PHILOSOPHY OF DISCIPLINE

It is the expectation of the Irving Independent School District that inappropriate behavior will not be tolerated. Students are expected to follow District and campus rules, respect faculty and staff, and focus on their academic success. Students who choose to not follow these expectations will be disciplined and held accountable.

The Irving Independent School District is committed to the fair and equitable treatment of all students. No teacher, administrator, nor staff shall discriminate against any student on the basis of sex, race, religion, color, or national origin. The District shall monitor disciplinary placements to ensure removals from the regular classroom setting are based on a thorough and careful assessment of the circumstances of each case.

The Irving ISD Student Code of Conduct has been revised to comply with legislation passed by the 89th Texas Legislature. Addenda to the Code may be issued as the District receives updates on changes to the laws that govern school discipline or as changes in Board policy are adopted. The Irving ISD will adhere to the requirements of all laws as they apply to schools and school districts. The Irving ISD Board of Trustees will be adopting policies addressing all provisions of these laws. A copy of the Board Policies referred to in this document may be obtained from the campus principal's office or the District's website at www.irvingisd.net.

The Irving ISD Code of Conduct is the District's specific response to requirements in Chapter 37 of the Texas Education Code. The law requires the District to define misconduct that may or must result in a range of specific disciplinary consequences. This Code of Conduct provides information and direction to students and their parents/guardians regarding expected standards of behavior as well as potential consequences for misconduct. The following factors will be considered:

- seriousness of the offense
- student's age
- the frequency of the misconduct
- student's attitude
- potential effect of the misconduct on school environment
- the requirements of Chapter 37 of the Education Code
- the Student Code of Conduct adopted by the Board
- self defense
- intent or lack of intent at the time the student engages in the conduct
- the student's disciplinary history
- a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct

No student shall, on the basis of sex, race, religion, color, or national origin, be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any

education program or activity sponsored by this school District except as specifically provided in the Title IX implementing regulations.

The District makes the Irving ISD Code of Conduct available online at <https://www.irvingisd.net/Page/808> but printed copies are available by request at all district campuses and the administration building.

Accessibility

If you have difficulty accessing the information in this document because of disability, please contact the district at please contact the Executive Director of Campus Operations at 972-600-5023.

Purpose

The Student Code of Conduct ("Code of Conduct"), as required by [Chapter 37](#) of the Texas Education Code, provides methods and options for managing student behavior, preventing and intervening in student discipline problems, and imposing discipline.

The law requires the district to define misconduct that may—or must—result in a range of specific disciplinary consequences, including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative education program (JJAEP), or expulsion from school.

This Code of Conduct has been adopted by the Irving Independent School Board of trustees and the advice of the district-level planning and decision-making committee which included the Executive Director of Campus Operations, the Executive Directors of School Leadership, and the Chief of Schools.. It provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. This Code of Conduct remains in effect during summer school and at all school-related events and activities outside the school year until the board adopts an updated version for the next school year.

In accordance with state law, the Code of Conduct shall be posted at each school campus or shall be available for review at the campus principal's office. Additionally, the Code of Conduct shall be available at the campus behavior coordinator's office and posted on the district's website. Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP or JJAEP, expelled, or taken into custody by a law enforcement officer under [Chapter 37](#) of the Education Code.

Not later than the first day of the 2026-2027 school year, the Texas Education Agency (TEA) shall prepare and provide to each school district a report identifying each law relating to school discipline that was amended or added by the 89th Legislature, Regular Session, 2025. A school district shall provide to each student and the parent of or person standing in parental relation to the student the prepared report.

Because the Code of Conduct is adopted by the district's board of trustees, it has the force of policy. In the event of a conflict between the Code of Conduct and the Student Handbook, the Code of Conduct shall prevail.

Please note: The discipline of students with disabilities who are eligible for services under federal law ([Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973](#)) is subject to the provisions of those laws.

School District Authority and Jurisdiction

School District Authority and Jurisdiction

School rules and the district's authority to administer discipline apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

The district has disciplinary authority over a student:

6. When retaliation against a school employee, board member, or volunteer occurs or is threatened, regardless of time or location;
7. When a student engages in cyberbullying, as defined by [Education Code 37.0832](#);
8. When criminal mischief is committed on or off school property or at a school-related event;
9. For certain offenses committed within 300 feet of school property as measured from any point on the school's real property boundary line;

The designated person may be the principal, or any other campus administrator selected by the principal. Additional staff members may assist the CBC in the performance of the CBC's duties, provided that the CBC personally verifies that all aspects of [Chapter 37, Subchapter A](#) are appropriately implemented. The CBC is primarily responsible for maintaining student discipline. The CBC shall monitor disciplinary referrals and report the following behavior to the campus's threat assessment and safe and supportive school team:

- Conduct that contains the elements of the offense of terroristic threat under [Penal Code 22.07](#);
- Conduct that contains the elements of the offense of unlawfully carrying weapons under [Penal Code 46.02](#);

School District Authority and Jurisdiction

- Any concerning student behaviors or behavioral trends that may pose a serious risk of violence to the student or others.

The district shall post on its website and in the Student Handbook, for each campus, the email address and telephone number of the person serving as CBC. Contact information may be found at <https://www.irvingisd.net/>.

Threat Assessment and Safe and Supportive School Team

The CBC or other appropriate administrator will work closely with the campus threat assessment and safe and supportive school team to implement the district's threat assessment policy and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code of Conduct.

Searches

District officials may conduct searches of students, their belongings, and their vehicles in accordance with state and federal law and district policy. Searches of students shall be conducted in a reasonable and nondiscriminatory manner. Refer to the district's policies at FNF(LEGAL) and FNF(LOCAL) for more information regarding investigations and searches.

The district has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable suspicion to believe it contains articles or materials prohibited by the district.

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice.

Reporting Crimes

The principal or CBC and other school administrators as appropriate shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

Security Personnel

The board utilizes school resource officers (SROs) and security personnel. In accordance with law, the board has coordinated with the campus behavior coordinator and other district employees to ensure the security and protection of students, staff, and property. In accordance with law, the board has coordinated with the CBC and other district employees to ensure appropriate law enforcement duties are assigned to these persons. Provisions addressing the various types of security personnel can be found in the CKE policy series.

The law enforcement duties of school resource officers are: 1) To ensure a safe learning environment is in place and 2) To assist campus administrators with criminal matters.

"Parent" Defined

Throughout the Code of Conduct and related discipline policies, the term "parent" includes a parent, legal guardian, or other person having lawful control of the child.

School District Authority and Jurisdiction

Participating in Graduation Activities

The district has the right to limit a student's participation in graduation activities for violating the district's Code of Conduct.

Participation might include a speaking role, as established by district policy and procedures.

Students eligible to give the opening and closing remarks at graduation shall be notified by the campus principal. Notwithstanding any other eligibility requirements, in order to be considered eligible, a student shall not have engaged in any misconduct that resulted in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

The valedictorian and salutatorian may also have speaking roles at graduation. No student shall be eligible to have such a speaking role if he or she engaged in any misconduct that resulted in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

Unauthorized Persons

In accordance with [Education Code 37.105](#), a school administrator, SRO, or district police officer shall have the authority to refuse entry to or eject a person from district property if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner that is inappropriate for a school setting and persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with policies FNG(LOCAL) or GF(LOCAL), as appropriate. However, the timelines for the district's grievance procedures shall be adjusted as necessary to permit the person to address the board in person within 90 calendar days, unless the complaint is resolved before a board hearing.

