

National Alliance on Mental Illness

BE THE REASON

OUTREACH EVENT

Too many young people feel like they have to face mental health challenges alone, but they don't have to.

Be the Reason is a student-led event where young people can connect, have fun, and start honest conversations about mental health in a welcoming, judgment-free space.

Join us this August for an evening of lawn games, great food, a bonfire, and new connections. Come as you are.

We'd love to see you there!
