2026-2027 School Year

Mac-A-Cheek South

1423 St Rt 38 SE
London, Ohio 43140

Introduction

Welcome! We are looking forward to an exciting 2026-2027 school year and working with each of our students and their families.

Please read this handbook and review it with your child. Answers to questions you have may be included in the handbook; the handbook will also give you an idea of the school's structure. If you have any further questions, feel free to call the school at 740-490-2067.

Mac-South is a 5-12 education program in London, Ohio operated by Madison-Champaign Educational Service Center (MCESC). The program was opened in 2017, in response to an expressed need from districts throughout Madison County, and serves students at the recommendation of a student's home district IEP team. Mac- South is modeled and named after Mac-A-Cheek Learning Center in Bellefontaine, Ohio which is also run by MCESC.

Our program is a separate facility designed to meet the educational needs of students by addressing their behavioral and emotional concerns that interfere with their success in a typical public school setting. We seek to serve those needs by providing a structured and predictable learning environment, social skills instruction, mental health services, and consistent interaction with trusted and caring adults. Each classroom in the school has one certified teacher, 8-12 students, and a certified paraprofessional/ teacher's aide.

Our expressed goal is to provide a sense of purpose for students through relationship building, quality social skills instruction, and community involvement to gain the skills necessary to transition back to their home schools.

I look forward to working with you as we serve the needs of your students!

Sincerely,

Amanda Wilson

STUDENT ATTENDANCE **(Madison Champaign ESC Policy 5200)**

Classes begin at 7:30 and dismiss at 2:00.

Students cannot arrive before 7:15 a.m unless given prior permission and must be picked up by 2:00 p.m.

The educational program offered by this Center is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the Center during the days and hours that the Center is in session or during the attendance sessions to which s/he has been assigned. A student in grades nine (9) through (12) may be considered a full-time equivalent student provided the student is enrolled in at least five (5) units of instruction, as defined by State law, per school year.

In accordance with statute, the Superintendent shall require, from the parent of each student of compulsory school age or from an adult student who has been absent from the Center or from class for any reason, a written statement of the cause for such absence. The Governing Board reserves the right to verify such statements and to investigate the cause of each single absence or prolonged absence.

Repeated infractions of Board policy on attendance may result in suspension or expulsion.

The Board considers the following factors to be reasonable excuses for time missed at the Center:

- A. personal illness (a written physician's statement verifying the illness may be required)
- B. illness in the family necessitating the presence of the child
- C. quarantine of the home
- D. death in the family
- E. necessary work home due to absence or incapacity of parent(s)/guardian(s)
- F. observation or celebration of a bona fide religious holiday
- G. out-of-state travel (up to a maximum twenty-four (24) hours per school year that the student's school is open for instruction) to participate in a Center--approved enrichment or extracurricular activity. Any classroom assignment missed due to the absence shall be completed by the student. If the student will be absent for twenty-four (24) or more consecutive hours that the student's school is open for instruction, a classroom teacher shall accompany the student during the travel period to provide the student with instructional assistance.
- H. such good cause as may be acceptable to the Superintendent
- I. medically necessary leave for a pregnant student in accordance with Policy 5751
- J. service as a precinct officer at a primary, special or general election in accordance with the program set forth in Policy 5725

Attendance

Regular school attendance is essential for student success. Parents/guardians are responsible for ensuring their child attends school as required by Ohio law.

Absences may be excused for reasons permitted by law and Board policy, including illness, medical appointments, religious observances, family emergencies, and other reasons approved by the administration.

Documentation may be required for absences.

Students who accumulate excessive absences may be subject to attendance interventions required by Ohio law.

Students are expected to complete missed assignments within timelines established by the teacher.

TRUANCY

A student shall be considered truant each day s/he is absent without excuse from his/her assigned location. Students may not be absent for more than 5 days per semester. Excused and unexcused absences, out of school suspensions, vacations, and religious events apply toward the 5 days.

After a student has been absent 5 days in a semester, a physician's excuse or court documentation must be provided to the school within three days of the absence. Any absence that is not excused by physician or court documentation will be counted as unexcused. Excessive unexcused absences may result in truancy charges with juvenile court.

A student will be considered **habitually truant** if the student is absent without a legitimate excuse for:

1. thirty (30) or more consecutive hours
2. forty-two (42) or more hours in one (1) school month
3. for seventy-two (72) or more hours in one (1) school year.

A student will be considered **excessively absent** if the student is absent without a legitimate excuse for:

1. thirty-eight (38) or more hours in one school month
2. sixty-five (65) or more hours in one school year

Legitimate excuses for the absence of a student who is otherwise habitually or truant include but are not limited to:

1. the student was enrolled in another center;
2. the student was excused from attendance in accordance with R.C. 3321.04; or
3. the student has received an age and schooling certificate.

If a student is habitually truant and the student's parent has failed to cause the student's attendance, the Board authorizes the Superintendent to file a complaint with the Judge of the Juvenile Court and/or to take any other appropriate intervention actions as set forth in this Board's policy. If a student who is habitually truant violates the order of a Juvenile Court regarding the student's prior adjudication as an unruly child for being a habitual truant, s/he may further be adjudicated as a delinquent child. In order to address the attendance practices of a student who is habitually truant, the Board authorizes the Superintendent to take any of the following intervention actions:

1. assign the student to a truancy intervention program
2. provide counseling to the student
3. request or require the student's parent to attend a parental involvement program
4. request or require a parent to attend a truancy prevention mediation program
5. notify the Registrar of Motor Vehicles of the student's absences
6. take appropriate legal action
7. assignment to an alternative school (Note: If the Center has established an alternative school, it must appear as an alternative intervention strategy.)

EXCUSED ABSENCES

Students may not be absent for more than 8 days or 48 hours during the school year for reasons other than those excused in writing by a physician, therapist/counselor, or with court documentation. The physician's written excuse or court documentation must be received within three days of the absence. Each absence after the eighth will be counted as an unexcused absence unless a written excuse from a physician, therapist/ counselor, or court. All time missed will be rounded up to the nearest quarter of an hour (15 minute interval).

UNEXCUSED – UNAUTHORIZED (U) ABSENCES

Unexcused absences include (but are not limited to) the following:

- | | |
|-------------------|---|
| A. car trouble | G. haircut and beauty shop appointments |
| B. oversleeping | H. suspension from school |
| C. missed the bus | I. truancy |
| D. babysitting | J. hunting |
| E. shopping | K. other absences not listed as excused |
| F. stayed up late | |

If a student is “**habitually truant**” or “**excessively absent**” and the student’s parents, guardians, or custodians have failed to cause the student’s attendance, a complaint shall be filed with the Judge of the Juvenile Court. The Principal/Program Coordinator may also take any of the following intervention actions:

- A. Assign the student to a truancy intervention program
- B. Provide counseling to the student
- C. Request or require the student’s parent to attend a parental involvement program
- D. Request or require a parent to attend a truancy prevention mediation program
- E. Notify the Registrar of Motor Vehicles of the student’s absences
- F. Take appropriate legal action
- G. Assignment to an alternative school (Note: If the Educational Service Center has established an alternative school, it must appear as an alternative intervention strategy.)

REPORTING ABSENCES

The parent is required to do two things when a student is absent from school:

1. Call the school by 9:00 a.m. the day of the absence at 740-490-7670.
2. Student must bring a parent’s written excuse the day s/he returns. The homeroom teacher notifies parents and issues a warning after two unexcused absences a grading period.

EARLY DISMISSAL (Madison Champaign Policy 5230)

Students, including students who are 18 years of age, who wish to leave the building early must bring written consent from parents to the office before school begins. The note, signed by the parent or guardian, should give the reason for leaving, the time when the student is to leave, as well as who the student is to be leaving with. All students must sign out before leaving. A student leaving before 1:45 p.m. will be considered a half day absent.

