Superintendent's Report

Dr. Purcell Mozley updated the board that we are monitoring our finances and went on to say how things were looking. Our report on finance is that we are going back to monitor and adjusting every month and that every department in the district has made effort, including maintenance and operations. One thing that didn't get mentioned is that there was a grant for \$330,000 for facilities that Dr. Shirley Heitzman was able to apply for. We just got notice at the end of last month. We are keeping Greg and everybody else, David is busy and getting all the classrooms ready to go. But it has taken a collaborative effort.

Teaching and learning has done a great job as far as monitoring where we are with instructional materials. One of the best things that happened was that we were able to go in and get all the old stuff that teachers were using out of the classroom. We got off that episode of Hoarders, so it was a great deal. The finances where it is today is a joint effort of everybody.

Dr. Ryan Harris, I want to brag on him. He spent his money wisely and was able to return about a hundred thousand dollars. We still had more kids participate in 360,

A motion was made by Tim Ayers to adjourn the meeting, seconded by Deborah Crudup.
