

Emmett Middle School
Board Report
May 2026

Ashley Meharry took 2nd Place at Districts with her incredible History Day project and competed at the state competition! 🏆 We are beyond proud of the hard work, research, and passion she poured into this project. Ashley, thank you for achieving excellence and representing EMS so well. You make us look good!

Our track and field team, as well as tennis team, are wrapping up their spring seasons. We had a strong showing at our district track meet. Congratulations to the coaching staff and athletes on an excellent season.

Our After School Program recently teamed up with GEAR UP to take our students on an incredible "Career Tour" around town, and we wanted to give a massive shout-out to the local legends who opened their doors to us.