STUDENTS LEAVING SCHOOL DURING THE SCHOOL DAY:

No student will be released to any government agency without proper warrant or written parental permission except in the event of an emergency as determined by the Principal/Program Coordinator.

ARRIVAL & DISMISSAL

Students should not walk to or be dropped off at school before 7:15 a.m. This is to protect children from injury due to lack of supervision. We do not accept responsibility for your child’s supervision prior to 7:15 a.m. if they are dropped off without prior arrangements being made. The school day ends at 2:00. **All students not riding buses must be picked up by 2:05.**

TARDY TO SCHOOL OR CLASS

When a student accumulates three unexcused tardies in a 9-week period, the following procedure may be followed:

- 3rd tardy – Parental notification
- 4th tardy – 1 hour detention after school with work
- 5th tardy – 2 hour detention after school with work
- 6th tardy – Contact truancy officer and/or probation officer

Any unexcused tardy will result in no points being earned during the time s/he is absent from class. Any unusual problems pertaining to the tardies will be handled by the administration as the emergency arises. A student will be considered tardy to school when s/he arrives after 7:30 in the morning and before 8:30 a.m. A student arriving to school after 8:30 a.m. will be considered a half day absent. Any student leaving before 1:00 p.m. will be considered a half day absent.

VACATION

Extended vacations during the school year are discouraged. Absences due to vacation must comply with ESC’s guidelines for excused absences. Any absences due to a family vacation are applied to the permitted 8 days/48 hours per year a student may be absent without a written excuse from a physician, therapist/counselor, or court, as long as the parent/guardian notifies the school office by letter at least one week prior to the start of the vacation. Once a student has been absent for 8 days/ 48 hours for the school year, all absences for vacation will be unexcused. Vacation days used during the weeks statewide testing required for graduation **will not** be excused.

MAKE-UP OPPORTUNITIES (Madison Champaign Policy AG5200)

Students will be given the opportunity to make up work missed due to approved absences. The length of time for completion of

make-up work shall be commensurate with the length of the absence. A student wishing to make up work should contact his/her teacher to obtain assignments.

Religious Expression Days

The Principal will approve up to 3 religious expression days per school year after receiving a written request from the student's parent or guardian. Religious expression days may be used to take holidays for reasons of faith or religious or spiritual belief system or participate in organized activities conducted under the auspices of a religious denomination, church, or other religious or spiritual organization. Students who are absent on approved religious expression days will not face any academic penalties and will be provided with academic accommodations with regard to examinations and other academic requirements that are missed. (See Policy 5200)

INCLEMENT WEATHER

If the weather results in a school delay or cancellation, parents and students will be notified using the One Call calling system, provided by your district that you have completed and returned the One Call Now form included with this handbook. If school is delayed two hours, children should not arrive until 9:15 AM. This includes both students who walk to school and those are dropped off by parents.

We will follow the Early Dismissal Plan forms and make sure your child follows that plan. If there are any questions about where your child goes, we will try to contact you or a designated adult about where your child needs to go.

If school is to be delayed or closed because of severe weather, families will be notified using the One Call Now system. If your student's home school is closed **due to weather**, there will be no transportation to Mac-A-Cheek South and your student is excused that day.) London City Schools will deliver lunches to Mac-A-Cheek South for the 2025-2026 school year, so we will follow London's calamity day schedule.

TRANSPORTATION

Transportation from home to school and back is the responsibility of the student's home school district. Students are expected to follow the bus rules of their home school district.

A student may be suspended from transportation privileges for all or part of a school year for any violation of established regulations for bus conduct and/or for conduct occurring on the bus/vehicle in violation of the Student Code of Conduct/Student Discipline Code.

Students on a bus or another authorized Governing Board transportation vehicles are under the authority of and directly responsible to the bus/vehicle driver. The driver has the authority to enforce the established regulations for bus/vehicle conduct. Disorderly conduct or refusal to submit to the authority of the driver will be sufficient reason for refusing transportation service to any student.

If a student misses his/her bus ride home, the parents are responsible for picking the student up and transporting him/her home. It is our intention to send students home on the bus; however, a student who is out of control or extremely defiant when the bus arrives will not be allowed to board the bus. The parent/guardian will be responsible to get the student home. Students who serve after-school detention are to be picked up by their parents. Parents will be notified of the after-school detention 24 hours before the detention unless an agreement is reached otherwise between staff and parent.

Students may not ride another bus or be picked up by anyone other than the custodial parent without permission by the parent and permission of the transportation supervisor. Students walking to school or being transported by parents should arrive at 7:15 a.m. and be picked up by 2:00 p.m.

USE OF MOTOR VEHICLES BY STUDENTS (Madison Champaign ESC Policy 5515)

Students are not allowed to drive to school. If there are special circumstances that necessitate a student driving to school, the student may request permission to drive to school in writing. The student must show proof that he/she is a licensed driver and has liability insurance. The request to drive to school will be reviewed by the Principal/Program Coordinator, MCCESC Superintendent, and the

High School Principal/Program Coordinator of the student's home school district. If consent is given for a student to drive to school, the student may not transport any other Mac-A-Cheek students to school. The student will be assigned a parking spot and must abide by all guidelines for parking on school property. This privilege may be revoked if the student's behavior results in any disciplinary action.

USE OF BICYCLES (Madison Champaign ESC Policy 5514)

Students are permitted to ride a bicycle to and from school. The student and his/her parents accept responsibility of care of property, safety of rules, and show courtesy and consideration toward others. If a student violates the safety rules this privilege may be revoked by the Principal/Program Coordinator. The Board will not be responsible for bicycles which are lost, stolen or damaged.

STUDENT HEALTH AND MEDICAL NEEDS

HEALTH SERVICES (Madison-Champaign ESC policy 5310)

Students may be required to submit to periodic health examinations to:

- A. protect the school community from the spread of communicable disease;
- B. verify that each student's participation in health, safety, and physical education courses meets his/her individual needs;
- C. Verify that the learning potential of each child is not lessened by a remediable physical disability.

Parents need to provide or be required to provide:

- A. dental examinations;
- B. tests for communicable disease;
- C. vision and/or audiometric screening;
- D. scoliosis tests

MEDICAL FORMS (Madison Champaign ESC policy 5341)

It is important for each child to have a completed Emergency Medical form. These are given to each student the first week of school. Whenever a child becomes ill or has an accident that may require attention, we will call the parents or the alternate person listed on the emergency sheet. It is very important that the school has at least two (2) numbers available in order to contact you or an alternate person.

Parents are asked to fill in the form promptly. The school will adhere to the instructions on the Authorization Form. Students cannot participate in field trips if medical forms are not returned. If the forms are not returned within 2 weeks, the student cannot be allowed to attend Mac-A-Cheek Learning Center until it is handed into the main office.

MEDICATION (Madison Champaign ESC policy 5330)

The law prohibits unauthorized personnel from dispensing any type of medication. All medicines, both prescription and over-the-counter aspirin, cough drops, or allergy medicines, should be brought to the office so that they may be dispensed by the authorized person. Before any prescription medication may be administered to any student during school hours, the parent or guardian must sign a written request that the drug be administered as prescribed by the physician. Also, a statement must be signed by the physician. All medication must be brought to the school in the original container by the parent or guardian. Students must not transport medication. Excess medication must be picked up by the parent at the end of the school year or the end of the medication, whichever is earlier. If it is not picked up, it will be disposed of properly. **Non-prescription medication will NOT be given by school officials without a statement signed by the physician.**

IMMUNIZATION (Madison Champaign ESC Policy 5320)

In order to safeguard the school community from the spread of certain communicable diseases, all students are required to be immunized against poliomyelitis, measles, diphtheria, rubella (German measles), pertussis, tetanus, mumps, and others legally designated in accordance with State statutes, unless specifically exempt for medical or other reasons. A student who has not completed immunization may not be admitted to school except as is consistent with the law.

