

SCHOOL DISTRICT OF LOYAL

The Loyal Board of Education would like to update the Loyal School District on some recent developments regarding the potential consolidation timeline.

On Wednesday, July 22nd the board was made aware of a potential conflict regarding the current proposed timeline. On Thursday, July 23rd both Superintendents from Loyal and Greenwood met with lawyers from WASB and Quarles and Brady to discuss the concerns identified by Quarles and Brady with the current timeline.

The potential vote in November may no longer be able to be considered "binding" and may need to be "advisory" in nature.

We understand all of this information is new and many questions remain unanswered. However, we felt it was necessary to update the district on these developments. This is all of the information that the board has at this time.

We are in the process of working to schedule a public meeting with both WASB and Quarles and Brady. Coordination of multiple schedules may take some time. Once the meeting is scheduled we will update the district immediately.

Regards,

Loyal Board of Education