In the subsequent sections on **In-School Suspension, Out-of-School Suspension, Disciplinary Alternative Education Program (DAEP) Placement, Placement and/or Expulsion for Certain Offenses, and Expulsion**, those offenses that require or permit specific consequences are listed. Levels of Student Misbehaviors and Corrective Actions

General Information

- Irving ISD strives to provide a safe, positive, and educationally- oriented environment in each of its schools, and all students are expected to behave in a manner that supports this goal. Behaviors that disrupt the school and/or educational environment, violate the law, and/or present other health or safety risks will not be tolerated. The *Student Code of Conduct* is Irving ISD's notification of behaviors that are not tolerated. **Possible corrective actions for each level of misbehavior are provided below, but each campus's principal may consider other corrective actions as appropriate for each situation.**
- Irving ISD strives to ensure that all of its students are free from bullying, cyberbullying and harassment, including violence in students' relationships. All charges of bullying, cyberbullying, harassment, sexual harassment, and dating violence are to be taken very seriously by our students, faculty, staff, administration, and parents. We will make every effort to handle and respond to each and every charge and complaint filed by our students and employees in a fair, thorough, and just manner. Every effort will be made to protect the due process rights of all victims and all alleged offenders.
- Some offenses are serious enough to warrant an automatic assignment to our disciplinary alternative educational placement campus, Student Reassignment Center (SRC) or expulsion from Irving ISD.
- Disciplinary Alternative Educational Placements (SRC placements) may be for 10 school days (for e-cigarette placements), 20 school days, or more depending on severity, and shall be determined based upon the factors listed in this code of conduct, Irving ISD's progressive discipline plan and the specific circumstances of each case. Please note the district reserves the right to assign placements longer than 30 days.
- For specific information regarding: (1) telecommunications devices and other devices (cell phones, etc.); (2) use of technology and the Internet both on and off campus, and; (3) specific requirements regarding student dress code and uniforms, please review the Technology Regulations and Dress Code sections located in this Code of Conduct.
- Corrective actions for disciplinary infractions may vary due to a number of factors. Individual campuses strive for consistency and may apply specific corrective actions for various identified behaviors. Campus site-based decision making committees annually review school-specific discipline procedures and corrective actions, and may develop a range of corrective strategies to employ prior to a corrective action. However, when

General Conduct Violations

deciding whether to order suspension, removal to a disciplinary alternative education program, or expulsion, all campuses shall take into consideration:

- Seriousness of the offense;
- Student's age;
- Student's grade level;
- Ability and functioning level;
- Frequency and level of prior misbehaviors/disciplinary history;
- Student's attitude, including but not limited to student's level of truthfulness during initial investigation under the specific circumstances in each case;
- Effect of the misconduct on the school environment;
- Legal/statutory requirements;
- Self-defense (see Definitions), and;
- Intent or lack of intent at the time student engages in the misconduct.

Positive Behavioral Intervention and Supports

- In an effort to fully implement School-Wide Positive Behavioral Interventions and Supports, along with maximizing students' engagement and instructional time, each school in the Irving Independent School District will utilize corrective strategies in Misbehavior Groups One and Two prior to referring a student to campus administration for an office discipline referral. These corrective strategies include but are not limited to:
 - Remove distractions;
 - Proximity control;
 - Proactively prompt desired behavior;
 - Increase opportunities for active participation;
 - Increase use of specific praise statements;
 - Increase wait time for response;
 - Restorative language;
 - Redirect student;
 - Review/Re-Teach expectations, and;
 - Provide opportunities for student to practice expected behaviors and provide descriptive feedback.

General Conduct Violations

- Restorative practices: A relational approach to building school climate and addressing student behavior that fosters belonging over exclusion, social engagement over control, and meaningful accountability over punishment.

Due Process

Every student has the right to be treated fairly. This includes any time a student has committed a behavior infraction and discipline consequences are being determined. Due process means that if students break a rule or law, they get to tell their side of the story and complete a written statement. Students who are witnesses to any situation may also be asked to tell their side of the story and complete a written statement. (See appendix for an example of a written statement)

It is important for parents/guardians and the community to understand that the Texas Education Code requires school districts to complete what is termed “administrative processes.” These processes are separate and different from what a juvenile or adult court will do when a student breaks the law. To take action, the District has to show only reasonable suspicion or a preponderance of evidence that a student violated

the Student Code of Conduct. The District does not have to show proof beyond a reasonable doubt. When a student is charged by law enforcement with a penal code violation, the District will act on that charge. The District continues the administrative discipline process even if the following occurs:

- The District attorney decides not to prosecute.
- The case is non-suited, reduced in severity, or cleared by exception.
- The police do not file a report.
- The grand jury no-bills in an adult proceeding.

define the locations covered, such as the campus or school bus, and any school events. Signature on the stay away agreement indicates receipt and not agreement. (See Glossary for example)

The District's Right to Interview Students

School officials have the legal authority and responsibility to investigate violations of the Student Code of Conduct and to [interview students](#) without prior notice to parents/legal guardians or the consent of parents/legal guardians in order to do so. This authority derives from the common law doctrine of “in loco parentis”, which means school officials are standing in the place of the parents when students are at school or attending school activities. School officials, including law enforcement officers acting as school officials, exercise this authority to maintain the safety and security of the school environment. Except when a student is placed under arrest, any interview of a student conducted by School Resource Officers will be non-custodial in nature. In this context, “non-custodial” means the interview is voluntary, and the student may decline to answer questions or end the interview at any time. Parents will be contacted by an administrator after the investigation has concluded. (see local policy FNF and Glossary for example)

Purpose

Irving ISD is committed to maintaining a focused learning environment, free from unnecessary distractions. In accordance with Texas Education Code §37.083, as amended by HB 1481, all campuses will implement a policy prohibiting the use of "personal wireless communication device." A personal wireless communication device means any wireless electronic communication device, other than a device provided to students by a school for instructional purposes, capable of transmitting and/or receiving data, including cellular telephones, smartwatches, text messaging devices, laptop computers, and tablet computers. To support this, the district will use Yondr pouches to secure devices throughout the school day.

High School Campuses (Grades 9–12)

All high school campuses will implement the use of Yondr pouches to secure student cell phones and personal communication devices throughout the instructional day.

General Expectations

Each student will be issued a Yondr pouch. Students are expected to bring their pouch every day and keep it in good condition for return at the end of the school year. Students are responsible for keeping their phones secured in their locked pouches during the entire instructional day.

At the Start of the Day

1. Before entering the building, students must power off their cell phones.
2. While waiting for the school doors to open, students must place their phone and AirPods (or similar devices) into their Yondr pouch.
3. Students must securely lock their pouch using the magnetic locking mechanism and store it in their backpack.
4. It is each student's responsibility to arrive at class on time with their pouch locked.
5. If a student arrives without their pouch, they must immediately request a replacement from designated campus staff. If a replacement pouch is not available, each campus will develop local procedures that follow the district's expectations.

General Conduct Violations

During the School Day

Students must keep their electronic devices secured in their locked Yondr pouch at all times. If a student needs to leave campus for an appointment during the school day, they must unlock their pouch at the front office before exiting. Upon returning, they will relock the pouch at the office. Students are not permitted to access their phones or AirPods anywhere on campus during the school day.

At the End of the Day

1. After dismissal, students will unlock their pouches at one of the designated unlocking stations.
2. Students will remove their electronic devices, securely close the empty pouch, and store it in their backpack for the next day.
3. Once off campus, students may use their devices freely.

Damaged or Tampered Pouches

Students must report damaged pouches immediately to campus administration. If damage is caused by negligence or intentional tampering, the consequences outlined in the Irving ISD Student Code of Conduct will apply.

Elementary & Middle School Campuses (Grades PK–8)

Elementary and middle school campuses will not use Yondr pouches. Instead, all elementary and middle school students will be responsible for turning off and securing their cell phones or other personal communication devices in their backpacks.

Each campus will develop local procedures that follow the district expectations, ensuring devices are not used during instructional time.

Consequences for Violations

If a student's electronic device(s) are visible during the day, found outside of the pouch, or being used in violation of this policy, the following steps will apply:

1st Offense	The device will be held in the assistant principal's office until picked up by a parent or guardian. The student and parent will receive a warning and review of the policy. The incident will be documented in the student's record.
2nd Offense	The device will be held until picked up by a parent or guardian. The incident will be documented, including a required behavior contract.
3rd Offense	The device will be held until picked up by a parent or guardian. The device will be confiscated for one day. The incident will be documented, including a required behavior contract.

General Conduct Violations

4th Offense	The device will be held until picked up by a parent or guardian. The device will be confiscated for three days. The incident will be documented.
5th Offense & Beyond	The device will be held until picked up by a parent or guardian. A parent conference will be scheduled. Repeated violations will be treated as insubordination under the Irving ISD Student Code of Conduct, with more serious consequences applied.

Family Responsibilities

Parents are encouraged not to call or text students during the school day. For urgent matters, they should contact the campus front office.

Annual Review and Communication

This policy will be shared with students and parents at the start of each school year and included in the Irving ISD Student Handbook. It will be reviewed annually to ensure it aligns with state law and continues to support student learning and achievement.

Confiscated Devices

If a student's cell phone or other personal electronic device is confiscated and not claimed, the district may dispose of the device in a reasonable manner. Before doing so, Irving ISD will provide written notice of its intent to dispose of the device to the student's parent or guardian. This notice will be given at least 90 days prior to disposal, in accordance with Texas Education Code §37.082.

Inappropriate use of a personal communication device during the school day will result in disciplinary action in accordance with this Code of Conduct.

As a parent, legal guardian, or person standing in parental/guardian relationship to a student, you are responsible for monitoring the student's school attendance and requiring the student to attend school. You must request a conference immediately with the school administration and the school Attendance Officer to discuss the absences and their consequences. If, after this warning, your student continues to demonstrate truant conduct as defined by the law, the parent/guardian commits the offense of PARENT CONTRIBUTING TO NONATTENDANCE and may be subject to adjudication by the court. The Texas Family Code 65.103 & Texas Education Code 25.093, provide that conviction of this offense is a Misdemeanor punishable by fines up to \$100.00 for first time offenders. Each day the student remains out of school after this warning has been given or the student is ordered to attend school by the court, may constitute a separate offense.

- A maximum of \$100 for a first offense
- A maximum of \$200 for a second offense
- A maximum of \$300 for a third offense
- A maximum of \$400 for a fourth offense
- A maximum of \$500 for a fifth offense

A student's unexcused absence as defined by the law may constitute the offense of TRUANT CONDUCT which is defined by the Texas Education Code 25.094 and/or TRUANCY which is defined in the Texas Family Code 51.03(b)(2). Truancy is the absence of a child on 10 or more days or parts of days within a six-month period from school.

If a student is truant, the school Attendance Officer must refer the child to court for appropriate legal action. This may result in the student being filed or adjudicated as a "Child in need of supervision" pursuant to the Texas Family Code. Additionally, the child shall be disciplined accordingly with school district's policy regarding truancy. The charges

General Conduct Violations

of PARENT CONTRIBUTING TO NONATTENDANCE and FAILURE TO ATTEND SCHOOL are serious offenses. The conviction and/or adjudication of these offenses may result in monetary fines, court costs and other consequences against you and your child. Please take due notice of this warning and take appropriate measures to ensure that your child immediately attends school regularly. *Please contact the campus attendance officer immediately to schedule a conference regarding your child's attendance.*

Discipline Management Techniques

Discipline Management Techniques

Discipline shall be designed to improve conduct and encourage students to be responsible members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative practices. Discipline shall be based on the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, the effect of the misconduct on the school environment, and statutory requirements.

First-Time Offense of Possession or Use of Nicotine Delivery Product or E-Cigarette

An appropriate administrator may place a student in a disciplinary alternative education program for the first-time offense of possession or use of a nicotine delivery product or e-cigarette, as defined by [Section 161.081, Health and Safety Code](#).

If a student who possesses or uses an e-cigarette is not placed in a disciplinary alternative education program for the first-time offense under [Education Code 37.008](#), the student shall be placed in in-school suspension for a period of at least 10 school days.

Students with Disabilities

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Code of Conduct. In the event of any conflict, the district shall comply with federal law. For more information regarding discipline of students with disabilities, see policy FOF(LEGAL).

In accordance with the [Education Code](#), a student who receives special education services may not be disciplined in a manner that results in a change to the student's educational placement for conduct meeting the definition of bullying, cyberbullying, harassment, or making hit lists [see Glossary] until an Admission, Review, and Dismissal (ARD) committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

Techniques

The following discipline management techniques may be used alone, in combination, or as part of progressive interventions for behavior prohibited by the Code of Conduct or by campus or classroom rules:

- Verbal correction, oral or written.
- Cooling-off time or a brief "time-out" period, in accordance with law.
- Seating changes within the classroom or vehicles owned or operated by the district.
- Temporary confiscation of items that disrupt the educational process.
- Rewards or demerits.
- Behavioral contracts.

Discipline Management Techniques

- Counseling by teachers, school counselors, or administrative personnel.

- Expulsion, as specified in Expulsion.
- Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by the district.
- Other strategies and consequences as determined by school officials.