CARE OF STUDENTS WITH CHRONIC HEALTH CONDITIONS (Madison Champaign ESC policy 5335)

Students with chronic health conditions will be provided with a free appropriate public education. If their impairment does not require specially designated instruction for them to benefit educationally, they will be eligible for accommodations/modifications/interventions of the regular classroom, curriculum, or activity (i.e. the school setting) so that they have the same access to an education as students without disabilities. Such accommodations/ modifications/ interventions will be provided pursuant to a Section 504 Plan. Chronic health conditions, for the purposes of this policy, shall include:

- A. "peanut" and other food allergies;

- B. allergies;
- C. asthma;
- D. diabetes;
- E. seizures

All information regarding student identification, health care management, and emergency care shall be safeguarded as personally identifiable information in accordance with Policy 8330 and Policy 8350.

BLOOD-BORNE PATHOGEN INFORMATION (RE: Madison-Champaign ESC policy 8453.01)

We recently have been notified by the Federal government that the Corporation is subject to new regulations from the Occupational Safety and Health Administration (OSHA) to restrict the spread of hepatitis B virus (HBV) and human immune deficiency virus (HIV) in the workplace. These regulations are designed to protect employees of the Corporation who are, or could be, exposed to blood or other contaminated bodily fluids while performing their job duties.

Because of the very serious consequences of contracting HBV or HIV, the Corporation is committed to taking the necessary precautions to protect both students and staff from its spread in the school environment.

Part of the Federally-mandated procedures include a requirement that the Corporation request the person who was bleeding to consent to be tested for HBV and HIV. This information would then be provided both to the exposed employee and the treating physician to determine proper medical treatment.

The law does not require parents or guardians to grant permission for the examination of their child's blood, but it does require the Corporation to request that consent. Although we expect that incidents of exposure will be few, we wanted to notify parents of these requirements ahead of time. That way, if the situation does develop you will understand the reason for our request and will have had an opportunity to consider it in advance. These are serious diseases, and we sincerely hope that through proper precautions and cooperation we can prevent them from spreading. (Adapted from NEOLA 8453.01 F5)

Health care services offered or facilitated

Schools may partner with local health organizations to provide comprehensive health services, including well-child visits, sports physicals, sexual health education, sick visits, vaccinations, and mental health support. School nursing services are provided within the school building.

SCHOOL MEALS

Applications for free or reduced lunches are sent home at the beginning of each school year. These forms are to be returned to school before the end of the first 30 days of school. Applications can be requested from the school any time there is a change in income.

NOTE: If you think you may be eligible but do not wish to participate, it is still important that you complete the form and return it to the school. Funding is based on the number of students who qualify for this program, not just the number who participate.

Breakfast/lunch menus will be sent home with the students each month.

Breakfast – Breakfast is available for purchase each morning in the student's classroom. Breakfast is \$1.00 per day, reduced breakfast is \$0.25.

Lunch – Nutritious lunches are prepared and served each day. The cost of lunch is established by the Board of Education for each school year. Lunch is \$3.00 per day (including milk), reduced lunch is \$0.40.

A second breakfast or lunch may be purchased each day at full price for ALL students (even those that qualify for free/reduced).

Packed Lunches – Packed lunches may be brought to school. Milk may be purchased for \$0.35. Students are not permitted to bring soda, pop, or energy drinks for lunch. Any drink brought to school by a student must be unopened when the student arrives at school. PLEASE NOTE: When students are on class trips over lunchtime, a sack lunch will be provided.

Procedure for Collecting Money – Breakfast and lunch money will be collected in the individual classrooms each morning. Students may pay daily or pay in advance for an extended period of time. Cash or checks are permitted. Parents of paying students will receive an email (as long as the school has been provided with an email address for the parent) when their child’s account falls to a negative balance.

Charges/unpaid meals - Students may incur up to 2 charges. Students will be provided either a peanut butter sandwich and milk, or an extra breakfast item and milk, after that point.

NON-EDUCATIONAL ITEMS

Students may not bring non-educational items to school without teacher approval. Students who bring items with permission are to give it to the teacher assistant first period. Non-approved, non-educational items may be taken by teaching staff, kept for a specified amount of time, and returned to the parent.

WORK PERMITS

Work permit applications must be secured through the home high school office. Students seeking work permits should contact the guidance office of their home school.

SCHOOL SUPPLIES AND FEES

Basic supplies are the responsibility of the student. Lists are sent from individual teachers. Supplies do not last indefinitely, so please ask students frequently if they need replacements. **We do ask that all students bring in:**

- **antibacterial wipes (any brand, clorox, lysol, etc.)**
- **1-2 boxes of Kleenex**
- **roll of paper towels.**

Students are permitted to bring backpacks or book bags to school. These backpacks or bags must be made of mesh or clear, “see-through” plastic, however.

Student fees change from year to year and classroom to classroom. Students will be informed of any fees during the first week of school. Attached to the fee notification will be a waiver form for those families eligible to waive fees (Policy 6152.01). This needs to be completed annually. Students do not need to pay fees at their district of residence if they are enrolled at Mac-South.

CARE OF SCHOOL PROPERTY (Madison Champaign ESC Policy 5513)

Students who cause damage to school property shall be subject to disciplinary measures, and their parents shall be financially liable for such damage to the extent of the law, except that students over 18 years of age shall also be liable for damage they cause. Fines may be imposed for the loss, damage or destruction of school equipment, apparatus, musical instruments, library material, textbooks, and for damage to school buildings. The Principal/Program Coordinator may report to the appropriate juvenile authorities any student whose damage of school property has been serious or chronic in nature. A reward may be offered by the Board for the apprehension of any person who vandalizes school property. In cases of extreme and expensive damage, the police may be called and charges filed. School vandalism is a felony offense.

TEXTBOOKS AND WORKBOOKS

Textbooks may be furnished to each student at the beginning of the school year. Students are expected to take reasonable care of the books assigned them. Fines for lost or damaged books are paid in the office. The following schedule applies to lost books or those damaged beyond repair:

1 year old book: 10% off book cost

3 year old book: 30% off book cost

5 year old book: 50% off book cost

2 year old book: 20% off book cost

4 year old book: 40% off book cost

Book fines will never be less than \$1.00.

GRADING SCALE/CALCULATION OF GPA

The Mac-A-Cheek South's grading scale is established by the Madison-Champaign County Educational Service Center and is as follows:

A+ = 101-104	C+ = 79-77	E = Student achieving at ability, but not passing
A = 93-100	C = 76-73	S = Satisfactory
A- = 92-90	C- = 72-70	U = Unsatisfactory
B+ = 89-87	D+ = 69-67	I = Improving
B = 86-83	D = 66-63	P = Practice needed
B- = 82-80	D- = 62-60	
	F = 59-0	

High school students' GPA will be calculated using a 4-point scale. Students' final grades in each course will be used to calculate GPA. If a student enrolls at Mac-A-Cheek in the middle of a school year, grades from the student's previous school will be accepted and used to calculate a final grade for the school year.

Grades	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	F
GPA	4.00	3.67	3.33	3	2.67	2.33	2	1.67	1.33	1	.67	0

If parents have questions about grades (or any concerns), please consult your child's teacher to schedule a conference.

PROGRESS REPORTS

IEP Progress reports will be sent to the parents of each student every quarter. These reports provide information about the academic and behavioral progress of the student during the previous period. Parents may call the student's teacher if they have questions or concerns about these reports. Grades for junior and senior high school students are awarded with consideration to quality of work relative to ability. Review of progress reports will be sent home to inform parents of the progress the student is making toward IEP goals.

POINT/LEVEL SYSTEM

The effectiveness of Mac-A-Cheek's Point and Level System depends on the effective teaching of appropriate behaviors and consistent implementation of positive and negative reinforcers.

