2026/2027 Bus Late Registration

Thank you to everyone who completed the school bus registration process before the end of the school year.

If you missed the June 4 deadline, there is still time to reserve a seat for your student on a school bus for this fall.

If you already completed your registration before school ended, no further action is needed.

Please note that new bus registrations can take up to two weeks to process. If registration information is not received with enough time before the start of school, students may need to wait for transportation services until route adjustments can be made. This process can take up to two weeks from the date the information is received.

To help ensure your student has a seat on the bus when school begins, please complete your registration as soon as possible.

Follow the link below, sign in, and verify your student's information:
