

## Which Library Database Should I Use?

This guide will help you determine which database is most appropriate for your research needs.

Databases can be found on the Fisher College Library website at <https://www.fisher.edu/library>. Scroll down to the "The Six Pack" and select "Online Databases."

### General/All Subjects

| Databases                                  | Content                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
|--------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>Academic Search Ultimate</i><br>(EBSCO) | <i>Academic Search Ultimate</i> offers students an unprecedented collection of peer-reviewed, full-text journals, including many journals indexed in leading citation indexes. The combination of academic journals, magazines, periodicals, reports, books and videos meets the needs of scholars in virtually every discipline ranging from astronomy, anthropology, biomedicine, engineering, health, law and literacy to mathematics, pharmacology, women's studies, zoology and more.                                                                                                                                                                                                                                                                                                                                                     |
| <i>Access World News</i><br>(NewsBank)     | This comprehensive news collection is ideal for exploring issues and events at the local, regional, national and international level. Its diverse source types include print and online-only newspapers, blogs, newswires, journals, broadcast transcripts and videos. Use it to explore a specific event or to compare a wide variety of viewpoints on topics such as politics, business, health, sports, cultural activities and people. Content is easily searched and sorted through an intuitive, map-based interface. This database provides current and archived state, regional, national, and international full-text articles on business, issues, events, people, government and more with more than 2,000 newspapers and other news sources including the <b>Boston Herald</b> (1991-present) and <b>USA Today</b> (1987-present). |
| <i>Britannica Academic</i>                 | Britannica also incorporates many types of resources, so that a single consolidated search can yield thorough research. Begin with our base of over 100,000 articles and historical Britannica Year in Review supplemental articles, plus an expansive collection of multimedia including images, videos, audio, interactives, and infographics. Reference dictionary definitions from Merriam-Webster's Collegiate® Dictionary, journal and periodical content provided by EBSCO, hand-picked Web's Best Sites links, and primary sources & e-books from multiple sources including the Lillian Goldman Law Library at Yale Law School.                                                                                                                                                                                                       |
| <i>CHILTON LIBRARY</i><br>(GALE)           | Provides domestic and import vehicle information through the current model year, updated continuously. Offers repair, maintenance, labor estimating, and bulletin/recall information. Includes ASE test prep quizzes for the most popular certification exams.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

|                                    | and videos. Use it to explore a specific event or to compare a wide variety of viewpoints on topics such as politics, business, health, sports, cultural activities and people. Content is easily searched and sorted through an intuitive, map-based interface. This database provides current and archived state, regional, national, and international full-text articles on business, issues, events, people, government and more with more than 2,000 newspapers and other news sources including the <b>Boston Herald</b> (1991-present) and <b>USA Today</b> (1987-present).                                                                                                                                                                                                                                                          |
| <b>APA PsycArticles</b><br>(EBSCO) | Th <i>APA PsycArticles®</i> , from the American Psychological Association (APA), is a definitive source of full text, peer-reviewed scholarly and scientific articles in psychology. It contains articles from journals published by the American Psychological Association (APA), its imprint the Educational Publishing Foundation (EPF), and from allied organizations including the Canadian Psychological Association and the Hogrefe Publishing Group. It includes all journal articles, book reviews, letters to the editor, and errata from each journal. Coverage spans 1894 to the present and nearly all APA journals go back to Volume 1, Issue 1.                                                                                                                                                                               |
| <b>APA PsycTests</b><br>(EBSCO)    | <i>APA PsycTests®</i> , produced by the American Psychological Association (APA), serves as a repository for a growing selection of psychological tests and measures, including thousands of actual test instruments and test items that are available for immediate download and use in research and teaching. International in scope, <i>APA PsycTests®</i> also provides access to an increasing number of tests that are available in languages other than English. <i>APA PsycTests®</i> is an authoritative source of structured information about tests of relevance to psychologists and professionals in related fields such as psychiatry, management, business, education, social science, neuroscience, law, medicine, and social work. While focused on contemporary instances of test use, coverage spans more than a century. |
| <b>APA PsycTherapy</b><br>(EBSCO)  | <i>APA PsycTherapy®</i> is a continually expanding resource offering streaming psychotherapy videos that provide a gateway for students, educators, and practitioners to witness first-hand, proven approaches and common obstacles faced during therapy sessions. As a dynamic teaching and learning tool, <i>APA PsycTherapy</i> provides a rich assortment of filmed interactions between known therapists and individuals, couples, and families. Featuring renowned therapists and professors, the videos in this database cover cognitive therapy approaches to more than 250 topics, including life satisfaction,                                                                                                                                                                                                                     |