Principles that must be applied in the use of the Mac-A-Cheek Learning Center Point & Level System are:

1. Reinforcement should be immediate and consistent.
2. Points are earned by the student. Points are not "given" by staff. Points are not to be construed as the reward for positive behavior or the punishment for negative behavior.
3. Student behaviors will be categorized into three categories: Performance of Task, Response to Authority and Structure, and Social Skills & Behavior.

Performance of Task(PT)

- A. Complete assigned task to best of ability within the allotted time
- B. On-task behavior and actively engaged in instruction.
- C. Use free time wisely & constructively
- D. Be responsible for self, belongings, and school work

Social Behaviors (SB)

- A. Respect others by using appropriate interactions, courtesies, manners and language.

- B. Respect others' personal space & belongs.
- C. Share classroom supplies, equipment, and resources.
- D. Express personal feelings and emotions in an appropriate manner.

Response to Authority (RA)

- A. Be on time.
- B. Stay within assigned boundaries.
- C. Follow school and classroom rules.
- D. Respect Staff (appropriate voice tone, eye contact, verbal, and nonverbal language).
- E. Accept feedback and consequences for behaviors.

Individual Goals (IG)

- A. Each student should have two individual goals based on goals & objectives in the student's IEP.
- B. These goals may change as students master goals or new needs arise.
- C. Points for these goals will be awarded:
 Y (1 pt) = Yes, student met the goal
 N (0 pt) = No, student did not meet the goal

Guidelines for Earning Points that Reflect Student Behaviors

1. Staff will initial each period on the point sheet after points are documented on the point sheet. **Points may not be written on the point sheet until after the time period for which students have earned the points.**
2. Students earn "2" points when they meet expected behavior standards.
3. Students earn "1" point for below-expected behavior. A reason for the "1" must be written on student's point sheet.
4. Students earn a "0" when they have not demonstrated expected behaviors during the period. Reasons for the "0" must be written on student's point sheet.

Guidelines for Restriction Consequences

- As soon as students earn off Restriction points, they are "off restriction" at that time of the school day. For example, if a student earns off all Restriction points at 11:00, the student is off Restriction for the remainder of the school day (unless additional Restriction points are earned).
- A student who has earned "off Restriction " cannot be on Green or Blue Card.
- Staff must sign the point sheet to remove the student from Restriction.
- Students on Restriction must serve detention during recess if available for a length of time up to the teacher's discretion.
- Students who earn Blue Card points for the days following Restriction will double earned points for that day (at the end of the school day) until all Restriction Points are gone.
- Any day Restriction points are earned, students will not be able to "double off."
- Assault with intent to harm a student or staff, any form of harassment, or sexually explicit behaviors, results in 400 Restriction Points.

Earning 40 Restriction Points off for accepting feedback

Students may only earn 40 Restriction points off when they have earned 80 restriction points. **If students earn more than 80 restriction points in a day, they are not eligible to earn 40 points off. The purpose of allowing students to earn Restriction Points off is to help the child accept responsibility for his/ her inappropriate behavior and then change this behavior.** In order for students to earn 40 points off a restriction, the student must immediately accept feedback without staff prompting and exhibit acceptable behaviors for the remainder of the school day. If this occurs, a maximum of 40 Restriction Points may be subtracted from the total Restriction Points. If the student earns additional restriction points during the day, he/she is not eligible to earn 40 points off for accepting feedback. Accepting feedback is more than just verbalizing a response such as "okay," or "I accept the consequences." Accepting feedback should result in a change of behavior.

Accepting feedback should be pre-taught during Affective Education instruction; staff members should clearly describe the expected behaviors and model appropriate ways to verbally express fine the behaviors that must be exhibited. (back to work, sit quietly, stop

arguing, etc). **Students must continue to demonstrate this appropriate behavior for the remainder of the school day in order to earn 40 points off.**

IN SCHOOL SUSPENSION

When students earn 400 Restriction Points, they are assigned one hour of In School Suspension.

The rules for ISS are:

1. No talking
2. No sleeping
3. Sit appropriately

If students serve 1 hour of ISS appropriately, they will earn 80 Restriction Points off. If students do not serve the 1 hour appropriately, the student does not earn 80 Restriction Points off but returns to class after serving the assigned length of time.

Any In School Suspension over 1 hour in length must be approved by the head teacher or Principal/Program Coordinator as an alternative to other consequences.

BUS BEHAVIOR AND DISCIPLINE

Bussing to and from Mac-A-Cheek is provided by students' home school districts. Students are expected to follow the bus rules and all directives of the bus staff.

STUDENT DISCIPLINE (Madison_Champaign ESC Policy 5600)

The Governing Board acknowledges that conduct is closely related to learning – an effective instructional program requires an orderly school environment and the effectiveness of the educational program is, in part, reflected in the behavior of students.

The Board believes that the best discipline is self-imposed and that students should learn to assume responsibility for their own behavior and the consequences of their actions.

The Board shall require each student of this Educational Service Center to adhere to the Student Code of Conduct/Student Discipline Code adopted by the Board and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. Such rules shall require that students:

- A. conform to reasonable standards of socially-acceptable behavior;
- B. respect the person and property of others;
- C. preserve the degree of order necessary to the educational program in which they are engaged;
- D. respect the rights of others;
- E. obey constituted authority and respond to those who hold that authority.

The Student Code of Conduct/Student Discipline Code designates sanctions to the infractions of rules, excluding corporal punishment, which shall:

- C. be directed, where possible, to reduce the effects of any harm which may have been caused by the student's misconduct.

Students or parents/guardians who believe discrimination has occurred should promptly report concerns to the building administrator or the District's designated compliance officer. Complaints will be investigated promptly and appropriate corrective action will be taken when warranted.

STUDENT CONDUCT

Respect for the rights of others, consideration of their privileges, and cooperative citizenship shall also be expected of all members of the school community. Respect for real and personal property, pride in one's work, achievement within the range of one's ability, and exemplary personal standards of courtesy, decency, and honesty shall be maintained in all programs at Mac-A-Cheek Learning Center. Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all "directory information" upon written notification to the Board. STUDENT NETWORK AND INTERNET ACCEPTABLE USE AND SAFETY (MCESC Policy 7540.30)

Students are encouraged to use the Board's computers/network and Internet connection for educational purposes. Use of such resources is a privilege, not a right. Students must conduct themselves in a responsible, efficient, ethical and legal manner. Prior to accessing the Internet at school, students must sign the Student Network and Internet Acceptable Use and Safety Agreement. Parent permission is required for minors.

ACCEPTABLE USE POLICY

Mac-A-Cheek Learning Center has a computer network connected to the Internet for the benefit of students and staff. This network must be used for educational purposes only. All users are expected to act in a spirit of mutual respect and cooperation while adhering to the regulations for computer network/internet use. **All computers, at all times, are considered to be connected to the network.** The school reserves the right to monitor, under appropriate conditions, all data contained in the system to protect the integrity of the system and to ensure compliance with the policies, rules, and regulations governing the use of its computer systems. There is no implied right to privacy for students or staff when using school equipment.

- Your access to the network is a privilege, not a right. You may not impose yourself on others, access private files, attempt to break the security system or use computer supplies frivolously.
- The use of the network is a privilege that may be revoked by the school at any time for abusive conduct. Such conduct would include but is not limited to, the placing of unlawful information on or through the computer system and the use of obscene, abusive, harassing or otherwise objectionable language or images in either public or private files or messages.

- Users shall not intentionally seek information on, obtain copies of or modify files, other data or passwords belonging to other users, or misrepresent other users on the network.
- Do not use the Network to transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, national origin, sex, sexual orientation, age, disability, religion, or political beliefs. Sending, sharing, viewing or possessing pictures, text messages, e-mails or other materials of sexual nature (i.e. sexting) in electronic or any other form, including the contents of a wireless communication device or other electronic equipment, is grounds for discipline. Such actions will be reported to local law enforcement and child services as required by law.

determined by the administration.

