Required Novels for English:

Students are encouraged to purchase their own copies of the novels we will read in English class so they can highlight and annotate throughout the book as we read. The school will provide in-class copies; however, students may NOT annotate in the school copy. Therefore, students would need to make annotations on their own paper and not highlight in the borrowed book.

- ☐ All students are required to purchase **Zane and the Hurricane** by Rodman Philbrick ([Amazon link](#))

Amazon Shopping List:

- We have created a list on Amazon of some of the items above for convenience only. You may purchase equivalent items from any retailer.