Prohibited Aversive Techniques

Aversive techniques are prohibited for use with students and are defined as techniques or interventions intended to reduce the reoccurrence of a behavior by intentionally inflicting significant physical or emotional discomfort or pain. Aversive techniques include:

- Using techniques designed or likely to cause physical pain, other than corporal punishment as permitted by district policy. [See policy FO(LOCAL)]

Discipline Management Techniques

- Using techniques designed or likely to cause physical pain by electric shock or any procedure involving pressure points or joint locks.
- Directed release of noxious, toxic, or unpleasant spray, mist, or substance near a student's face.
- Denying adequate sleep, air, food, water, shelter, bedding, physical comfort, supervision, or access to a restroom facility.
- Ridiculing or demeaning a student in a manner that adversely affects or endangers the learning or mental health of the student or constitutes verbal abuse.
- Employing a device, material, or object that immobilizes all four of a student's extremities, including prone or supine floor restraint.
- Impairing the student's breathing, including applying pressure to the student's torso or neck or placing something in, on, or over the student's mouth or nose or covering the student's face.
- Restricting the student's circulation.
- Securing the student to a stationary object while the student is standing or sitting.
- Inhibiting, reducing, or hindering the student's ability to communicate.
- Using chemical restraints.
- Using time-out in a manner that prevents the student from being able to be involved in and progress appropriately in the required curriculum or any applicable individualized education program (IEP) goals, including isolating the student using physical barriers.
- Depriving the student of one or more of the student's senses, unless the technique does not cause the student discomfort or complies with the student's IEP or behavior intervention plan (BIP).

Notification

The CBC shall promptly notify a student's parent by phone or in person of any violation that may result in in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The CBC shall also notify a student's parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of [Education Code 37.0012\(d\)](#).

A good-faith effort shall be made to provide written notice of the disciplinary action to the student, on the day the action was taken, for delivery to the student's parent. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the CBC shall send written notification by U.S. Mail. If the CBC is not able to provide notice to the parent, the principal or designee shall provide the notice.

Before the principal or appropriate administrator assigns a student under age 18 to detention outside regular school hours, notice shall be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

Discipline Management Techniques

Parental Involvement

The district has not adopted a policy for parental involvement in school disciplinary placements under Education Code 37.0014.

Appeals

Questions from parents regarding disciplinary measures should be addressed to the teacher, campus administration, or CBC, as appropriate. Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy FNG(LOCAL). A copy of this policy may be obtained from the central administration office or online at <http://pol.tasb.org/home/index/367>

The district shall not delay a disciplinary consequence while a student or parent pursues a grievance. In the instance of a student who is accused of conduct that meets the definition of sexual harassment as defined by Title IX, the district will comply with applicable federal law, including the Title IX formal complaint process. [See policies FFH(LEGAL) and (LOCAL)]

Removal from the School Bus

Removal from the School Bus

A bus driver may refer a student to the principal's office or the CBC's office to maintain effective discipline on the bus. The principal or CBC must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student's bus riding privileges.

To transport students safely, the vehicle operator must focus on driving and not be distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal or the CBC may restrict or revoke a student's transportation privileges, in accordance with law.

Bus Conduct

The State of Texas, through the Dallas County superintendent's office, provides free transportation for students living more than two miles from the school in their attendance area. All designated bus routes and stops are scheduled through the county superintendent's office. When riding school buses, students are under the direct supervision of school authorities and are subject to the same regulations governing conduct and behavior as when in the classroom. Students are expected to show respect for the driver's authority. Principals have the authority to temporarily deprive students of transportation privileges for repeated misconduct on buses.

Drivers are expected to confer with principals regarding any infractions of rules and regulations concerning the operation of school buses. Certain responsibilities go with the privilege of bus transportation. Cooperation of every person who rides the school bus or accompanies a student to a bus stop is necessary for the safety and comfort of all.

The following regulations are in effect during the operation of the bus:

- The driver is in charge of the bus and students. Students will obey the driver promptly.
- Students must be on time. The bus cannot wait for those who are tardy.
- Students will be seated after entering a bus and remain seated at all times while the bus is in motion.
- Students will not have arms or any other part of their bodies out of the windows while the bus is in motion.
- The use of tobacco, alcohol, or any other prohibited substance is not permitted on the bus or on grounds while waiting for the bus.
- Scuffling, throwing objects, excessively loud talk, or acting in any manner that may cause injury or annoyance to other students is strictly prohibited.
- Students will help maintain the cleanliness of the bus.
- Any willful damage done to the bus must be paid for by the responsible student(s) or parents, in accordance with District policy.
- If it is necessary to cross to the other side of the road or street after exiting the bus, the cross walk will be made in front of the bus.

Removal from the School Bus

- The emergency door will be used for emergencies only. Except in case of emergency, students will get on and off through the front door.
- The bus will travel on passable roads only. If, in the opinion of the bus driver, a road is impassable due to inclement weather, it will be the obligation of the student to meet the bus on the nearest passable road, or it will be the obligation of the parent to get the student to school.
- Only students who live more than 2 miles from their home campus as designated by their verified enrollment address may be eligible for bus transportation to and from school. Transportation is not provided for students on transfer.
- School buses will not be stopped by any person for any reason unless there is an emergency. Parents or others accompanying students to the bus stop must remain outside of the bus at all times and must treat all students and staff in a respectful manner.
- School buses are not to be backed up while in use. If there is not a safe and proper place to turn around, buses will not be required to stop.
- All complaints will be referred to the campus principal.

Automobile Usage

Only high school students possessing a valid automobile driver's license and insurance are authorized to drive cars to and from school. The proof of insurance on the vehicle shall include the student's name when provided to the campus. Students are to exercise utmost caution driving on the school parking area and must observe a maximum speed of 10 mph. Students must obtain parking permits and must park in the designated area. Back-in parking is not permitted. Permits may be revoked for abuse of parking rules. Students will not loiter in the parking lot or in cars. Cars may not be removed during school hours without a pass signed by an administrator. No adult or outsider will be permitted to remove a car without a pass signed by the principal or assistant principal. Principals may establish posted tow away zones at various locations at their campus. Violators will be dealt with by the school administration, and, in some cases, the cars may be towed away, or wheel immobilizer (boots) may be placed on wheels. Owners are responsible for paying towing and storage and/or immobilizer fees and/or costs. A law or ordinance regulating traffic on a public highway or street applies to the operation of a vehicle on school property (TEC 37.102).

For violations of any of the above rules, a student will be reported to the school principal having supervisory control over the student.

Extracurricular Standards of Behavior - Board Policy F0(LOCAL)

With the annual review and approval of the principal and Superintendent or designee, sponsors and coaches of extracurricular activities, including interscholastic athletics and marching band, may develop and enforce standards of behavior that are higher than the district-developed Code of Conduct and may condition membership or participation in the activity on adherence to those standards. Extracurricular standards of behavior may take into consideration conduct that occurs on or off school property. No provision of an extracurricular behavioral standard shall have the effect of discriminating on the basis of sex, race, disability, religion, or ethnicity. Students shall be informed of any extracurricular behavior standards at the beginning of each school year, or in the

Removal from the School Bus

case of interscholastic athletics and marching band, at the time the students report for work out or practices that occur prior to the actual beginning of classes. Students and their parents shall sign and return to the sponsor or coach a statement that they have read the extracurricular behavior standards and consent to them as a condition of participation in the activity. Organizational standards of behavior of an extracurricular activity are independent of the Code of Conduct. Violations of these extracurricular standards of behavior that are also violations of the Code of Conduct may result in independent disciplinary actions.

A student may be removed from participation in extracurricular activities or may be excluded from school honors for violations of organizational standards of behavior of an extracurricular activity or for violation of the Code of Conduct.

