Estimada comunidad de Fennville:

¡Bienvenidos al año escolar 2026-27!

Al estar a punto de comenzar un nuevo año escolar, quiero dar la más cordial bienvenida a nuestros estudiantes, familias, maestros y a toda la comunidad.

Este verano fue particularmente único. Juntos, nos reunimos en

Desfiles, barbacoas en los patios traseros y eventos comunitarios para celebrar un hito monumental: el 250 aniversario de nuestra nación.

Durante dos siglos y medio, la historia estadounidense se ha caracterizado por una idea simple pero poderosa: que cuando personas diversas se unen con un propósito común, no hay límites para lo que pueden lograr. Fennville es una comunidad construida sobre el trabajo arduo, la resiliencia, una rica herencia cultural y un profundo afecto mutuo.

Ahora, tenemos la oportunidad de llevar esa misma energía unificadora a nuestras aulas.

Nuestras escuelas son el corazón de nuestra comunidad. Son los lugares donde nuestros futuros líderes, pensadores, artistas y constructores descubren quiénes son. Así como nuestros fundadores miraron al futuro con esperanza y determinación hace 250 años, iniciamos este nuevo año escolar con la misma ardiente curiosidad y el mismo impulso de crecer.

Este año, propongámonos el reto de seguir construyendo sobre ese legado de unidad:

- **Apoyémonos mutuamente, celebrando tanto nuestros triunfos individuales como nuestros éxitos colectivos.**
- **Abracemos el aprendizaje con la mente abierta, sabiendo que cada lección nos acerca a nuestro potencial.**
- **Fortalezcamos nuestros lazos, reconociendo que damos lo mejor de nosotros mismos cuando nos apoyamos mutuamente, desde el aula hasta los campos deportivos, y en cualquier otro lugar.**

A nuestros estudiantes: Estamos ansiosos por ver sus rostros sonrientes, escuchar sus historias y verlos brillar. Ustedes son los autores del próximo gran capítulo de nuestra comunidad y de nuestro país.

A nuestras familias y personal: Gracias por su colaboración, su pasión y su dedicación inquebrantable para hacer de Fennville un lugar maravilloso para aprender y crecer.

Hagamos de este 250 aniversario de nuestra nación el año escolar más inspirador, exitoso y unido hasta la fecha. ¡Bienvenidos de nuevo, Blackhawks!

Con orgullo y entusiasmo,
Albert Lombard, Superintendente

¡Oportunidades de voluntariado!

Mentores de primaria y secundaria

Nuestro programa de mentoría para estudiantes de primaria y secundaria conecta a los alumnos con adultos comprensivos que les brindan aliento, apoyo y una presencia positiva durante todo el año escolar. Mediante actividades como juegos, conversaciones y tiempo compartido, los mentores ayudan a los estudiantes a desarrollar confianza, sentirse conectados y saber que cuentan con alguien que los apoya. Un poco de tu tiempo puede tener un impacto duradero en el futuro de un niño.

Entrenadores de recreación comunitaria

Entrenar a jóvenes deportistas es una experiencia gratificante. Cuando los niños se divierten, se mantienen motivados, el espíritu de equipo se fortalece y su rendimiento individual mejora. Los entrenadores crean las condiciones ideales para que disfruten del deporte mediante una comunicación positiva y un desarrollo de habilidades bien estructurado, tanto en los entrenamientos como en los partidos.

¿Te interesa el coaching?

vínculo PROYECTOS

Este verano, pusimos en marcha varios proyectos importantes de mejora de las instalaciones, posibles gracias al apoyo de la comunidad al Referéndum de Bonos de 2025. Desde mejoras cruciales de infraestructura hasta renovaciones que optimizan la accesibilidad, la comodidad y la eficiencia, cada proyecto se centra en proporcionar a estudiantes y personal espacios que fomenten la enseñanza, el aprendizaje y el orgullo escolar. Agradecemos a nuestra comunidad su confianza en el futuro de las Escuelas Públicas de Fennville. Gracias a su inversión, estamos realizando mejoras significativas que beneficiarán a los estudiantes de Blackhawk durante muchos años. A medida que avancen las obras, compartiremos novedades y celebraremos el progreso alcanzado en todo nuestro distrito.

¡Nuestro nuevo sistema de senderos en todo el campus está empezando a tomar forma! El sendero de cinco kilómetros conectará diferentes espacios del campus y creará nuevas oportunidades para el aprendizaje y la exploración al aire libre. Durante el próximo año, se añadirán áreas dedicadas al aprendizaje al aire libre a lo largo del sendero, ofreciendo a los estudiantes aún más formas de aprender fuera del aula. El sendero también servirá como la nueva pista de campo a través para nuestros equipos de secundaria y preparatoria. Los equipos no han tenido una pista en el campus desde principios de la década de 2000, cuando se construyó la escuela primaria.

Se ha instalado un techo nuevo en el antiguo garaje de autobuses, ubicado en la esquina de las calles Mary y First. El edificio está siendo renovado para servir como taller de mantenimiento exclusivo del distrito, proporcionando un espacio centralizado para el mantenimiento de nuestras instalaciones.

Se han instalado nuevas puertas exteriores que cumplen con la normativa ADA en la Oficina Central, la Escuela Intermedia y la Escuela Secundaria Alternativa, lo que mejora la accesibilidad y facilita el acceso de todos a nuestros edificios.

