An Equal Opportunity Employer

Updated
7.27.26

The Board of Trustees adopts a new compensation plan each year. **Salary increases are not given automatically.**

Neither past nor future salaries can be accurately calculated or predicted from information in this manual. **Only salaries for the 2026-2027 school year may be obtained from the information in this manual.**

The HR Department shall determine final calculations of all salaries, regardless of possible typographical errors contained in this manual.

The Board of Trustees, the Superintendent, and/or designee, retain the right to adjust salaries, pay grades and workdays anytime during the fiscal year.

The contents of this manual will be updated throughout the year as needed due to continuous compensation review in conjunction with TASB as well as jobs being added, changed, and/or deleted. Updates will also be made to correct any typographical errors.

For further clarification or information, please contact the HR Department at 940.497.4039.

NOTE: All policies and procedures are in accordance with LDISD Board of Trustees Policy and/or local regulations. Any adopted revisions to Board policies and/or regulations will become effective immediately and will be notated in this manual. In the event of a discrepancy between this manual and board policy, the board policy will be followed.

Section I: Compensation Guidelines

Exceptions and/or changes to the following regulations require the approval of the Superintendent.

Compensation Philosophy

The compensation philosophy serves as a tool to attract and retain a high-performing, diverse and motivated workforce. Each year, the District develops and recommends a pay system for all District personnel to the Board of Trustees for adoption. The pay system is designed to reflect the business needs of the District while providing appropriate and competitive pay. The system shall be administered with the intention that employee pay will:

- Be competitive with appropriate identified labor markets;
- Reflect the levels of skill, effort, and responsibility required for various jobs;
- Foster understanding of pay decisions and responsible pay practices;
- Remain fiscally controlled and cost effective;
- Maintain a fair and transparent process for compensation decisions;
- Comply with all federal, state, and local laws, and Board of Trustees policies;
- Prohibit discrimination or adverse impact or treatment in regard to an individual's race, color, national origin, religion, sex (including pregnancy), age, disability, sexual orientation, gender expression or gender identity and other protected classes.

Pay Structures & Pay Grades

The pay system shall consist of salary structures of the major employee groups.

Pay ranges for each pay grade are based on an assessment of the job responsibilities, which establishes the minimum and maximum pay rates within the range. Employees will be paid the daily or hourly rates within the ranges as established for their assigned position and in accordance with the job description. Pay rates outside the established range require the Superintendent's approval.

The midpoint represents the current market value.

Salary Advancement

Pay grades shall be structured to allow the opportunity to increase employee pay within the range for continued service to the District. On an annual basis, the Superintendent shall make recommendations to the Board of Trustees regarding salary increases. Recommendations shall be based on consideration of factors such as cost of living indexes, wage increases, salary structure adjustments within competitive job markets, and District budget resources.

Transfers between Employee Job Groups

Compensation for employee groups is unique, and the years of experience for most are not transferable between groups except as outlined below.

1. Teacher assistant to teacher (see Credit for Prior Experience under [Teachers](#) for more information);
2. Teacher to teacher assistant (certified teacher who transfers to a teacher assistant receives salary consideration for all teacher experience as a teacher assistant).

Compensation Definitions

Minimum of the Range

The Minimum of the Range is the lowest salary rate for the range for that specific position.

Midpoint of the Range

The Midpoint of the Range represents the market value for the position and is the salary amount halfway between the lowest and highest salary rate for that specific position.

Salary Range Maximum

The Maximum of the Range is the highest salary rate for that specific position.

Internal Equity

Internal equity identifies and addresses equity in employee compensation between employees who are considered similarly situated and are performing similarly.

Internal equity does not attempt to make pay exactly the same for employees simply because they are in the same job title. Consideration is taken on the similarities and dissimilarities in experience, skills, abilities, and record of job performance, and aligns the pay fairly and equitably based on those factors.

External Market Equity

External market equity is an assessment of external market compensation that attempts to ensure competitiveness in pay practices for the same duties. This process is used as a tool to compare similar positions with external organizations and industries to align pay practices.

