student's transportation information prior to the first day of school as well as during the first few weeks of school to be aware of any changes. The Stopfinder app will be an excellent way for parents to stay informed of changes to your student's bus information as we adjust the new routes to continue to make improvements to continue to provide safe and efficient transportation. Parents are highly encouraged to read about and download the Stopfinder app and more information can be found on our website.

Parents should ensure that students arrive at their assigned bus stop at least **7 minutes before the scheduled pickup time**, as routes may run slightly earlier or later during the first several days of school while drivers become familiar with their new routes.

We appreciate the patience and cooperation of our families as we implement these improvements. Our Transportation Department will continue to monitor routes throughout the school year and make adjustments when necessary to maintain safe, efficient, and reliable service.

If you have questions regarding your student's transportation, please contact the **Parma City School District Transportation Department** for assistance.

Thank you for your continued support as we work together to provide the best possible transportation service for our students.