DESTRUCTION OF PROPERTY

If a student destroys or damages property at Mac-A-Cheek Learning Center, the student will be expected to pay replacement costs for that item and will probably be prosecuted. The Principal/Program Coordinator will send the bill to the parents stating what was damaged and how much the student owes. To increase the student's sense of responsibility, the parents are encouraged to have the student pay from his/her own savings or to work to earn the money. Cooperation between parents and school tends to decrease the chances of future destruction and heightens the student's sense of responsibility.

TOBACCO, ALCOHOL, AND DRUGS

USE OF TOBACCO (Madison-Champaign ESC Policy 5512)

The Board of Education is committed to providing students, staff, and visitors with an indoor tobacco-free environment. The Board prohibits the possession, consumption, purchase or attempt to purchase and/or use of tobacco products by any person on Board premises, in Board-owned vehicles, within any indoor facility owned or leased or contracted for by the Board, and used to provide education or library services to children, and at all Board-sponsored events. Smoking clove cigarettes or other substances is also prohibited.

DRUGS AND TOBACCO PRODUCTS

The misuse of drugs is a serious problem with legal, physical, and social implications for the whole school community. "Drugs" shall mean:

- A: all dangerous controlled substances as so designated and prohibited by Ohio statute

- C: all alcoholic beverages
- D: any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy

The use, possession, concealment, or distribution of any drug or any drug-related paraphernalia as the term is defined by law, on Educational Service Center grounds, vehicles, and/or at any Educational Service Center sponsored event, is prohibited. Any student suspected of carrying these substances will submit to a search and, if found, be required to surrender the substance to the staff member in the presence of a second staff member or law enforcement officer.

Possession of tobacco products may constitute one to three days of restriction. Use of tobacco products may necessitate three to five days of restriction or suspension. Consequences for possession or use of drugs are three to five days suspension, immediate emergency removal, and probably prosecution. These products will be confiscated (not returned) by the Principal/Program Coordinator or other staff members.

COUNTERFEIT CONTROLLED SUBSTANCES

According to Amended House Bill #535, a person can be arrested, indicted and convicted for "making, selling and possessing of counterfeit drugs and related tools".

A counterfeit controlled substance is defined as:

- A. Any drug that bears, or whose container, or label bears a trademark, trade name or other identifying mark used without authorization of the owner or rights to such a trademark, trade name or identifying mark.
- B. Any unmarked or unlabeled substance that is represented to be a controlled substance manufactured, processed, packed, or distributed.
- C. Any substance that is represented to be a controlled substance but is not a controlled substance or is a different controlled substance.
- D. Any substance other than a controlled substance that a reasonable person would believe to be a controlled substance because of its similarity in shape, size, and color, or its markings, labeling, packaging, distribution, or price for which it is sold or being offered for sale.

No student shall knowingly possess any counterfeit controlled substance, nor shall any student knowingly make, sell, or offer for sale, give, package, or deliver a counterfeit controlled substance.

No student shall directly or indirectly represent a counterfeit controlled substance as a controlled substance by describing, either in words or conduct, its effects associated with the use of a controlled substance.

No student shall directly or indirectly falsely represent a counterfeit controlled substance as a controlled substance. Under this new code a student who for example boasts of having marijuana while in fact, it is only oregano could be subject to disciplinary actions.

DANGEROUS OBJECTS

(Madison Champaign ESC Policy 5772)

The possession of weapons or other devices designed to inflict serious bodily harm by anyone while on Educational Service Center property, at a school-related event, or while en route to or from school whether on a school bus, walking, or in a private vehicle will not be tolerated. This prohibition shall also encompass such action as look-alike items, false fire alarms, bomb threats, or intentional calls to falsely report a dangerous condition. It will be immediately reported to the parent and to the local law enforcement agency.

Students are prohibited from possessing, storing, making, or using a weapon, including a concealed weapon, in a school safety zone and any setting that is under the control and supervision of the Board for the purpose of school activities approved and authorized by the Board including, but not limited to, property leased, owned, or contracted for by the Board, a school-sponsored event, or in a Board-owned vehicle.

The term “weapon” means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including knuckles, martial arts weapons, ammunition, and explosives.

Any student suspected of carrying a dangerous object will submit to a search by Mac-A-Cheek staff in the presence of a second staff or law enforcement officer. Any objects taken from the students will be kept by the teacher or other staff members until the parent or law enforcement officer can pick them up. Weapons or objects brought to school that could harm others will result in at least five days suspension and possibly permanent removal for up to one calendar year.

Students are required to immediately report knowledge of dangerous weapons and threats of violence by students and staff to the building Principal/Program Coordinator. Failure to report such knowledge may subject the student to discipline up to and including suspension and expulsion from school.

SEARCH AND SEIZURE

(Madison Champaign ESC Policy 5771)

The Governing Board recognizes that the privacy of students or their belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner.

The Board acknowledges the need for in-school storage of student possessions. Such spaces remain the property of the Board and, in accordance with the law, may be the subject of random search.

Program directors are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, they may search the person or property, including vehicles of a student with or without the student’s consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of Center rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student’s age. This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

Search of a student’s person or intimate personal belongings shall be conducted by a person of the student’s gender, in the presence of another staff member and only in exceptional circumstances when the health or safety of the student or of others is immediately threatened. The Board also authorizes the use of canines, trained in detecting the presence of drugs or devices, when the Superintendent has reasonable suspicion that illegal drugs may be present in a facility. This means of detection shall be used only to determine the presence of drugs in locker areas and other places on Center-used property where such substances could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or with organizations certified in canine detection and is not to be used to search individual students unless a warrant has been obtained prior to the search.

Except as provided below, a request for the search of a student or a student’s possessions will be directed to the program director who shall seek the freely-offered consent of the student to the inspection. Whenever possible, a search will be conducted by the program director in the presence of the student and a staff member other than the director. A search prompted by the reasonable belief that

health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property

POSITIVE BEHAVIOR INTERVENTION & SUPPORTS AND LIMITED USE OF PHYSICAL RESTRAINT & SECLUSION

(Madison-Champaign ESC Policy 5630.01)

This policy may be viewed on the MCCESC website under Board Policy <http://www.mccesc.org>

The Governing Board is committed to the Educational Service Center-wide use of Positive Behavioral Intervention Supports (“PBIS”) with students. Student Personnel shall work to prevent the need for the use of restraint and/or seclusion. PBIS emphasizes prevention of student behavior problems through the use of non-aversive techniques, which should greatly reduce, if not eliminate, the need to use restraint and/or seclusion.

Professional staff members and support staff determined appropriate by the Superintendent are permitted to physically restrain and/or seclude a student, but only when there is immediate risk of physical harm to the student and/or others, there is no other safe and effective intervention possible, and the physical restraint or seclusion is used in a manner that is age and developmentally appropriate and protects the safety of all children and adults at school.

All restraint and seclusion shall only be done in accordance with this Policy (5630.01), which is based on the standards adopted by the State Board of Education regarding the use of restraint and seclusion.