Interrogations, Searches and Electronic Surveillance – Board Policy FNF(LOCAL)

School authorities may search a student, student lockers, student automobiles or other possessions or property under a student's control and may seize any prohibited, illegal or otherwise unlawful contraband, including weapons, discovered as a result of the search. Such searches may be conducted when there is reasonable belief/cause or upon securing the student's voluntary consent. The administration is authorized to utilize canines whose reliability and accuracy for sniffing out contraband has been established to aid in the search for contraband in school-owned property and automobiles parked on school property. Metal detectors may be used in response to a safety concern or on a random basis to detect and deter weapons-related infractions. If any contraband, including weapons, is found, the student is subject to appropriate disciplinary action, including removal, suspension, or expulsion. Electronic surveillance may be used to monitor student behavior and school owned property. Student behavior recorded on electronic surveillance equipment is subject to all provisions of the Code of Conduct.

Removal from the Regular Educational Setting

Removal from the Regular Educational Setting

In addition to other discipline management techniques, misconduct may result in removal from the regular educational setting in the form of a routine referral or a formal removal.

Routine Referral

A routine referral occurs when a teacher sends a student to the CBC's office as a discipline management technique. The CBC shall employ alternative discipline management techniques, including progressive interventions. A teacher or administrator may remove a student from class for behavior that violates this Code of Conduct to maintain effective discipline in the classroom.

Formal Teacher Removal

A teacher may initiate a formal removal from class if:

1. A student's behavior repeatedly interferes with the teacher's ability to teach the class or with other students' ability to learn.
2. A student demonstrates behavior that is unruly, disruptive, or abusive toward the teacher, another adult, or another student in the classroom.
3. A student engages in conduct that constitutes bullying, as defined by [Education Code 37.0832.0](#).

A teacher, CBC, or other appropriate administrator must notify a parent or person standing in parental relation to the student of the formal removal. A teacher may remove a student from class based on a single incident of behavior.

Within three school days of the formal removal, the CBC or appropriate administrator shall schedule a conference with the student's parent, the student, the teacher who removed the student from class, and any other appropriate administrator.

At the conference, the CBC or appropriate administrator shall inform the student of the alleged misconduct and the proposed consequences. The student shall have an opportunity to respond to the allegations.

When a student is removed from the regular classroom by a teacher and a conference is pending, the CBC or other administrator may place the student in:

- Another appropriate classroom.
- ISS.
- Out-of-school suspension.
- DAEP.

A teacher or administrator must remove a student from class if the student engages in behavior that under the [Education Code](#) requires or permits the student to be placed in a DAEP or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP or expulsion shall be followed.

Removal from the Regular Educational Setting

Returning a Student to the Classroom

A student who has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, or aggravated sexual assault may not be returned to the teacher's class without the teacher's written consent.

A student who has been formally removed by a teacher for any other conduct may not be returned to the teacher's class without the teacher's written consent unless the placement review committee determines that the teacher's class is the best or only alternative, and not later than the third class day after the day the student was removed from class, a conference in which the teacher was provided an opportunity to participate has been held. The student may not be returned to the teacher's class unless the teacher provides written consent for the student's return or a return to class plan has been prepared for that student.

Appeals of Formal Teacher Removals

A student may appeal the teacher's removal of the student from class to the school's placement review committee or the campus's threat assessment and safe and supportive school team, in accordance with a district policy providing for such an appeal to be made to this team.

Revoking of Transfers

The District has the right to revoke the transfer of a student for violating the District's Code of Conduct and/or District Policy and guidelines pertaining to transfers.

Student Publications

All publications edited, printed, or distributed in the name of or within one of the District's schools shall be under the control of the school administration and the School Board pursuant to Board Policy FMA (LOCAL).

In-School Suspension

In-School Suspension

Misconduct

Students may be removed from the regular classroom and assigned to In-School-Suspension for any behavior listed in this Code of Conduct as a General Conduct Violation.

An in-school suspension is not subject to any time limit.

A school's principal or other appropriate administrator shall review the in-school suspension of a student at least once every 10 school days after the date of the suspension begins to evaluate the educational progress of the student and to determine if continued in-school suspension is appropriate.

During in-school suspension, a student shall receive appropriate behavioral support services and comparable educational services as the student would receive in the classroom. If the student receives special education services, the student must continue to receive special education and related services specified in the student's individualized education program (IEP) and continue to have an opportunity to progress in the general curriculum.

Process

A special area in each school may be designated as the In-School Suspension (ISS) room and supervised by a teacher, administrator, or other designated staff member. In this setting, the student receives, to the extent possible, assignments/instruction in each course with little or no opportunities for social interaction with peers. The intent of this disciplinary action is to deter student misbehavior, and reduce incidences of school disruption, while providing students the best educational opportunities possible. The length of time for this action will be determined by the nature of the discipline problem and the cooperation of the student and his/her parents or guardians.

Although the length of assignment to In-School-Suspension is unlimited, no student should accumulate more than 30 days of placement in ISS during the school year.

Before being suspended, a student shall have an informal conference with the CBC or appropriate administrator, who shall inform the student of the alleged misconduct and give the student an opportunity to respond to the allegation before the administrator makes a decision.

The CBC shall determine the number of days of a student's suspension.

In deciding whether to order in-school suspension, the CBC shall take into consideration:

1. Self-defense [see Glossary];
2. Intent or lack of intent at the time the student engaged in the conduct;
3. The student's disciplinary history;
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct;
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care); or

In-School Suspension

6. A student's status as homeless.

The appropriate administrator shall determine any restrictions on participation in school-sponsored or school-related extracurricular and cocurricular activities.

Out-of-School Suspension

Out-of-School Suspension

Misconduct

Students may be suspended for behavior listed in the Code of Conduct as a general conduct violation, DAEP offense, or expellable offense.

The district shall not use out-of-school suspension for students below grade 3 unless the conduct meets the requirements established in law.

A student below grade 3 or a student who is homeless shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in [Penal Code sections 46.02 or 46.05](#);
- Conduct that threatens the immediate health and safety of other students in the classroom;
- Documented conduct that results in repeated or significant disruption to the classroom; or
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

The district shall use a positive behavior program as a disciplinary alternative for students below grade 3 who commit general conduct violations instead of suspension or placement in a DAEP. The program shall meet the requirements of law.

Process

State law allows a student to be assigned to out-of-school suspension for no more than three school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year.

Before being suspended a student shall have an informal conference with the CBC or appropriate administrator, who shall inform the student of the alleged misconduct and give the student an opportunity to respond to the allegation before the administrator makes a decision.

The CBC shall determine the number of days of a student's suspension, not to exceed three school days.

In deciding whether to order out-of-school suspension, the CBC shall take into consideration:

1. Self-defense [see Glossary];
2. Intent or lack of intent at the time the student engaged in the conduct;
3. The student's disciplinary history;
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct;
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care); or

Out-of-School Suspension

6. A student's status as homeless.

The appropriate administrator shall determine any restrictions on participation in school-sponsored or school-related extracurricular and cocurricular activities.

Alternative Assignment

A parent or person standing in parental relation to the student may submit a written request to the principal or other appropriate administrator to reassign a student placed in out-of-school suspension. The parent or person standing in parental relation to the student must provide information and documentation that they are unable to provide suitable supervision for the student during school hours during the period of the suspension. It is the sole discretion of the principal or other appropriate administrator to reassign the student placed in out-of-school suspension.