External equity does not attempt to make pay exactly the same for employees in other districts simply because they are in the same job title.

Position Change/Transition

Position change/transition occurs when an employee moves from their current position to a new position in the same or different department/division within the District.

Position Reassignment

Position reassignment is a movement from a pay grade structure to an experience-based placement scale. Salary placement will be made according to years of creditable experience.

Reinstatement

Reinstatement occurs when an employee is rehired following a separation or break-in-service from the District. The District does not guarantee placement within the same pay grade or same salary upon reinstatement.

Salary Compression

Salary compression occurs when there is little difference in pay between employees despite tenure, skills, experience, and performance.

Salary Proration

Salary proration occurs when an employee starts their new position after the start date for the position calendar or leaves a position prior to completing their work calendar. The salary is determined based on the total number of days worked.

Supplemental Pay

Supplemental pay is an additional stipend or extra duty pay that is paid in addition to, but separate from, regular base salary. ***Supplemental pay is authorized on a year-to-year basis and is not to be considered a property right.*** Supplemental pay will be discontinued upon cessation of assignment or upon the occurrence of an event which otherwise causes the employee to be ineligible to receive the supplemental pay.

Discretionary leave is not applicable to supplemental pay job assignments and may result in a reduction of the supplemental pay provided. In the case of an emergency, an employee may request an absence from their supervisor.

Noncontractual supplemental duties for which supplemental pay is received may be discontinued by either party at any time. An employee who wishes to relinquish a paid supplemental duty may do so by notifying the Superintendent or designee in writing. Paid supplemental duties are not part of the District's contractual obligation to the employee, and an employee shall hold no expectation of continuing assignment to any paid supplemental duty. (Board Policy DK (Local))

Non-Exempt employees are not eligible for stipends.

All supplemental pay/stipends may include attendance at training, assistance at various activities/event/games and workdays as assigned by the Director or Supervisor.

Supplemental Pay/Stipend may require specific qualifications as defined by the Superintendent.

Job Classification/Reclassification

Job classification/reclassification is the process for accurately and objectively defining the position/job duties, responsibilities, tasks, level of authority and minimum requirements.

All positions, with the exception of teachers, librarians, nurses, substitutes, and part- time/temporary positions, are assigned to pay grades based on the level of skill, effort, and responsibility required for the job assignment.

According to Board Policy DK (Local), all personnel are employed subject to assignment and reassignment by the Superintendent or designee when the Superintendent determines that the assignment or reassignment is in the best interest of the District. Reassignment shall be defined as a transfer to another position, department, or facility that does not necessitate a change in the employment contract of a contract employee. Any change in an employee's contract shall be in accordance with [Policy DC](#).

The campus principal maintains authority to make reassignments within the campus based on staffing needs, program needs, and to meet budgetary considerations.

Section II: Pay Determination Guidelines

Salary Ranges

A salary range is an established range of pay organized into pay grades. Each job is assigned a pay grade.

Salary range placement guidelines include:

- New Hires are not placed above midpoint of the range without the approval of the Superintendent.
- New Salaries may not exceed the maximum salary of the new pay grade without the approval of the Superintendent.
- Other exceptions to compensation guidelines also require the Superintendent's approval.

Evaluation of Experience from Other Entities

Several factors are examined to determine whether prior experience from other entities is creditable. These factors include:

1. Position held (similar or related positions)
2. Accreditation status of the institution
3. Percentage of days worked
4. Number of days worked (must equal 90 full-time equivalent days)
5. Dates of employment
6. Type of institution

Approval of service credit is subject to state law as outlined by the Texas Education Agency (TEA). Lake Dallas ISD adheres to the minimum requirements as stated in Subchapter CC of the Commissioner's Rules on Creditable Years of Service.

Creditable Years

Creditable service does not include part-time/temporary employment, internships, or employment as a non-certified substitute, regardless of service time, date(s) of termination, or type of accumulation.

Section III: Service Records

The employee is responsible for submitting original service records to Lake Dallas ISD. The issuing school district and the employee are responsible for ensuring that service records are true, correct, and that all service recorded was performed. **Photo copies of notarized service records will not be accepted.**

Employees submitting paper copies of an original service record must have all copies notarized by the previous district. Service records can also be electronically sent directly from the previous district to **humanresources@ldisd.net**.