| <i>Academic Search Ultimate</i><br>(EBSCO) | <i>Academic Search Ultimate</i> offers students an unprecedented collection of peer-reviewed, full-text journals, including many journals indexed in leading citation indexes. The combination of academic journals, magazines, periodicals, reports, books and videos meets the needs of scholars in virtually every discipline ranging from astronomy, anthropology, biomedicine, engineering, health, law and literacy to mathematics, pharmacology, women's studies, zoology and more.                                                                                                                                                                                                                                                                                                                                                     |
| <i>Access World News</i><br>(NewsBank)     | This comprehensive news collection is ideal for exploring issues and events at the local, regional, national and international level. Its diverse source types include print and online-only newspapers, blogs, newswires, journals, broadcast transcripts and videos. Use it to explore a specific event or to compare a wide variety of viewpoints on topics such as politics, business, health, sports, cultural activities and people. Content is easily searched and sorted through an intuitive, map-based interface. This database provides current and archived state, regional, national, and international full-text articles on business, issues, events, people, government and more with more than 2,000 newspapers and other news sources including the <b>Boston Herald</b> (1991-present) and <b>USA Today</b> (1987-present). |
| <i>APA PsycArticles</i><br>(EBSCO)         | APA PsycArticles®, from the American Psychological Association (APA), is a definitive source of full text, peer-reviewed scholarly and scientific articles in psychology. It contains articles from journals published by the American Psychological Association (APA), its imprint the Educational Publishing Foundation (EPF), and from allied organizations including the Canadian Psychological Association and the Hogrefe Publishing Group. It includes all journal articles, book reviews, letters to the editor, and errata from each journal. Coverage spans 1894 to the present and nearly all APA journals go back to Volume 1, Issue 1.                                                                                                                                                                                            |
| <i>Britannica Academic</i>                 | Britannica also incorporates many types of resources, so that a single consolidated search can yield thorough research. Begin with our base of over 100,000 articles and historical Britannica Year in Review supplemental articles, plus an expansive collection of multimedia including images, videos, audio, interactives, and infographics. Reference dictionary definitions from Merriam-Webster's Collegiate® Dictionary, journal and periodical content provided by EBSCO, hand-picked Web's Best Sites links, and primary sources & e-books from multiple                                                                                                                                                                                                                                                                             |

|                                            | 2,000 newspapers and other news sources including the <b>Boston Herald</b> (1991-present) and <b>USA Today</b> (1987-present).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <i>APA PsycArticles</i><br>(EBSCO)         | <i>APA PsycArticles®</i> , from the American Psychological Association (APA), is a definitive source of full text, peer-reviewed scholarly and scientific articles in psychology. It contains articles from journals published by the American Psychological Association (APA), its imprint the Educational Publishing Foundation (EPF), and from allied organizations including the Canadian Psychological Association and the Hogrefe Publishing Group. It includes all journal articles, book reviews, letters to the editor, and errata from each journal. Coverage spans 1894 to the present and nearly all APA journals go back to Volume 1, Issue 1.                                                                                                                                                                                  |
| <i>APA PsycTests</i><br>(EBSCO)            | <i>APA PsycTests®</i> , produced by the American Psychological Association (APA), serves as a repository for a growing selection of psychological tests and measures, including thousands of actual test instruments and test items that are available for immediate download and use in research and teaching. International in scope, <i>APA PsycTests®</i> also provides access to an increasing number of tests that are available in languages other than English. <i>APA PsycTests®</i> is an authoritative source of structured information about tests of relevance to psychologists and professionals in related fields such as psychiatry, management, business, education, social science, neuroscience, law, medicine, and social work. While focused on contemporary instances of test use, coverage spans more than a century. |
| <i>APA PsycTherapy</i><br>(EBSCO)          | <i>APA PsycTherapy®</i> is a continually expanding resource offering streaming psychotherapy videos that provide a gateway for students, educators, and practitioners to witness first-hand, proven approaches and common obstacles faced during therapy sessions. As a dynamic teaching and learning tool, <i>APA PsycTherapy</i> provides a rich assortment of filmed interactions between known therapists and individuals, couples, and families. Featuring renowned therapists and professors, the videos in this database cover cognitive therapy approaches to more than 250 topics, including life satisfaction, self-perception and cognitive distortions. The content of <i>APA PsycTherapy</i> is wholly unique to this APA database.                                                                                             |
| <i>Black Life in America</i><br>(NewsBank) |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <i>Britannica Academic</i>                 | Britannica also incorporates many types of resources, so that a single consolidated search can yield thorough research. Begin with our base of over 100,000 articles and historical Britannica                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