Definitions:

- Physical Escort means the temporary touching or holding of a student’s hand, wrist, arm, shoulder, waist, hip, or back for the purpose of inducing a student to move to a safe location.
- Physical restraint means the use of physical contact that immobilizes or reduces the ability of a student to move his/her arms, legs, body, or head freely. Physical restraint does not include physical escort, mechanical restraint, or chemical restraint. Physical restraint does *not* include brief physical contact for the following or similar purposes to :
 - A. Break up a fight;
 - B. Knock a weapon away from a student’s possession;
 - C. Calm or comfort;
 - D. Assist a student in completing a task/response if the student does not resist the contact;
 - E. Prevent an impulsive behavior that threatens the student’s immediate safety (e.g., running in front of a car).
- Positive Behavior Interventions and Supports (“PBIS”) means a school-wide systematic approach to embed evidence-based practice and data-driven decision making to improve school climate culture in order to achieve improved academic and social outcomes, and increase learning for all students. PBIS encompasses a range of systemic and individualized positive strategies to reinforce desired behaviors, diminish recurrences of challenging behaviors, and teach appropriate behaviors to students.
- Seclusion means involuntary isolation of a student in a room enclosure, or space from which the student is prevented from leaving by physical restraint or a closed door or other physical barrier.
- Timeout means a behavioral intervention in which the student, for a limited time and specified time, is separated from the class within the classroom or a non-locked setting for the purpose of self-regulating and controlling his/her own behavior. In a timeout, the student is not physically restrained or prevented from leaving the area by physical barriers.
- Seclusion may only be used when a student’s behavior poses an immediate risk of physical harm to the student or others and no safe and effective intervention is possible. Seclusion may be used only as a last resort safety intervention that provides the student the opportunity to regain control of his/her actions. Seclusion must be used in a manner that is age and developmentally appropriate, for a minimum amount of time necessary for the purpose of protecting the student and/or others from physical harm, and otherwise in compliance with this Policy (5630.01) and the Ohio Department of Education’s (“ODE”) corresponding policy.
Seclusion shall be implemented by Student Personnel who have been trained in accordance with this Policy (5630.01) to protect the care, welfare, dignity and safety of the student.

EMERGENCY REMOVAL OF STUDENTS (Madison-Champaign ESC Policy 5610.03)

If a student’s presence poses a continuing danger to persons or property, or an ongoing threat of disrupting academic process taking place either in a classroom or elsewhere on school premises, the Superintendent, Principal/Program Coordinator, or Assistant Principal/Program Coordinator may remove the student from curricular activities or from the school premises.

REMOVAL, SUSPENSION, EXPULSION, AND PERMANENT EXCLUSION OF STUDENTS (MCESC Policy 5610)

The Mac-A-Cheek Learning Center recognizes that expulsion from the educational program of the schools, whether by emergency removal, out-of-school suspension, expulsion, or permanent exclusion, is the most severe sanction that can be imposed on a student, and one that cannot be imposed without due process. However, Mac-A-Cheek Learning Center has zero tolerance for violent, disruptive, or inappropriate behavior by its students.

No student is to be removed, suspended out of school, expelled and/or permanently excluded unless his/her behavior represents misconduct as specified in the Student Code of Conduct /Student Discipline Code approved by the Board. The code shall also specify the procedures to be followed by school officials when implementing such discipline. In addition to the procedural safeguards and definitions set forth in this policy and the Student/Parent Handbook, additional procedures and considerations shall apply to students identified as disabled under the IDEA, ADA, and/or Section 504 of the Rehabilitation Act of 1973. (See Policy 5605)

Students may be subject to discipline for violation of the Student Code of Conduct/Student Discipline Code even if that conduct occurs on property not owned or controlled by the Board, but where such conduct is connected to activities or incidents that have occurred on property owned or controlled by the Board, or conduct that, regardless of where it occurs, is directed at an Educational Service Center official or employee, or the property of such official or employee.

For purposes of this policy, and the Student Code of Conduct/Student Discipline Code, the following shall apply:

- A. **“Emergency removal”** shall be the exclusion of a student who poses a continuing danger to Mac-A-Cheek Learning Center property or persons or whose behavior presents an on-going threat of disrupting the educational process provided by the Educational Service Center.
- B. **“Suspension”** shall be the temporary exclusion of a student by the Superintendent, Principal/Program Coordinator, Assistant Principal/Program Coordinator or any other authorized administrator from the ESC’s instructional program for a period not to exceed ten (10) school days. Suspension may extend beyond the current school year if, at the time a suspension is imposed, fewer than ten (10) days remain in the school year. The Superintendent may apply any or all of the period of suspension to the following year. The procedures for suspension are set forth in the Student Code of Conduct/ Student Discipline Code and Board Policy 5610 – Due Process Rights.
- C. **“Expulsion”** shall be the exclusion of a student from the schools of the ESC for a period not to exceed the greater of eighty (80) school days or the number of school days remaining in a semester or term in which the incident that gives rise to the expulsion takes place for one (1) years specifically provided in this policy. Only the Superintendent may expel a student.

1) Firearm or Knife

Unless a student is permanently excluded from school, the Superintendent shall expel a student from school for a period of one (1) year for bringing a firearm or knife to a school building or on to any other property (including a school vehicle) owned, controlled, or operated by the Board, to an interscholastic competition, an extra-curricular event, or to any other school program or activity that is not located in a school or on property that is owned or controlled by the Board, except that the Superintendent shall expel a student from school for a period of one (1) year for possessing a firearm or knife at school or on any other property (including a school vehicle) owned, controlled, or operated by the Board, at interscholastic competition, an extra-curricular event, or at any other school program or activity that is not located in a school or on property that is owned or controlled by the Board, except the Superintendent may reduce this period on a case-by-case basis in accordance with this policy. The expulsion may extend, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place. The Superintendent shall refer any student expelled for bringing a firearm (as defined in 18 U.S.C. 921 (a) (3) or weapon to school to the criminal justice or juvenile delinquency system serving the Center.

A firearm is defined as any weapon, including a starter gun, which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or silencer, or any destructive device. A destructive device, includes, but is not limited to any explosive, incendiary, or poison gas, bomb, grenade, rocket having a propellant charge of more than four (4) ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine, or other similar device.

A knife is defined as any weapon or cutting instrument consisting of a blade fastened to a handle; a razor blade; or any similar device (including sharp, metal martial arts weapons such as ninja throwing stars) that is used for, or is readily capable of, causing death or serious bodily injury.

The Superintendent may, in his/her sole judgment and discretion, modify or reduce such expulsion in writing, to a period of

less than one (1) year, on a case-by-case basis, upon consideration of the following:

- Applicable State or Federal laws and regulations relating to students with disabilities (for example, where the incident involves a student with a disability and the misconduct is determined by a group of persons knowledgeable about the child to be a manifestation of the student's disability);
- The degree of culpability given the age of the student and its relevance to the misconduct and/or punishment and/or evidence regarding the probable danger posed to the health and safety of others, including evidence of the student's intent and awareness regarding possession of the firearm or knife; and/or

The Superintendent may expel the student for a period of up to one (1) year. The Superintendent may extend the expulsion into the next school year or reduce the expulsion as necessary on a case-by-case basis as specified below. The student need not be prosecuted or convicted of any criminal act to be expelled under the provision.

The Superintendent may, in his/her sole judgment and discretion, reduce such expulsion to a period of less than one (1) year, on a case-by-case basis, upon consideration of the following

Or
- B. Other extenuating circumstances, including, but not limited to, the academic and disciplinary history of the student, including the student's response to the imposition of any prior imposed for behavior problems.

If at any time of the suspension or expulsion there are fewer days remaining in the school year than the number of days of the suspension or expulsion, the Superintendent may apply any or all of the remaining period to the following school year.

3) **Bomb Threats**

If a student makes a bomb threat to a school building or to any premises at which a school activity is occurring at the time of the threat, the Superintendent may expel the student for a period of up to one (1) year. The Superintendent may extend the expulsion into the next school year or reduce the expulsion as necessary on a case-by-case basis. The student need not be prosecuted or convicted of any criminal act to be expelled under this provision.

The Superintendent may, in his/her sole judgment and discretion, reduce such expulsion to a period of less than one (1) year, on a case-by-case basis, for the following reasons:

- A. for students identified as disabled under the IDEA, ADA, and/or Section 504 of the Rehabilitation Act of 1973, upon recommendation from the group of persons knowledgeable of the student's educational needs; or
- B. other extenuating circumstances, including, but not limited to, the academic disciplinary history of the student, including the student's response to the imposition of any prior discipline imposed for behavioral problems.