Questions have been raised concerning the validity of creditable service documented on forms other than the Texas Teacher Service Record. Subsection (d) of Section 153.1021 states that:

“The basic document in support of the number of years of professional service claimed for salary increment purposes and both the state’s sick and personal leave program data for all personnel is the teacher service record (form FIN-115) or a similar form containing the same information.”

To request your Lake Dallas ISD service record contact Human Resources at 940-497-8518.

Section IV: College Transcripts

Certain positions may be eligible for additional compensation by earning advanced degrees. Official transcripts must show the date the advanced degree was conferred. Compensation may be prorated as determined by the Superintendent.

Employees in positions that are eligible must submit their transcript prior to August 1st annually for consideration.

College transcripts submitted from an accredited university or college should be provided to Human Resources at the time of employment. Employees submitting these records at a later date may hand deliver the documents to Human Resources or request the educational entity email the documents to **humanresources@ldisd.net**.

Section V: Salary Guidelines for New Hires

Credit for Prior Experience

Teachers

- LDISD grants one (1) year of teaching experience for each year of approved experience according to the rules and regulations set by the Texas Education Agency (TEA) and local policy. Experience credit is granted by placement on the Teacher Salary Schedule according to creditable years of experience.
- Experience from foreign schools, colleges, and universities accredited by a recognized accrediting agency of the foreign country may be recognized for salary increment purposes, provided the minimum requirements in subsection (f) of Chapter 153; School District Personnel, Subchapter CC; Commissioner's Rules on Creditable Years of Service are met. Such experience will be considered on a case-by-case basis. The recognized accrediting entity in the foreign country is the Department of Education or the Higher Education authority for that country. The foreign authority is responsible for providing relevant, credible, and accurate information before any credit is given (documents must be translated in English format). Placement on the appropriate salary schedule becomes effective after final approval from TEA is received. Upon TEA/Compensation approval, the pay is given for that year and no prior years. **The District is not liable for any previously non-compensated salary related to such experience.**

Substitute Teacher.

A substitute teacher, beginning with the 1998-1999 school year, is eligible for creditable service if they serve the required number of days for the applicable school year. Substitute is defined as a certified teacher who works on call, does not have a full-time assignment, and provides instruction. The individual must be employed in an entity eligible for creditable service and hold a valid Texas teaching certificate or a valid teaching certificate from the state where the school is located at the time of service.

This provision applies to out-of-state substitute teaching experience but does not apply to out-of-country substitute experience. All eligible prior-year substitute experience can be claimed for placement on the 1998-1999 minimum salary schedule.

Most school districts and charter schools only generate substitute service records upon request. This practice allows for a more reasonable maintenance of records since many substitutes may not meet the service day requirements in a given year or may not be certified teachers.

Certified Educational Aide.

Beginning with the 2004-2005 school year a certified educational aide is entitled to up to two years of full-time equivalency for creditable experience for direct student instruction (i.e., teaching experience credit). The educational aide must have attained initial teacher certification subsequent to their educational aide work. An individual already holding a teaching certificate serving in an aide position is not entitled to the two years of service. The two years of service as an aide should be documented in the footnote section of the individual's service record or a similar form.

- Career & Technology teachers may count up to two years of full-time work experience for salary increment purposes if the work experience was required for career and technology certification (Chapter 153. School District Personnel, Subchapter CC, Commissioner's Rules on Creditable Years of Service).

School Nurses

- LDISD grants one (1) year of experience for each appropriate creditable year of experience. A bachelor's or associate degree and registered nurse's license (RN) are required for employment as a school nurse.
- The Texas Education Agency guidelines will be followed for determining creditable experience. Experience used for salary placement decisions is determined by the Human Resources Department, and is subject to the following exception:

Exception to Compensation Policy

Validated non-school based nursing or direct patient services experience will be credited on a one-year for one-year basis as determined by the Human Resources Department. The employee is responsible for providing the relevant service record to qualify for this exception. **This is a local credit only (LDISD).** As a local credit, this service credit may not be recognized by other Texas school districts.

