Status: ADOPTED

Original Adopted Date: 02/11/1991 | **Last Revised Date:** 11/14/2022 | **Last Reviewed Date:** 11/14/2022

Students enrolled and attending school in the school district who meet the United States Department of Agriculture (USDA) eligibility guidelines will be provided the school nutrition program services at no cost or at a reduced price. The school district will make every effort to eliminate any social stigma attached to and prevent the overt identification of, students who are eligible for free and reduced price meals.

The district shall twice annually notify all families of the availability, eligibility criteria, and application procedures for free or reduced price meals in accordance with state and federal law.

It is the responsibility of the director of food service to determine the eligibility of students for free or reduced price school nutrition programs, in accordance with criteria established by state and federal law. If school personnel have knowledge of a student who is in need of free or reduced-price meals, school personnel shall contact the director of food service.

If a student owes money for five or more meals, the director of food service or the food service secretary may contact the student's parent or guardian to provide information regarding the application for free or reduced price meals. The school is encouraged to provide reimbursable meals to students who request reimbursable meals unless the students' parent or guardian has specifically provided written direction to the school to withhold a meal from the student.

Employees will be required to pay for meals consumed.

It is the responsibility of the superintendent to develop administrative regulations for implementing this policy.
