

10 Days UNTIL THE FIRST DAY OF SCHOOL

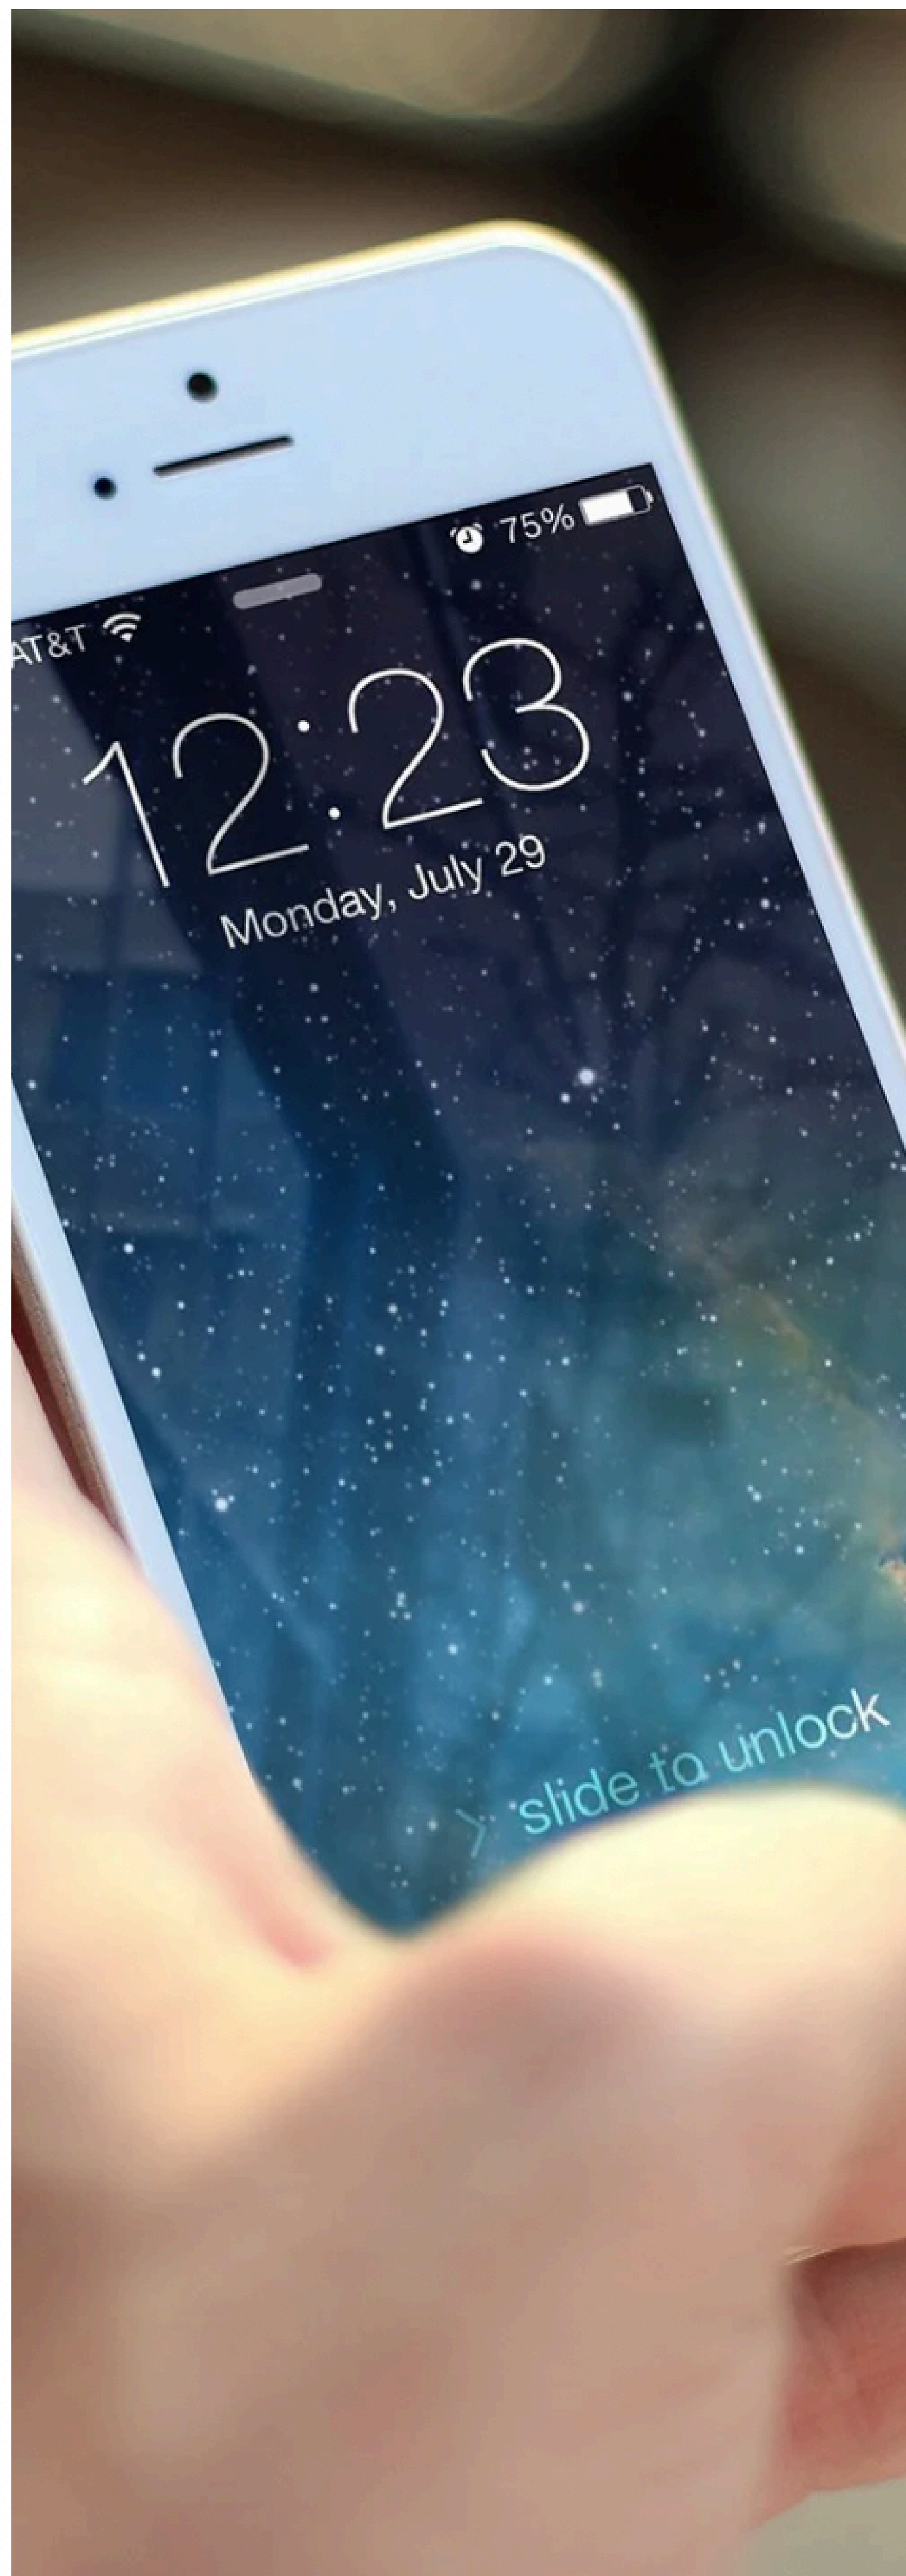

Let's talk student devices:

Texas law prohibits students from using any type of personal communication device during the school day while on school property.

This includes the following:

- Cellphones & tablets
- Non-district issued laptops
- Smart watches & glasses
- Wireless headphones & ear buds
- All other wearable technology

Student Expectations

Before the school day begins:

Prior to entering campus or a school building, students must power off their cell phones and all personal telecommunication devices and store them in their backpacks or personal bags.

Students should report to class on time with all devices powered off and out of sight.

Student Expectations

During the school day:

Personal communication devices must remain off, out of sight and stored in backpacks/bags or left at home.

Personal telecommunication devices may not be used or visible at any time during the school day. This includes classrooms, passing periods, restrooms, at lunch or in any other common areas on campus.

Student Expectations

After the school day:

Students may access and use their personal communication devices once they have exited the school building and are in the school parking lot or off campus.

Enforcement & Consequences

To ensure consistent expectations, all staff will reteach and reinforce the district's guidelines during the first week of school. Violations will be addressed according to the established consequences.