- Effective with the 1998-99 school year, a school nurse may receive credit for experience as a certified substitute teacher for salary increment purposes, provided the individual held a valid teaching certificate at the time the service was rendered, was employed in an entity recognized for creditable years of service, and the minimum requirements (minimum number of days and the percentage of day employed) were met. The rule includes substitute teaching out-of-state, as long as the individual held a valid teaching certificate at the time the work was completed. A valid emergency or local permit also meets the certification requirement.
- Beginning with the 2004-2005 school year, a teacher assistant who subsequently becomes a certified teacher may receive up to two years of teacher assistant experience for salary increment purposes, provided they held a valid Educational Aide certificate and worked the required number of days and percent of time when employed. Experience outside LDISD must be verified using the teacher service record form (FIN-115) or a similar form containing the same information.

Speech-Language Pathologists, Occupational Therapists, Physical Therapists and Licensed Specialists in School Psychology

- LDISD grants one (1) year of experience for each 12 consecutive months of full-time professional employment in the specific job field in accredited public and/or private schools, post-secondary schools, teaching hospitals, and other organizations who provide similar services.

Non-Teacher Positions

- LDISD awards credit for years of experience in half year increments for similar work experience.
- LDISD awards one year credit for experience in same position.

The salary of a bus driver with previous experience in a public school district(s) as a bus driver shall be placed on the salary step commensurate with their total years of experience, regardless of whether they served in a less than full-time position or received creditable years of service from their previous employer(s). This determination shall be for the salary purposes only. Practices consistent with Texas Administrative Code governing service records shall be followed for purposes of determining creditable years of service.

For example, a bus driver who possesses a CDL license and previously drove professionally, will be awarded .5 years of credit for each year of professional driving. (i.e. chauffeur, tour bus, etc.) A bus driver with previous school bus driver experience will be awarded one year credit for each year of bus driver experience.

School administrators will receive a maximum of five (5) years of credit for teaching experience in an administrative pay grade.

Administrative/Professional Positions

The district will award up to five (5) years of credit for prior teaching experience toward compensation. The final salary determination will include up to five years of teaching experience, in addition to any directly related professional experience.

For example, a diagnostician with eight (8) years of teaching experience and two (2) years of experience as a diagnostician would be placed on the pay scale with seven (7) years of total experience.

Pay Equity Adjustments

Subject to District policy restrictions on mid-year pay increases (DEA-Local and DEAB- Legal), the Superintendent may authorize pay adjustments for the purpose of correcting pay inequities for individual employees caused by internal error.

Job Classification/Reclassification

Human Resources with approval from the Superintendent will classify new positions or reclassify existing positions, as necessary, based on job requirements and the TASB comparability studies.

Procedures of Overpayment/Underpayment of Wages of LDISD Employee Salaries

In the event of overpayment of wages:

1. **Recovery of Overpayments:** The district may recover funds mistakenly overpaid to an employee, even in cases of district negligence and employee innocence, unless repayment would be inequitable.
2. **Employee Agreement:** Employees must provide written consent for wage deductions related to overpayments. This consent is included in the employee's contract or may be obtained separately.
3. **Repayment Plan:** Prior to deducting overpayments from wages, the district will attempt to reach an agreement with the employee on a repayment plan to prevent financial hardship.
4. **Deduction from Wages:** Deductions will be made in accordance with the terms of the agreement. If an employee refuses to enter into a repayment plan, the district may pursue other legal avenues for recovery.
5. **Notification:** Employees will be notified in writing of the overpayment amount, the reason for the overpayment, and available repayment options.

