Dear Lupin Hill Families,

I hope your summer brought opportunities to relax, recharge, and enjoy time with family and friends. Whether you are returning to Lupin or joining us for the first time, we are thrilled to welcome you to another exciting year as part of our Tiger community.

We are excited to welcome several new members to the Lupin family, including three new classroom teachers, a music teacher, and an evening custodian. We are grateful to have them join our team and know they will make valuable contributions to our school community.

You will also notice several exciting improvements around campus. This summer, we added two new classrooms, enhanced facilities for our Special Education program, and will begin installing a brand-new playground on the primary yard. We also launched a major campus improvement project that includes new roofing and HVAC systems throughout the school.

Throughout the school year, you may notice construction fencing, temporary walkways, or slight adjustments to campus traffic patterns. Our goal is to keep these projects moving forward efficiently so they can be completed as quickly as possible while minimizing disruption to teaching and learning. We are working closely with our construction teams to ensure the campus remains safe for students, staff, and families throughout the process.

These investments reflect our commitment to providing students with a learning environment that is safe, comfortable, and designed to support their success. We appreciate your patience and flexibility as we complete these important upgrades.

Every Kind of Excellence, Every Kind of Future

Looking ahead to the new school year, we are proud of how much Lupin has grown. Over the past several years, we have intentionally brought our Outdoor World Lab and Tinkertown Makerspace to life, creating meaningful, hands-on opportunities for students to explore, create, and learn. This year, we are building on that strong foundation with an increased focus on rigorous instruction and maximizing student learning. We are committed to ensuring every student is challenged, supported, and inspired to grow academically while developing the confidence and skills needed for future success.

We are also excited to continue the family events and enrichment opportunities our community values so highly. Together, we will continue creating opportunities for students and families to celebrate learning, strengthen connections, and build the sense of community that makes Lupin so special.

The partnership between home and school remains one of Lupin's greatest strengths. Together, we create a school where every child is known, valued, challenged, and celebrated.

Thank you for entrusting us with your children each day. It is a privilege to be part of their journey, and we look forward to another year filled with learning, laughter, growth, and memorable experiences. We can't wait to welcome our Tigers back to campus for an incredible 2026-2027 school year!

Go Tigers!

Warmly,

Dr. Victoria Marzouk

PFC: Parent Faculty Club

The Lupin Hill PFC is continuing with its tradition of planning fun and engaging events for our families as well as raising funds to fill the gap created by state and local budget cuts. They rely on the donation of time through volunteering, and the donation of resources through direct funds, as well as local partnerships that help provide goods and services.

How can you volunteer? They are always looking for volunteers to help with community events and special projects. Please take a moment to add your name to the PFC Volunteer Roster available at lupinhillpfc.org/volunteer for more information.

How can you donate? The Annual Direct Donation Drive commences on 8/6. This is the biggest fundraiser of the year and 100% of your tax deductible donation goes directly to the Lupin Hill T.I.G.E.R. Fund. Please visit lupinhillpfc.org/donate for information on the essential programs that your donation funds.

Class/Teacher Assignments

Class assignments will be active in Aeries on August 18th at 4:00 pm. Registration information on Aeries should be updated prior so that you may access class placement information.

As a reminder, our teachers and staff dedicate a great deal of time and care to creating well-balanced classrooms that support the academic, social, and emotional needs of every student. We thoughtfully consider many factors throughout the placement process to ensure the best possible learning environment for all children.

Because of this careful process, we are unable to accommodate requests for specific teachers or class placements. We encourage families to speak positively with their children about their new teacher and classmates and to help foster a strong partnership between home and school. Together, we can support a successful start to a wonderful school year for every student.

School Supplies

Attached are the grade level supply lists: [2026- 2027 Grade Level Supply Lists](#). Please contact your teacher on the first day of school if you need assistance.

At that time, a supervisor will open the gate and bring them to the front of the school. There is no after-school supervision for students in TK and Kindergarten.
- All students will be brought to the front of the school by their teachers to meet their parents at the end of the school day.