Coursework During Suspension

The district shall ensure a student receives access to coursework for foundation curriculum courses while the student is placed in in-school or out-of-school suspension, including at least one method of receiving this coursework that doesn't require the use of the internet.

A student removed from the regular classroom to ISS or another setting, other than a DAEP, will have an opportunity before the beginning of the next school year to complete each course the student was enrolled in at the time of removal. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district.

Disciplinary Alternative Education Program (DAEP) Placement

Disciplinary Alternative Education Program (DAEP) Placement

The DAEP shall be provided in a setting other than the student's regular classroom. An elementary school student may not be placed in a DAEP with a student who is not an elementary school student.

For purposes of DAEP, elementary classification shall be kindergarten-grade 5 and secondary classification shall be grades 6-12.

Summer programs provided by the district shall serve students assigned to a DAEP in conjunction with other students.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the CBC shall take into consideration:

1. Self-defense [see Glossary];
2. Intent or lack of intent at the time the student engaged in the conduct;
3. The student's disciplinary history;
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct;
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care); or
6. A student's status as homeless.

See First-Time Offense of Possession or Use of Nicotine Delivery Product or E-Cigarette for additional information.

In accordance with state law, a student **may** be placed in a DAEP if the superintendent or the superintendent's designee has reasonable belief [see Glossary] that the student engaged in conduct punishable as a felony that occurs off school property and not at a school-sponsored or school-related event, if the student's presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process. Aggravated robbery or felonies listed as offenses in Title 5 [see Glossary] of the Penal Code are punishable as mandatory expulsions.

The CBC **may** place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.

Removals to a DAEP shall be made by the CBC.

Conference

When a student is removed from class for a DAEP offense, the CBC or appropriate administrator shall schedule a conference within three school days with the student's parent, the student, and, in the case of a teacher removal, the teacher.

At the conference, the CBC or appropriate administrator shall provide the student:

- Information, orally or in writing, of the reasons for the removal;
- An explanation of the basis for the removal; and
- An opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the district may hold the conference and make a placement decision regardless of whether the student or the student's parents attend the conference.

Consideration of Mitigating Factors

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the CBC shall take into consideration:

1. Self-defense [see **Glossary**];
2. Intent or lack of intent at the time the student engaged in the conduct;
3. The student's disciplinary history;
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct;
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care); or
6. A student's status as homeless.

Placement Order

After the conference, if the student is placed in a DAEP, the CBC shall write a placement order. A copy of the DAEP placement order and information for the parent or person standing in parental relation to the student regarding the process for requesting a full individual and initial evaluation of the student for purposes of special education services shall be sent to the student and the student's parent.

Not later than the second business day after the conference, the board's designee shall deliver to the juvenile court a copy of the placement order and all information required by [Section 52.04 of the Family Code](#).

Disciplinary Alternative Education Program (DAEP) Placement

If the student is placed in a DAEP and the length of placement is inconsistent with the guidelines included in this Code of Conduct, the placement order shall give notice of the inconsistency.

DAEP at Capacity

If a DAEP is at capacity at the time the CBC is deciding placement for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical, the student shall be placed in ISS then transferred to a DAEP for the remainder of the period if space becomes available before the expiration of the period of the placement.

If a DAEP is at capacity at the time the CBC is deciding placement for a student who engaged in violent conduct, a student placed in a DAEP for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical may be placed in ISS to make a position in the DAEP available for the student who engaged in violent conduct. If a position becomes available in a DAEP before the expiration of the period of the placement for the student removed, the student shall be returned to a DAEP for the remainder of the period.

Coursework Notice

The parent or guardian of a student placed in DAEP shall be given written notice of the student's opportunity to complete, at no cost to the student, a foundation curriculum course in which the student was enrolled at the time of removal, and which is required for graduation. The notice shall include information regarding all methods available for completing the coursework.

Length of Placement

The CBC shall determine the duration of a student's placement in a DAEP.

The duration of a student's placement shall be determined case by case based on the seriousness of the offense, the student's age and grade level, the frequency of misconduct, the student's attitude, and statutory requirements.

The maximum period of DAEP placement shall be one calendar year, except as provided below.

Unless otherwise specified in the placement order, days absent from a DAEP shall not count toward fulfilling the total number of days required in a student's DAEP placement order.

The district shall administer the required pre- and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established district administrative procedures for administering other diagnostic or benchmark assessments.

Exceeds One Year

Placement in a DAEP may exceed one year when a review by the district determines that the student is a threat to the safety of other students or to district employees.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board's decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

Exceeds School Year

Students who are in a DAEP placement at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

Disciplinary Alternative Education Program (DAEP) Placement

For placement in a DAEP to extend beyond the end of the school year, the CBC or the board's designee must determine that:

1. The student's presence in the regular classroom or campus presents a danger of physical harm to the student or others; or
2. The student has engaged in serious or persistent misbehavior [see Glossary] that violates the district's Code of Conduct.

Exceeds 60 Days

For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student's parent shall be given notice and the opportunity to participate in a proceeding before the board or the board's designee.

Appeals

Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student's placement in a DAEP should be addressed in accordance with policy FNG(LOCAL). A copy of this policy may be obtained from the central administration office or online at <http://pol.tasb.org/home/index/367>

Appeals shall begin at ***Level 1 with the principal***. **The district shall not delay disciplinary consequences pending the outcome of an appeal.** The decision to place a student in a DAEP cannot be appealed beyond the board.

Restrictions During Placement

State law prohibits a student placed in a DAEP for reasons specified in state law from attending or participating in school-sponsored or school-related extracurricular activities.

The district shall provide transportation to students in a DAEP.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the last day of placement in the program shall be the last instructional day, and the student shall be allowed to participate in the graduation ceremony and related graduation activities unless otherwise specified in the DAEP placement order.

Placement Review

A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the CBC or the board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent except under the circumstances described on page 24, Returning a Student to the Classroom.

Disciplinary Alternative Education Program (DAEP) Placement

Additional Misconduct

If during the term of placement in a DAEP the student engages in additional misconduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the CBC may enter an additional disciplinary order as a result of those proceedings.

Notice of Criminal Proceedings

When a student is placed in a DAEP for certain offenses, the office of the prosecuting attorney shall notify the district if:

1. Prosecution of a student's case was refused for lack of prosecutorial merit or insufficient evidence, and no formal proceedings, deferred adjudication [see Glossary], or deferred prosecution will be initiated; or
2. The court or jury found a student not guilty or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee shall review the student's placement and schedule a review with the student's parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student's parent, the superintendent or designee may continue the student's placement if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student's parent may appeal the superintendent's decision to the board. **The student may not be returned to the regular classroom pending the appeal.** In the case of an appeal, the board shall, at the next scheduled meeting, review the notice from the prosecutor and receive information from the student, the student's parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board shall make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student's parent may appeal to the Commissioner of Education. **The student may not be returned to the regular classroom pending the appeal.**

Withdrawal During Process

When a student violates the district's Code of Conduct in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the district before a placement order is completed, the CBC may complete the proceedings and issue a placement order. If the student then re-enrolls in the district during the same or a subsequent school year, the district may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another district. If the CBC or the board fails to issue a placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a placement order.