If at the time of the suspension or expulsion, there are fewer days remaining in the school year than the number of days of the suspension or expulsion, the Superintendent may apply any or all of the remaining period to the following school year.

"Permanent Exclusion" shall mean the student is banned forever from attending a public school in the State of Ohio (See Policy 5610).

If a student is expelled for more than twenty (20) school days or for a period that extends into the next school year, the Superintendent shall provide the student and his/her parents with the names, addresses, and telephone numbers of those public or private agencies in the community which offer programs or services that help to rectify the student's behaviors and attitudes that contributed to the incident(s) that caused the expulsion.

If the Superintendent determines that a student's behavior on a school vehicle violates school rules, s/he may suspend the student from school bus-riding privileges for the length of time deemed appropriate for the violation and remediation of the behavior. Any such suspension must comply with due process and the Student Code of Conduct/Student Discipline Code.

The Board authorizes the Superintendent to provide for option to suspension/expulsion of a student from school which may include alternative educational options.

The Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion must be imposed for the same duration it would have been had the student remained enrolled.

The Board may temporarily deny admittance to any student who has been suspended from the schools of another Ohio center if the student's suspension period set by the other center has not expired. The suspended student shall first be offered an opportunity for a hearing before the Board.

When a student is expelled from the Educational Service Center, the Superintendent shall send written notice to any college in which the expelled student is enrolled under postsecondary enrollment options at the time the expulsion is imposed. The written notice shall indicate the date the expulsion is scheduled to expire.

If the expulsion is extended, the Superintendent shall notify the college of the extension.

A copy of this policy is to be posted in a central location in each school and made available to students and parents upon request. Key provisions of the policy should also be included in the parent-student handbook.

SUSPENSION AND EXPULSION

PERMANENT EXCLUSION OF NONDISABLED STUDENTS (Madison-Champaign ESC Policy 5610.01)

In accordance with the law, the Board may seek to permanently exclude a student, sixteen (16) years of age or older, who has been convicted of or adjudicated delinquent for committing one or more of the following violations of the Code of Conduct while on school grounds, s/he may be permanently excluded from the schools of this Center or any other public school in Ohio:

- A. possession or involvement with a deadly weapon
- B. trafficking in drugs
- C. murder, involuntary manslaughter, assault or aggravated assault
- D. rape, gross sexual imposition, or felonious sexual penetration on school grounds at a school event, or if the victim is an employee of the Center;
- E. complicity, regardless of where the complicity occurs, in any of the above crimes.

SUSPENSION/EXPULSION OF STUDENTS WITH DISABILITIES (Madison-Champaign ESC Policy 5605)

In addition to following the requirements and procedures set forth for all students in Policy 5610, the Governing Board shall also abide by State and Federal laws and regulations when disciplining students with disabilities through removal by suspension and/or expulsion.

SCHOOL VISITORS

(Madison Champaign ESC Policy 9150)

The Governing Board welcomes and encourages visits to Mac-South programs by parents, other adult residents of the serving district, and interested educators. But in order for the educational program to continue undisturbed when visitors are present, and to prevent the intrusion of disruptive persons, it is necessary to invoke visitor controls. The Superintendent or program director has the authority to prohibit the entry of any person to a program at Mac-South or to expel any person when there is reason to believe the presence of

such person would be detrimental to the good order of the program. If such an individual refuses to leave the school grounds or creates a disturbance, the program director is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual. Additionally:

- A. Persons wishing to visit the school are to make arrangements in advance through the school office. Any person who comes onto school property without registering at the office is trespassing and may be reported to the authorities.
- B. No visitor may see a student in school unless it is with the specific approval of the Principal/Program Coordinator. If an emergency situation requires that a student be called to the office to meet with a visitor, a member of the administrative staff must be present during the conference. A student will not be permitted to leave the school with anyone who is not clearly identified as his/her parent or an appropriately authorized person.
- C. Students may not bring guests to school unless permission to do so has been granted by the Principal/Program Coordinator
- D. No staff member is allowed to transact business with a visitor who has not duly registered at the school office and received authorization to be present for the purpose of conducting business.

CLASSROOM VISITATION GUIDELINES

Because classroom visitations can be distracting to the students, it has been necessary to establish the following guidelines:

- A. Parents, other than those who have been asked by a teacher to be in the classroom, who wish to observe learning activities taking place in their child's classroom are to confer, in advance, with the Principal/Program Coordinator and the teacher and state the purpose of the visitation.
- B. Visitations will not be allowed during examinations and independent study periods.
- C. The length of visitation will be at the discretion of the building Principal/Program Coordinator.
- D. The number of visitors at any one time will be at the discretion of the building Principal/Program Coordinator.
- E. The frequency of visits for any student's parents and the aggregate number of visits per week will be at the discretion of the building Principal/Program Coordinator.
- F. Parents are to be silent observers and are not to create any type of disturbance or disruption to the learning process.
- G. Copies of instructional materials being used by the students or teacher may be requested of the teacher but not always be immediately available during the visitation.
- H. Any comments made by individual students are to be maintained in confidence by the visitor to the activity.
- I. Use of audio or visual equipment to record classroom activities must be approved by the Principal/Program Coordinator and the teacher. No visitor shall be allowed to videotape students in the classroom as it violates the privacy rights of students unrelated to the visitor.
- J. If a visitor wishes to tape record a conversation or meeting with a teacher or the Principal/Program Coordinator, s/he should request permission from the teacher or Principal/Program Coordinator.
- K. Any comments or concerns are to be discussed with the teacher before or after the school day when students are not present.
- L. Visitors are encouraged to meet with the Principal/Program Coordinator and teacher during non-instructional hours to discuss the observation and to obtain answers to their questions. If a parent has a concern about what may be transpiring in his/her child's classroom, s/he should discuss the concern first with the teacher, and if the concern is not satisfied, make arrangements to discuss the matter with the Principal/Program Coordinator.

ALL VISITORS MUST STOP IN THE OFFICE TO SIGN IN BEFORE GOING TO THE CLASSROOM.

Mac-A-Cheek Learning Center recognizes the important role parents play in the education of their children. It is important, however, that the instructional setting is not disrupted, however, so parents are not allowed to visit their child's classroom without an appointment as this can disrupt the classroom setting. Instead, parents should contact their child's teacher to arrange for a meeting or visit. This will also allow school staff to ensure that confidentiality requirements are implemented during parent visits.

PARENT CALLS TO STUDENTS DURING THE SCHOOL DAY

Students are not permitted to make/ accept phone calls during the school day without the permission of their teacher, the Head Teacher, or the Principal/Program Coordinator. If an emergency arises and a parent needs to speak with during the school day, the parent must first speak to the Principal/Program Coordinator, Head Teacher, or the student's teacher to ensure that the conversation will not be disruptive to the child's learning or behavior and so school staff needs to provide support to the child if this is needed. If parents need to communicate routine information to their child, such as arrangements for after school, this information should be provided to the Program Assistant/ staff, who will ensure that the information is relayed to the student.

PARENT/TEACHER CONFERENCES (Madison Champaign ESC Policy 5420B)

We encourage parents to call and make appointments with the staff to discuss your child's education. The parent/teacher conference can play a significant role in the education of our students in three (3) important ways:

- A. providing the teacher with vital information from parents that will strengthen the plans and strategies the teacher uses with a student

- B. helping parents understand more clearly what the school and the teacher are trying to accomplish with a student, what is required for students to accomplish such results, and what the parent can do to facilitate the process
- C. building a strong home-school partnership that has implications for support of school programs beyond particular classroom or grade.