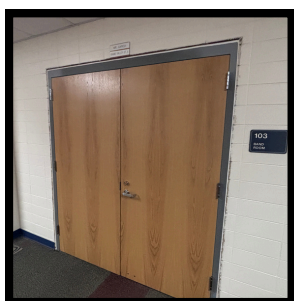

La sala de música del instituto está recibiendo un nuevo suelo, lo que proporcionará un espacio renovado para que los alumnos aprendan, practiquen y actúen.

Próximamente: Mobiliario nuevo para las aulas de la escuela secundaria y preparatoria.

Annual Compliance Notifications

Integrated Pest Management

State of Michigan law requires schools and day care centers that may apply pesticides on school or day care property to provide an annual advisory to parents or guardians of the students attending the facility. Please be advised that Fennville Public Schools and day care programs utilize an Integrated Pest Management (IPM) approach to control pests. IPM is a pest management system that utilizes all suitable techniques in a total pest management system with the intent of preventing pests from reaching unacceptable levels or to reduce an existing population to an acceptable level. Pest management techniques emphasize sanitation, pest exclusion, and biological controls. One of the objectives of using an IPM approach is to reduce or eliminate the need for chemical applications of pesticides. However, certain situations may require the need for pesticides to be utilized. As required by the State of Michigan law, you will receive advance notice regarding the non-emergency application of a pesticide such as an insecticide, fungicide or herbicide, other than a bait or gel formulation, that is made to the school or day care grounds or buildings during this school year. In certain emergencies, such as an infestation of stinging insects, pesticides may be applied without prior notice to prevent injury to students, but you will be notified following any such application. Advance notification of pesticide applications, other than a bait or gel formulation, will be given by at least two methods. The first method will be by posting at the main entrance to the school/day care center, which is located at the front entrance of each building. The second method will be by the electronic notification of the School Messenger broadcast system. Additionally, pesticide applications will be posted on the school website, in the Notices and Publications section. Please be advised that parents or guardians of children attending the school or day care center are entitled to receive the advance notice of a pesticide application, other than a bait or gel formulation, by first class United States mail postmarked at least three days before the pesticide application, if they so request. If you prefer to receive the notification by first class mail, please contact the individual listed below for the required form. Please be advised that parents or guardians of children attending the school may review the school's Integrated Pest Management program and records of any pesticide upon request. Safe & Drug free Schools & Communities Act

Fennville Public Schools recognizes and abides by the standards of the Safe and Drug Free Schools and Communities Act and the Drug Free Workplace Act. These standards prohibit the unlawful manufacture, possession, use, sale, distribution, or concealment of illegal drugs and alcohol in school programs, school vehicles, school premises, and at school sponsored activities on and off school property. Drugs include all controlled substances as defined by law, as well as 'look-alike' drugs, steroids, and alcohol. These standards apply to all Fennville Public Schools students. We urge students, parents, guardians, and care providers to work hand-in-hand with our district to ensure that those important standards are upheld.

Non-Discrimination Notification

The Fennville Public School District prohibits discrimination on the basis of race, color, religion, ethnicity, national origin or ancestry, age, sex, height, weight, marital status, or handicap inquiries regarding this policy may be directed to (269) 722-3350. Fennville Public Schools is an Equal Opportunity Employer. Auxiliary aids and services are available upon request to individuals with disabilities.

Tobacco Free Schools Act

On September 1, 1993, Public Act 140 became effective in Michigan. This law declared all public-school facilities to be tobacco free.

The Tobacco Free Schools Act bans the use of tobacco products in all buildings and on all properties owned or operated by our school district. It prohibits the use of all forms of tobacco on school grounds, buildings, parking lots, in school vehicles, and in private vehicles on school premises.

This law is enforced by local police agencies. Violations constitute a misdemeanor and can result in a fine up to \$50.

Our staff are asked to assist in the communications of the law's requirements to students, guests, parents, and other visitors to our facilities. Appropriate signs are currently posted at entrances to our buildings.
Thank you for your assistance with this requirement.

PARENTS VACCINES REQUIRED FOR SCHOOL ENTRY IN MICHIGAN

Whenever children are brought into group settings, there is a chance for diseases to spread. Children must follow state vaccine laws in order to attend school. These laws are the minimum standard to help prevent disease outbreaks in school settings. The best way to protect your child from other serious diseases is to follow the recommended vaccination schedule at www.cdc.gov/vaccines. Talk to your health care provider to make sure your child is fully protected.

Annual Notification letter

The Environmental Protection Agency (EPA) requires that each year notification is given regarding asbestos activities such as response actions and inspections. The purpose of this correspondence is to meet those requirements and familiarize you with the asbestos-related activities that have been conducted at the school during the past year.

Management Plan - The existing Management Plan was developed and finalized in 1988 and updated in July, 2015 in the Facilities Director's office and is available for review; 5 Memorial Drive, Fennville, MI 49408 (269) 722-3368. There is no asbestos related construction work planned for this school year. There is only no friable asbestos material in the high school and middle school except for a small amount of pipe insulation that is enclosed within the hard ceiling in the middle school and not accessible to the students and staff. Periodic Surveillance - The AHERA (the EPA law governing schools) regulation requires surveillance of the condition of asbestos containing material every six months. This monitoring is current and being conducted (in January and July each year) by an EPA trained consultant, Villa Environmental Consultants, Inc. The AHERA regulation requires a three-year re-inspection (detailed review) of the condition of asbestos containing material in all school buildings. The most recent re-inspection was performed in July, 2023 with the next re-inspection due in July, 2026. This monitoring is being conducted by Villa Environmental Consultants, Inc. Questions regarding asbestos-related issues may be directed to Richard P. Villa, Villa Environmental Consultants, Inc., 508 West Main Street, Benton Harbor, MI 49022. Phone number is 269-927-2434.