Disciplinary Alternative Education Program (DAEP) Placement

Newly Enrolled Students

The district shall decide on a case-by-case basis whether to continue the placement of a student who enrolls in the district and was assigned to a DAEP in an open-enrollment charter school or another district including a district in another state. The district may place the student in the district's DAEP or a regular classroom setting.

When a student enrolls in the district with a DAEP placement from a district in another state, the district has the right to place the student in DAEP to the same extent as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving district.

State law requires the district to reduce a placement imposed by a district in another state that exceeds one year so that the total placement does not exceed one year. After a review, however, the placement may be extended beyond a year if the district determines that the student is a threat to the safety of other students or employees, or if the extended placement is in the best interest of the student.

Emergency Placement Procedure

When an emergency placement is necessary because the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with classroom or school operations, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

Transition Services

In accordance with law and district procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP. [See policy FOCA(LEGAL) for more information.]

Placement and/or Expulsion for Certain Offenses

Placement and/or Expulsion for Certain Offenses

This section includes two categories of offenses for which the [Education Code](#) provides unique procedures and specific consequences.

Registered Sex Offenders

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the district must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the student shall be placed in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the student may be placed in DAEP or JJAEP for one semester or placed in a regular classroom. The student may not be placed in the regular classroom if the board or its designee determines that the student's presence:

1. Threatens the safety of other students or teachers;
2. Will be detrimental to the educational process; or
3. Is not in the best interests of the district's students.

Review Committee

At the end of the first semester of a student's placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the district shall convene a committee, in accordance with state law, to review the student's placement. The committee shall recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the board or its designee must follow the committee's recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

Newly Enrolled Students

If a student enrolls in the district during a mandatory placement as a registered sex offender, the district may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

Appeal

A student or the student's parent may appeal the placement by requesting a conference between the board or its designee, the student, and the student's parent. The conference is limited to the factual question of whether the student is required to register as a sex offender. Any decision of the board or its designee under this section is final and may not be appealed.

Expulsion

In deciding whether to order expulsion, regardless of whether the action is mandatory or discretionary, the CBC shall take into consideration:

1. Self-defense [see b];
2. Intent or lack of intent at the time the student engaged in the conduct;
3. The student's disciplinary history;
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct;
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care); or
6. A student's status as homeless.

Discretionary Expulsion: Misconduct That May Result in Expulsion

Some of the following types of misconduct may result in mandatory placement in a DAEP, whether or not a student is expelled. [see Disciplinary Alternative Education Program (DAEP) Placement]

Any Location

A student **may** be expelled for:

- Engaging in bullying that encourages a student to die by suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or of a student who is 18 years of age or older without the student's consent.
- Criminal mischief, if punishable as a felony. Breach of computer security. [see Glossary]
- Engaging in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school.

At School, Within 300 Feet, or at a School Event

A student **may** be expelled for committing any of the following offenses on or within 300 feet of school property, as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:

- Selling, giving, or delivering to another person, or possessing, using, or being under the influence of any amount of marijuana, a controlled substance, or a dangerous drug, unless the conduct is punishable as a felony. A student with a valid prescription for low-THC cannabis as authorized by [Chapter 487 of the Health and Safety Code](#) does not violate this provision. [See Glossary for "under the influence."]
- Selling, giving, or delivering to another person, or possessing, using, or being under the influence of alcohol; or committing a serious act or offense while under the influence of alcohol.

Expulsion

- Engaging in conduct that contains the elements of an offense relating to abusable volatile chemicals.
- Engaging in deadly conduct. [see **Glossary**]

Within 300 Feet of School

A student may be expelled for possession of a firearm, as defined by federal law, while within 300 feet of school property, as measured from any point on the school's real property boundary line.

Property of Another District

A student **may** be expelled for committing any offense that is a state-mandated expellable offense if the offense is committed on the property of another district in Texas or while the student is attending a school-sponsored or school-related activity of a school in another district in Texas.

While in a DAEP

A student may be expelled for engaging in documented serious misbehavior that violates the district's Code of Conduct, despite documented behavioral interventions while placed in a DAEP. For purposes of discretionary expulsion from a DAEP, serious misbehavior means:

1. Deliberate violent behavior that poses a direct threat to the health or safety of others;
2. Extortion, meaning the gaining of money or other property by force or threat;
3. Conduct that constitutes coercion, as defined by [Penal Code 1.07](#); or
4. Conduct that constitutes the offense of:
 - a. Public lewdness under [Penal Code 21.07](#);
 - b. Indecent exposure under [Penal Code 21.08](#);
 - c. Criminal mischief under [Penal Code 28.03](#);
 - d. Hazing under [Education Code 37.152](#); or
 - e. Harassment under [Penal Code 42.07\(a\)\(1\)](#) of a student or district employee.

Mandatory Expulsion: Misconduct That Requires Expulsion

A student **must** be expelled under federal or state law for any of the following offenses that occur on or off school property.

Under Federal Law

Bringing to school or possessing at school, including any setting that is under the district's control or supervision for the purpose of a school activity, a firearm, as defined by federal law. [see **Glossary**]

Note: Mandatory expulsion under the [federal Gun Free Schools Act](#) does not apply to a firearm that is lawfully stored inside a locked vehicle or to firearms used in activities approved and authorized by the district when the district has adopted appropriate safeguards to ensure student safety.

Expulsion

Under the Penal Code

- Unlawfully carrying on or about the student's person the following, in the manner prohibited by [Penal Code 46.02](#):
 - A handgun, defined by state law as any firearm designed, made, or adapted to be used with one hand. [see Glossary] Note: A student may not be expelled solely on the basis of the student's use, exhibition, or possession of a firearm that occurs at an approved target range facility that is not located on a school campus; while participating in or preparing for a school-sponsored, shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Parks and Wildlife Department; or a shooting sports sanctioning organization working with the department. [See policy FNCG(LEGAL).]
- A location-restricted knife, as defined by state law. [see Glossary]
- Possessing, manufacturing, transporting, repairing, or selling a prohibited weapon, as defined in state law. [see Glossary]
- Engages in conduct that contains the elements of the offense of exhibiting, using, or threatening to exhibit or use a firearm under Education Code 37.125.
- Behaving in a manner that contains elements of the following offenses under the Penal Code:
 - Aggravated assault, sexual assault, or aggravated sexual assault.
 - Arson. [see Glossary]
 - Murder, capital murder, or criminal attempt to commit murder or capital murder.
 - Indecency with a child.
 - Kidnapping or aggravated kidnapping.
 - Burglary, robbery or aggravated robbery.
 - Manslaughter.
 - Criminally negligent homicide.
 - Continuous sexual abuse of a young child or disabled individual.
 - Behavior punishable as a felony that involves selling, giving, or delivering to another person or possessing, using, or being under the influence of a controlled substance or a dangerous drug.
 - Engaging in conduct that contains elements of assault against a school employee or volunteer.

Under Age 10

When a student under the age of 10 engages in behavior that is expellable behavior, the student shall not be expelled but shall be placed in a DAEP. A student under age six shall not be placed in a DAEP unless the student commits a federal firearm offense.