RELATIONSHIP WITH GOVERNMENTAL AGENCIES

(Madison-Champaign ESC Policy 5540A)

The Police may be called for the following reasons:

- Refusal of a person to leave school property after being requested to do so by the appropriate school authority.
- Willful destruction of school property – particularly if the Educational Service is likely to seek restitution

NONDISCRIMINATION AND ACCESS TO EQUAL EDUCATIONAL OPPORTUNITY

(Madison-Champaign ESC Policy 2260)

Any form of discrimination or harassment can be devastating to an individual's academic progress, social relationship and/or personal sense of self-worth. Therefore, the Governing Board will not discriminate nor tolerate harassment in its educational programs or activities for any reasons, including on the basis of religion, race, color, national origin, sex, disability or age. Additionally, it will not discriminate in its employment policies and practices.

The Board is committed to providing an equal opportunity for all students, regardless of race, color, creed, disability, religion, gender, ancestry, age, national origin, place of residence within the boundaries of the Center, or social or economic background, to learn through the curriculum offered in this Center.

- file a complaint regarding alleged violations of FERPA.

Questions regarding student records should be directed to the building principal.

SCHOOL SAFETY

(Madison-Champaign ESC Policy 8400)

FIRE DRILL

The signal is a long ring of the fire bell. When the signal is given, students are to walk quickly, quietly, and orderly to proper exits from the building. The students need to follow the directions of the teacher or staff person in charge.

TORNADO DRILL

Upon hearing the fog horn or town tornado siren, everyone will exit their rooms and go to the assigned areas, assume a squatting position facing the inner wall with arms overhead. When the person in authority gives the clear signal, return in an orderly fashion to your room.

The Governing Board is committed to maintaining a safe and drug-free environment in all of the Educational Service Center's schools. The Board believes that school crime and violence are multifaceted problems that need to be addressed in a manner that utilizes all available resources in the community through a coordinated effort of School Center personnel, law enforcement agencies, and families. The Board further believes that school administrators and local law enforcement officials must work together to provide for the safety and welfare of students while they are at school or a school-related event or are on their way to and from school. The Board also believes that the first step in addressing school crime and violence is to assess the extent and nature of the problem(s) or threat, and then plan and implement strategies that promote school safety and minimize the likelihood of school crime and violence.

EMERGENCY MANAGEMENT PLAN ("EMP")

To that end, the Superintendent shall develop and adopt a comprehensive Emergency Management Plan ("EMP") for each building under his/her control. In developing the EMP for each building, the Superintendent shall involve community law enforcement and safety officials, parents of students who are assigned to the building, and teachers and nonteaching employees assigned to the building. In developing the EMP, the Superintendent shall examine the environmental conditions and operations of each building to determine potential hazards to student and staff safety. The Superintendent shall further propose operating changes to promote the prevention of potentially dangerous problems and circumstances. The Superintendent shall incorporate remediation strategies into the EMP for any building where documented safety problems have occurred.

Each EMP will include:

- A. protocols for addressing serious threats and emergency events that affect the safety of school property, students, employees, or administrators;
- B. These protocols will include appropriate procedures for responding to these threats and emergencies, such as notifying law enforcement, contacting specified emergency response personnel, and alerting parents of affected students.
- C. a floor plan unique to each floor of the building;
- D. a site plan that includes all building property and surrounding property; and
- E. an emergency contact information sheet.

These plans are reviewed annually and modified as-needed.

Prior to the opening day of each school year, the Superintendent shall inform each enrolled student and the student's parent of the procedures to be used to notify parents in the event of an emergency or a serious threat to safety. Also, see Policy [8420](#) - Emergency Situations at School.

Policy 8400
School Safety

The safety of students and staff is a priority.

The school maintains comprehensive safety procedures including emergency drills, crisis response planning, visitor management, and staff training.

Students are expected to follow all safety instructions provided by school personnel.

Policy 8420

Emergency Situations Emergency Procedures

The school conducts required emergency drills throughout the school year.

During emergencies students are expected to remain calm, follow staff directions, and comply with all emergency procedures.

Parents will receive communication as soon as practical following significant emergencies.

SAFE AND DRUG FREE SCHOOLS

As a part of the EMP, the Board shall verify that it has procedures in place for keeping schools safe and drug-free that include (see also, [Form 8330 F15](#) entitled Checklist of Policies and Guidelines Addressing No Child Left Behind Act of 2001):

- A. appropriate and effective school discipline policies that prohibit disorderly conduct, the illegal possession of weapons and the illegal use, possession, distribution, and sale of tobacco, alcohol, and other drugs by students;
- B. security procedures at school and while students are on the way to and from school;
- C. prevention activities that are designed to maintain safe, disciplined and drug-free environments;
- D. a code of conduct or policy for all students that clearly states the responsibilities of students, teachers, and administrators in maintaining a classroom environment that:
 - a. allows a teacher to communicate effectively to all students in the class;
 - b. allows all students in the class the opportunity to learn;
 - c. has consequences that are fair, and developmentally appropriate;
 - d. considers the student and the circumstances of the situation; and
 - e. is enforced accordingly.

In accordance with Federal Law, the Board of Education prohibits the use, possession, concealment, or distribution of drugs by students on school grounds, in school or school-approved vehicles, or at any school-related event. Drugs includes any alcoholic beverage, anabolic steroid, dangerous controlled substance as defined by State statute, or substance that could be considered a "look-a-like" controlled substance. Compliance with this policy is mandatory for all students. Any student who violates this policy will be subject to disciplinary action, in accordance with due process and as specified in the student handbooks, up to and including expulsion from school. When required by State law, the District will also notify law enforcement officials. The District is concerned about any student who is a victim of alcohol or drug abuse and will facilitate the process by which s/he receives help through programs and services available in the community. Students and their parents should contact the school principal or counseling office whenever such help is needed. ([NEOLA Form 5530-F2](#))

PERSISTENTLY DANGEROUS SCHOOLS

The Board recognizes that State and Federal law requires that the Center report annually incidents which meet the statutory definition of violent criminal offenses that occur in a school, on school grounds, on a school conveyance, or at a school-sponsored activity. It is further understood that the State Department of Education will then use this data to determine whether or not a school is considered "persistently dangerous" as defined by State policy.

Pursuant to the Board's stated intent to provide a safe school environment, the school administrators are expected to respond appropriately to any and all violations of the Student Code of Conduct, especially those of a serious, violent nature. In any year where the number of reportable incidents of violent criminal offenses in any school exceed the threshold number established in State policy, the Superintendent shall convene a meeting of the building administrator, representative(s) of the local law enforcement agencies, and any other individuals deemed appropriate for the purpose of developing a plan of corrective action that can be implemented in an effort to reduce the number of these incidents in the subsequent year.

The Superintendent shall make a report to the Board about this plan of corrective action and shall recommend approval and adoption of it.

In the unexpected event that the number of reportable incidents in three (3) consecutive school years exceeds the statutory threshold and the school is identified as persistently dangerous, students attending the school shall have the choice option as provided in Policy 5113.02 and AG 5113.02.

In addition, the Superintendent shall convene a meeting of the building administrator, representative(s) of the local law enforcement agencies, and any other individuals deemed appropriate for the purpose of developing a plan of corrective action that can be implemented in an effort to reduce the number of these incidents in the subsequent year.

Policy 9150
School Visitors
Visitors

All visitors must report to the main office upon entering the building.

Visitors may be required to present identification, sign in, and wear a visitor badge while on school property.

Unauthorized visitors may be denied access or asked to leave school property.

The Superintendent or designee may restrict visitor access when necessary to maintain a safe educational environment.

VICTIMS OF VIOLENT CRIME

The Board further recognizes that, despite the diligent efforts of school administrators and staff to provide a safe school environment, an individual student may be a victim of a violent crime in a school, on school grounds, on a school conveyance, or at a school-sponsored activity. In accordance with Federal and State law the parents of the eligible student shall have the choice options provided by Policy 5113.02 and AG 5113.02.
