Service Highlights

- **24/7 Access:** Recuro physicians are available whenever patients need them, day or night. This ensures timely care for urgent medical concerns, reducing the need for in-person visits or emergency room trips.
- **Multi-Channel Options:** Live video and phone options let each patient receive care the way they like. These flexible options accommodate diverse patient preferences and make accessing care more convenient than ever.
- **HITRUST Certified:** HITRUST plays a crucial role in ensuring the highest level of IT protection for patient data through an in-depth systems analysis of Recuro's infrastructure, platform, and services.
- **Consult Transcription:** Consults can be recorded and transcribed, allowing patients continuous access to information. This feature helps patients review their care plans and share details with family or caregivers as needed.

Substitute Telehealth Only Plan

With telehealth, you can get treated for minor illnesses without setting foot in a doctor's office. The plan gives you and your family 24/7 access to board-certified doctors for common medical concerns, available on your phone, by email, or via video chat.

Most visits connect you with a doctor within 30 minutes of your appointment request. Just note you'll need to register before you can request a consultation.

Doctors can diagnose minor aches and illnesses and prescribe medication when needed for conditions such as the common cold, flu, pink eye, and many other everyday conditions.

For one low cost of \$12 a month, you and your dependents are covered (children up to age 26 who live in your household or are in college).