Virtual Expulsion Program

In some circumstances, a student may be placed in a virtual expulsion program.

- The school must ensure students in the program have the necessary technology and internet and must provide it if needed.
- The virtual program must, as much as possible, meet the same requirements as an in-person disciplinary alternative education program (DAEP).
- The student's placement must be reviewed every 45 school days.
- If an in-person spot becomes available, the school should plan the student's return to in-person learning.
- If continued virtual placement is appropriate, the school must document the decision.

Consideration of Virtual Education as Alternative to Expulsion

Before a school district may expel a student, the district must consider the appropriateness and feasibility of, as an alternative to expulsion, enrolling the student in a full-time hybrid program, full-time virtual program, full-time hybrid campus, or full-time virtual campus. This requirement does not apply to a student expelled under [Education Code 37.0081 or 37.007\(a\), \(d\), or\(e\)](#).

Process

If a student is believed to have committed an expellable offense, the CBC or other appropriate administrator shall schedule a hearing within a reasonable time. The student's parent shall be invited in writing to attend the hearing.

Until a hearing can be held, the CBC or other administrator may place the student in:

- Another appropriate classroom.
- ISS.
- Out-of-school suspension.
- DAEP.

Hearing

A student facing expulsion shall be given a hearing with appropriate due process. The student is entitled to:

1. Representation by the student's parent or another adult who can provide guidance to the student and who is not an employee of the district;
2. An opportunity to testify and to present evidence and witnesses in the student's defense; and
3. An opportunity to question the witnesses called by the district at the hearing.

After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student's parent attends.

Expulsion

The board of trustees' delegates to the campus principal authority to conduct hearings and expel students.

Board Review of Expulsion

After the due process hearing, the expelled student may request that the board review the expulsion decisions. The student or parent must submit a written request to the superintendent within seven days after receipt of the written decision. The superintendent must provide the student or parent written notice of the date, time, and place of the meeting at which the board will review the decision.

The board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board's designee.

The board shall consider and base its decision on evidence reflected in the record and any statements made by the parties at the review. The board shall make and communicate its decision orally at the conclusion of the presentation. **Consequences shall not be deferred pending the outcome of the hearing.**

Expulsion Order

Before ordering the expulsion, the board or CBC shall take into consideration:

1. Self-defense [see **Glossary**];
2. Intent or lack of intent at the time the student engaged in the conduct;
3. The student's disciplinary history;
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct;
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care); or
6. A student's status as homeless.

If the student is expelled, the board or its designee shall deliver to the student and the student's parent a copy of the order expelling the student.

Not later than the second business day after the hearing, the *Principal of the Student Reassignment Center* shall deliver to the juvenile court a copy of the expulsion order and the information required by [Section 52.04 of the Family Code](#).

If the length of the expulsion is inconsistent with the guidelines included in the Code of Conduct, the expulsion order shall give notice of the inconsistency.

Length of Expulsion

The length of an expulsion shall be based on the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, and statutory requirements.

The duration of a student's expulsion shall be determined on a case-by-case basis. The maximum period of expulsion is one calendar year, except as provided below.

Expulsion

An expulsion may not exceed one year unless, after review, the district determines that:

1. The student is a threat to the safety of other students or to district employees; or
2. Extended expulsion is in the best interest of the student.

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent may modify the length of the expulsion on a case-by-case basis.

Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

Withdrawal During Process

When a student's conduct requires or permits expulsion from the district and the student withdraws from the district before the expulsion hearing takes place, the district may conduct the hearing after sending written notice to the parent and student.

If the student then re-enrolls in the district during the same or subsequent school year, the district may enforce the expulsion order at that time, less any expulsion period that has been served by the student during enrollment in another district.

If the CBC or the board fails to issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings.

Additional Misconduct

If during the expulsion, the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the CBC or the board may issue an additional disciplinary order as a result of those proceedings.

Restrictions During Expulsion

Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion.

No district academic credit shall be earned for work missed during the period of expulsion unless the student is enrolled in a JJAEP or another district-approved program.

Newly Enrolled Students

The district shall decide on a case-by-case basis the placement of a student who is subject to an expulsion order from another district or an open-enrollment charter school upon enrollment in the district.

If a student expelled in another state enrolls in the district, the district may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP for the period specified in the order, or may allow the student to attend regular classes if:

1. The out-of-state district provides the district with a copy of the expulsion order; and
2. The offense resulting in the expulsion is also an expellable offense in the district in which the student is enrolling.

Expulsion

If a student is expelled by a district in another state for a period that exceeds one year and the district continues the expulsion or places the student in a DAEP, the district shall reduce the period of the expulsion or DAEP placement so that the entire period does not exceed one year, unless after a review it is determined that:

1. The student is a threat to the safety of other students or district employees; or
2. Extended placement is in the best interest of the student.

Emergency Expulsion Procedures

When an emergency expulsion is necessary to protect persons or property from imminent harm, the student shall be given verbal notice of the reason for the action. Emergency expulsion may be ordered based on a single incident of behavior by the student. Within 10 days after the date of the emergency expulsion, the student shall be given appropriate due process required for a student facing expulsion.

DAEP Placement of Expelled Students

The district may provide educational services to any expelled student in a DAEP; however, educational services in the DAEP must be provided if the student is less than 10 years of age.

Transition Services

In accordance with law and district procedures, campus staff shall provide transition services for a student returning to the regular classroom from placement in an alternative education program, including a DAEP or JJAEP. See policies FOCA(LEGAL) and FODA(LEGAL) for more information.

Certain Felonies

Regardless of whether DAEP placement or expulsion is required or permitted by one of the reasons in the DAEP Placement or Expulsion sections, in accordance with [Education Code 37.0081](#), a student may be expelled and placed in either DAEP or JJAEP if the board or CBC makes certain findings and the following circumstances exist in relation to aggravated robbery or a felony offense under Title 5 [see Glossary] of the Penal Code. The student must have:

- Received deferred prosecution for conduct defined as aggravated robbery or a [Title 5 felony](#) offense;
- Been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a [Title 5 felony](#) offense;
- Been charged with engaging in conduct defined as aggravated robbery or a [Title 5 felony](#) offense;
- Been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a [Title 5 felony](#) offense; or
- Received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.

The district may expel the student and order placement under these circumstances regardless of:

1. The date on which the student's conduct occurred;

Expulsion

2. The location at which the conduct occurred;
3. Whether the conduct occurred while the student was enrolled in the district; or
4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

Hearing and Required Findings

The student must first have a hearing before the board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student's presence in the regular classroom:

1. Threatens the safety of other students or teachers;
2. Will be detrimental to the educational process; or
3. Is not in the best interest of the district's students.

Any decision of the board or the board's designee under this section is final and may not be appealed.

Length of Placement

The student is subject to the placement until:

1. The student graduates from high school;
2. The charges are dismissed or reduced to a misdemeanor offense; or
3. The student completes the term of the placement or is assigned to another program.

Placement Review

A student placed in a DAEP or JJAEP under this section is entitled to a review of his or her status, including academic status, by the CBC or board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall have the opportunity to present arguments for the student's return to the regular classroom or campus.

Newly Enrolled Students

A student who enrolls in the district before completing a placement under this section from another school district must complete the term of the placement.