In the event of underpayment of wages:

1. **Correction of Underpayments:**
 - a. If a district error results in an employee being underpaid, the district must correct the employee's pay and provide backpay for the current year plus the three prior years (up to four years total), in accordance with Texas law and commissioner rulings.
 - b. For at-will employees, backpay is limited to the prior two years, in accordance with the two-year statute of limitations for non-contract claims.
2. **Employee Error – Service Records:**
 - a. If an underpayment occurs due to an employee's failure to provide service records, the district is not required to provide backpay for any prior years.
 - b. Once the correct service records are submitted, the district will adjust the employee's pay for the current contract year but will not issue retroactive pay for any previous years in which records were missing.
3. **Notification and Correction Process:**
 - a. Employees must submit claims of underpayment in writing to the district payroll office.
 - b. Upon verification of an underpayment, the district will notify the employee of the correction and provide repayment in a timely manner.
 - c. The district will document all underpayment corrections to ensure compliance with applicable laws and policies.

Section VI: Retire/Rehire Salary Information

Information provided in this section is relative to policy and procedures of the Lake Dallas Independent School District regarding employment after retirement. These policies are not necessarily the policies of the Teacher Retirement System of Texas (TRS). For information regarding the policy and practices of TRS, please contact them directly.

You may call: 1-800-223-8778
You may also write: TRS, 1000 Red River Street Austin, TX 78701
or visit the website at: www.trs.texas.gov

The Lake Dallas Independent School District is not an authorized provider of employee information regarding processes and procedures for retiring from TRS. Employees must contact TRS directly for information regarding their personal retirement and the rules for employment after retirement.

There have been significant changes to TRS rules for employment after service retirement. **It is the responsibility of the retiree to verify how these changes will impact their annuity should they decide to return to work at a TRS-participating entity.**

Retiree Information

LDISD Payment for Accumulated Leave Upon Retirement (Board Policy DEC (Local))

The following leave provisions shall apply to local leave accumulated beginning on the original effective date of this program. An employee who retires from the District shall be eligible for payment for accumulated local leave under the following conditions:

1. The employee's retirement is voluntary, i.e., the employee is not being discharged or nonrenewed.
2. The employee is retiring under the Teacher Retirement System of Texas (TRS).
3. The employee provides advance written notice of intent to retire. Contract and noncontract employees must provide written notice by the first Monday in March of the fiscal year.
4. The employee has at least 10 consecutive years of service with the District.
5. A contract employee must fulfill the terms of the contract.
6. A noncontract employee must complete the work year based on the work calendar.

The employee shall receive payment for each day of accumulated local leave, to a maximum of 20 days, at a rate of \$50 per day for a contract employee and \$25 per day for a noncontract employee. If the employee is reemployed with the District, days for which the employee received payment shall not be available to that employee.

The rate established by the Board shall be in effect until the Board adopts a new rate. Any changes to the rate shall apply beginning with the school year following the adoption of the rate change.

Employees Who Retire and Return as LDISD Employees

Employment as a Teacher Retirement System of Texas (TRS) retiree is subject to approval by the Superintendent or designee.

Individuals who voluntarily retire from Lake Dallas ISD and the Teacher Retirement System of Texas (TRS), and return to any position in LDISD, do not qualify for any stipend, special contract/calendar days, or other benefit or privilege previously received as a pre-retiree in a permanent position. Previous stipends will not be restored upon return.

Employees who retire from other retirement agencies (not TRS) are treated as new hire employees. See Section V: Salary Guidelines for New Hires for salary information.

The salaries listed above are based on 10-month employment for the 2026-2027 school year. Salary plans are determined on an annual basis and salary advancement is not guaranteed. Pay increases are based on the annual pay raise and budget approved by the Board of Trustees.

The teacher salary schedule is dependent on continual funding from HB2 or supplemental funds provided by TEA.

Years of experience and salary are excluded from TRA, Local or SSA supplemental funds for the base salary.

TRA qualifications are dependent on master schedule, meeting .5 FTE requirement and state required PEIMS submissions. Qualifying for TRA funds may require changes to work assignments. Work assignments are subject to changes based on campus needs.

Teachers must meet all requirements annually and appear on the TRA approved list provided by TEA.

Notification of changes in pay based on TEA approval will be provided upon receipt from TEA.

SDTP refers to a teacher who meets state requirements based on Paraprofessional experience, functioning as a teacher. Pay will be contingent on progress towards a degree and teacher certification.
