

Solana Beach School District
Responsible Use Agreement
(Kindergarten - Grade 3)

My Technology Agreement

Using technology at my school in the Solana Beach School District is a way to support learning and spark creativity and curiosity. To make sure everyone stays safe, I agree to follow the expectations below:

How do I take care of my device?

- **Be gentle:** I will hold and treat school devices carefully, just like they are my own.
- **Follow directions:** I will use my device only when a teacher or another trusted adult says it is okay, and I will put it away when I hear that it is time for a break from technology.
- **Ask first:** I will always ask a teacher or another trusted adult before trying to download or open a new app.

How do I learn with technology?

- **Use it for schoolwork:** I will use my device to learn new things, practice my skills, and share my ideas.
- **Check if it's real:** I know that pictures and videos online aren't always real. If I am confused, I will ask a teacher or another trusted adult for help.
- **Give credit:** If I use someone else's pictures or words, I will make sure to share who made them.

How do I stay safe and kind online?

- **Keep my information to myself:** I will never type my name, age, birthday, phone number, or address on the internet.
- **Be a good friend:** I will use kind and helpful words when typing to others. I will not share things that might hurt, trick, or embarrass someone.
- **Talk to people I know:** I will not message a stranger. If a stranger messages me, I will tell a teacher or another trusted adult right away.
- **Ask before sharing:** I will always get permission from a teacher or trusted adult before taking or sharing any pictures or videos.

What should I do if something goes wrong?

- **Tell a teacher or a trusted adult:** If I see something weird or uncomfortable on my screen, I will stop and tell a teacher or a trusted adult right away.
- **Ask for help:** If a device breaks or stops working, I will tell a teacher or a trusted adult.
- **Fix my mistakes:** If I break a rule, I will talk to a teacher or a trusted adult. They will help me figure out how to make it right so I can learn and grow.

I understand that using school technology is a privilege. If I do not keep my part of this agreement, I understand that privileges may be removed for a period of time and that I may have additional consequences.
